Advanced Manufacturing

INDUSTRY PANEL

Are you thinking about a career in advanced manufacturing?

All are invited to learn more about this growing industry. Companies throughout San Bernardino and Riverside counties are expanding their facilities and are in need of a qualified workforce. Learn more about these companies and what it’s like to work in their facilities. The panel discussion will consist of industry experts followed by a Q & A session.

“The first rule of any technology used in a business is that automation applied to an efficient operation will magnify the efficiency…”

– Bill Gates
