Dear President Parnell:

The Accreditation Liaison Officer at Norco College has brought to the attention of the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (ACCJC) that the College will be offering two new Associate of Science Degrees: Mobile Applications Development and Game Programming. The information provided demonstrates that the curriculum is already being offered by the College, and the computer infrastructure and faculty needed to support the curriculum are already being utilized on campus as well.

Based on the information provided, these degrees will not require a substantive change review by the Commission.

Thank you for the communication to the ACCJC and please let us know if there are any changes in the information provided. It remains the College's responsibility to inform the Commission of any program change. Professional self-regulation is the most effective means of assuring educational quality, integrity and institutional effectiveness.

Sincerely,
