Norco College
Technology Committee Meeting
12:50pm-1:50 p.m.
IT 218
September 20, 2018

MINUTES

Present	Absent
Ruth Leal (Co-Chair)	Janet Frewing (Math)
Javy Ahedo (ASNC)	Kim K. Kamerin (AHWL)
Lenny Riley (DOI)	Damon Nance (Co-Chair)
Vanessa Acosta (A&R)	Daniel Lambros (IMC)
Cathy Brotherton (CIS/BEIT)	Daren Koch (Tutorial)
James Finley (CIS/GAM)	
Mitzi Sloniger (COMM)	Guest
	Ricardo Aguilera (TSS)

1.   Call to Order 12:50 p.m.

2.   Consent Calendar- Ruth Leal

   a. April 19, 2018 Minutes E-vote Results. On June 6th the E-Vote request was sent out
       to all members to review and approve the March 15th and April 19th minutes. Mitzi
       Sloniger motioned and James Finley seconded. Approved. One abstention. Attached
       are the minutes.

   b. Lynda.com Recommendation E-vote Results. Lenny Riley prepared the Lynda
       Recommendation based on the Lynda Survey results, which are attached for
       viewing. Lenny motioned and Mitzi Sloniger seconded. Approved. Lynda.com was
       renewed this summer for our students to have free accounts.

3.   Technology Plan – Ruth

   a. Subcommittees Report - Ms. Leal provided an update regarding the subcommittees.

      i. Goal #1 – Technology Training over the summer. On August 2nd at Staff
          Development Day we had a technology training on Office 365 Apps with 34
          staff attending. The subcommittee needs to gather a list of trainings that
          occur even if they are not conducted by the Technology Committee. This is
          important for Accreditation. Lynda.com is renewed and faculty and staff
          continue to use it for technology training.

   b. Technology Annual Survey 2018 – The committee reviewed the surveys for faculty
       and students. On the student survey, the committee commented on open computers
       in LRC and if there were areas for tutorial. The move to receive apportionment has
       students signing in to use the LRC and tutoring. There is possible free printing in

the area. There was a comment on the computer limit for question 9. There were also questions about wifi and the plan to increase wifi access across campus though the group was not sure when. On the faculty survey, there was feedback that the new imaging is better. There was not an update on the troubleshooting help desk. Feedback was there still needs to be more workers. The issues previously brought forward regarding the inventory, work order process, etc. were discussed and the committee agreed to bring these issues forward to the new Vice President of Business Services. A comparison from last year to this year's survey needs to be done and a quick review of the questions for the next survey. These surveys are important as they are used to identify items that need to be addressed and part of prioritization of technology resource allocation.

    c. Accreditation 2020 – The drafty draft was submitted. The committee reviewed the drafty draft and discussed areas where information is still needed, although it was not much as the goal is to keep it short within five pages. Notations still need to be made for the evidence but all technology evidence is located on the Technology Committee webpage.

4. Website & 25 Live – Leonard Riley

    a. Mr. Riley reported that the new website is on Sharepoint 2016. There will be department content managers. The task at hand is that they will need to go through pages to remove documents or information to transport over to the new site for a clean, simple look. Training for content managers is happening now with Denise Hernandez from District Services. District Services is creating the website. Plan is to have it launched before the end of this year.

5. Technology Projects – Dan Lambros

    a. No report.

6. Open Forum

Adjourned: 1:50 p.m.

Next meeting will be October 18, 2018 in IT218

**Recommendation to Renew Norco College's Subscription
to lynda.com through lyndaCampus**
Submitted by the Technology Committee

Background

For the academic year 2014-2015, Norco College purchased a lyndaCampus subscription to provide the entire campus community with 24/7 access to lynda.com, an online technology and business skills training resource used by many other educational institutions and businesses for employee professional development. Prior to the campus-wide subscription, the Business, Engineering, and Information Technology (BEIT) academic department had been the sole subscriber to lynda.com providing access to its department faculty and students through stand-alone licenses and lab kiosks. The college purchased the subscription in response to the college's goals of making technology a priority through training and support for faculty, staff, and students (Technology Plan Goal No. 1), strengthening student learning (Strategic Planning Goal No. 5), and strengthening its commitment to its employees (Strategic Planning Goal No. 7). Since then, lynda.com courses and videos have been used for various purposes such as employee professional development, course supplemental content in various disciplines, and even lab activities for some disciplines in the School of STEM.

Committee Evaluation

During the Spring 2018 semester, the Technology Committee conducted a survey to evaluate user satisfaction for students. Year over year, the results have shown high satisfaction rates on the usefulness, convenience, and quality of the courses in lynda.com with at least over 80% of respondents selecting 4 or 5 on a five-point scale in each question. Additionally, comments described lynda.com as "very helpful" and "vital to my life." One user wrote, "It is the best tool I have ever used. The courses are so helpful. It helped me succeed in my classes. Before I took any computer programming and music classes, I watched a few videos on Lynda. So when I started the classes I already had a good idea of what was going on. Extremely helpful." Results of the survey are shown in Table 1.

