C. Discussion items:

1. DE Emergency MOU: Dr. Lee went over the DE Emergency MOU with the committee and answered questions. Discussed about submitting a request for a planned DE Addendum to be active now until the end of the term for all courses. Once it is approved, we can offer it. There is a staged approach in case we have to close the college. Goal is to maintain continuity of class instruction and have all faculty trained in Canvas. Questions about labs. The top priority is the health and safety of the students and college employees. No student progress will be harmed. Will be offering services to our students (A&R, Counseling, etc.). We don't want to cause alarm, but we need to put out a message to everyone on our plan.

2. New PCAH 7th Edition – N. Brown. Nicole announced there is a new 7th edition of the PCAH in the last meeting and provided hardcopies to be given to the curriculum committee members. Please remember that there were numerous revisions to the PCAH that faculty need to be made aware of such as course sequencing listed in the Program Requirements section of the Program Narrative. ALL Apprenticeship Proposals require additional supporting documentation including a California Division of Apprenticeship Standards (DAS) approval letter. Without it, the course will be rejected from the state. Please look over the PCAH 7th edition to make sure you are providing all the elements required by the state; otherwise, it will be rejected and delayed.

3. ESL name change to ACE. ESL changed their mind and will not change. Do we want to bring it back? B. Johnson checked and it wasn't sent to the Board of Trustee for approval.

***HOLD. Not sure if this is a Norco class. B. Johnson will look into it and report back.**
Tech Review suggested to remove advisory qualification for ENG-1A. All POL.SCI courses have it and take it off the COR? Is Ed. Services going to do it? Dept reps are asked to have their discipline check their courses to see which have it and take it off their COR. Can this affect transferability of we take a prereq off? Nick Franco will look into it for the MAT-52.

Statement of Purpose

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve the curriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
