Dear President Parnell:

The Committee on Substantive Change of the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges met March 6, 2014 to review the Substantive Change Proposal from Norco College to offer its Digital Electronics certificate program at the International Rectifier Corporation.

The Committee acted to approve the request and commends the College on preparing an excellent proposal for review.

On behalf of the Commission, I wish to express continuing interest in the institution's educational programs and services. It remains the College's responsibility to inform the Commission of any program change. Professional self-regulation is the most effective means of assuring integrity, effectiveness and educational quality.

Sincerely,

Susan B. Clifford, Ed.D.
