

## DATA ON INCOMING AND ENROLLED STUDENTS

In order to clarify the following tables and charts, a definition of terms is necessary. Below is a list of tables/charts and/or terms in the order they are presented on the following pages with short definitions:

- **Incoming Students' Placement Into English, Reading, Math & ESL:** all new fall semester students who took the ESL, English, and/or math placement test within the six months prior to the beginning of the fall term
- **Educational Goal:** the goal selected by the student when completing the application to the District. Students are not allowed to select "Undecided" as their goal.
- **Annual Headcount:** unduplicated number of students enrolled at any time within the summer through spring terms of an academic year.
- **Part-Time/Full-Time Unit Load:** full-time load is considered 12 units or above; part-time is anything below 12 units.
- **Success Rate:** percent of enrollments receiving a "C" grade or better or a "P" grade in a course with a Pass/No Pass grading system.
- **Retention Rate:** percent of enrollments receiving any valid grade, except a "W" (excludes military withdrawal).
- **Socioeconomic Status:** identified as students who received a Pell grant or BOG waiver A or B.
- **Instructional Method**
  - Lecture: 100% of instruction is delivered face-to-face
  - Hybrid: 50% or less of instruction is delivered online.
  - Online: 100% of instruction is delivered online.
- **Fall-to-Fall Persistence Rate:** the percentage of new students who enroll in fall term, then enroll in the subsequent spring term, and also enroll in the following fall term.
- **Progression Rate:** the percentage of students starting at various levels below transfer and successfully completing the transfer course in the English, reading, math, or ESL pipeline.
- **Completion Rate:** the percentage of new students who show "degree/certificate intent" (successfully complete six units and attempt an English or math course within three years) and who are granted a degree, certificate, and/or transfer to a four-year institution within six years.

Whenever appropriate, tables were provided after charts in order to show the actual numbers that were used to calculate percentages. Trend data only went back three years since Norco College has only been an accredited college since 2010.

## INCOMING STUDENTS' PLACEMENT INTO ENGLISH, READING, MATH & ESL
