C. Discussion items:

a. March 24th Curriculum Committee meeting was canceled due to the COVID-19 shutdown of all academic institutions. Remainder of committee meetings will be taken place via ZOOM online meeting format. Nicole will be emailing out meeting announcements to NOR-ALL.

b. WEL-200. Never received board approval and it was in the 19/20 catalog but it was removed out of the 20/21 catalog. Is it appropriate to just have a work experience class for this discipline but no other courses? If yes, then we need to get it approved by the board. Rex Beck will look into it to see if this discipline would fall into his department and if they want to keep it.

c. Curriculum Chair Election: Brian Johnson's term ends this semester and announced that he will do another two-year term if voted in. We will announce who will be running for election on the May 12th meeting and then have the vote on the May 26th meeting.

d. ESL name change to ACE. ESL changed their mind and will not change. Do we want to bring it back? Brian Johnson checked and it wasn't sent to the Board of Trustee for approval. Brian will vote it down at District Curriculum level to stop it.

e. Emergency Distance Education. The state is asking that all course being taught online for SUM/FAL 2020 for emergency purposes be approved by the curriculum committee by Dec 2020. The tech review committee is creating an emergency DE form for this purpose. Each discipline will fill out this form (one form for a batch of courses) which will include all the courses they decide is appropriate for online instruction under emergency situations only. This will not take the place of our current DE approval process.

Statement of Purpose

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve the curriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
