

Norco Academic Senate Resolution F 0109 16 Unit Maximum

Mover: Bob Prior

First Reading: November 16, 2009

Second: Carol Farrar

Second Reading: December 7, 2009

Passed: December 7, 2009

Whereas, Recent challenging financial times resulting in budget cutbacks, the RCC Norco campus has trimmed many sections from its 2009-2010 schedule, and

Whereas, Student demand for classes is higher now than at any time during the history of the Norco campus, and

Whereas, Students with low priority registration times have reduced opportunity to sign up for classes before the first day of the semester, and

Whereas, A student wishing to enroll in more than 18 units in any one semester must first get approval from a campus counselor, and

Whereas, Students seeking to take more than 18 units take a counselor's time away from seeing other students,

Be it resolved that, The following changes in registration/enrollment policy be put into effect:

1. No student may register for more than 16 units before the first day of the semester in question, and
2. Beginning the first day of the semester, any student may enroll in as many as 18 units for that semester without the need to see a campus counselor, and
3. Beginning the first day of the semester, any student wishing to enroll in more than 18 units for that semester must see a campus counselor for approval and

Be it further resolved that, This policy will be revisited each semester, in a timely manner, for when the budget is such that more sections can be added to the schedule.