Table 1
lynda.com User Satisfaction Survey 2018 (in percentages)

Question	1	2	3	4	5
On a scale of one to five, …					
How useful was it? Did it meet your needs?	9.5	0.0	14.3	14.3	61.9
How convenient was it to use the service?	10.0	5.0	5.0	5.0	75.0
How would you rate the quality of the course(s) you took?	0.0	4.7	9.5	4.7	80.9
How likely are you to use it again?	9.5	0.0	14.2	0.0	76.1

As of May 1, 2018, lynda.com has 3463 active users. The breakdown is:

- Staff: 75 = 2%
- Students: 3274 = 94%
- Full Time Faculty: 51 = 2%
- Part Time Faculty: 59 = 2%

Lynda.com offers many courses in technology software, hardware and business skills. Over 450 courses were viewed by Norco College users such as Microsoft Office (especially Excel), Adobe Photoshop CC 2017/2018 (7 of the top 20 courses were related to Photoshop), SOLIDWORKS, Adobe After Effects, Photography, HTML, animation, AutoCAD, Job Hunting Online, Setting Up Your Small Business as a Legal Entity, ProTools, and more. Based on data from the 2018 Annual Technology Survey, faculty, staff, and students were interested in tutorials on Adobe Creative Cloud (which includes Illustrator, Photoshop, InDesign, DreamWeaver, etc.), Microsoft Office 365, programming, web development, AutoCAD, game development, music industry studies, and more.

The Technology Committee agrees that our subscription to lyndaCampus needs more than one year for the institution to develop a culture of using the application as a resource. Aside from being a technology and business skills resource, the committee sees potential in using lynda.com as an exploration tool where students can take control of their own learning and apply the skills they learned in their classes beyond the classroom. Similarly, Norco College employees can use lynda.com as a reliable lifelong learning resource where they can continuously update their technological proficiency in various applications and learn other skills in the process.

Related Costs

The subscription fee for lyndaCampus is based on college FTE of students. At our current FTE level, the standard price is $25,000 per year. We currently have a quoted price of $22,500 per year for a contract agreement of two years commencing July 1, 2018 and ending June 30, 2019.

Recommendation

With a considerably favorable outlook, the committee recommends that the college fund the annual contract of lynda.com and institutionalizes the resource by providing a recurring budget for the annual renewal cost. Also, with an institutionalized resource, recent legislation (AB 2558) may help the college secure funding for the annual renewal costs. The technology committee will continue to evaluate the effectiveness of the resource as it helps the college fulfill its mission and achieve its goals.

# Q1 Did you watch any videos on Lynda.com since January 1, 2018?

Answered: 67   Skipped: 0
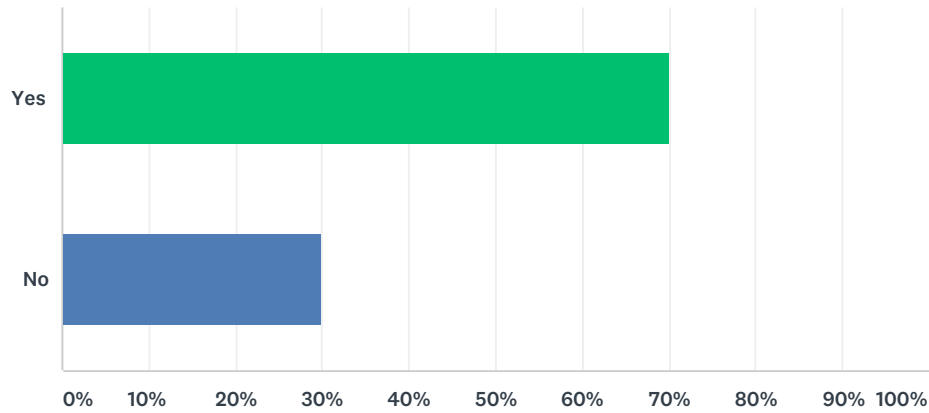

ANSWER CHOICES	RESPONSES	
Yes	70.15%	47
No	29.85%	20

| ANSWER CHOICES	RESPONSES	
Very Dissatisfied	12.50%	8
Dissatisfied	18.75%	12
Satisfied	50.00%	32
Very Satisfied	18.75%	12
TOTAL		64

#	COMMENT	DATE
1	Twice I've had to reboot the computer in order to get it to communicate with the projector.	5/25/2018 1:00 PM
2	The classroom computer resets/cleans out info each time it restarts	5/24/2018 12:33 PM
3	The computer is fine, but I would like to get a Apple computer so that it interfaces more easily with my home computer.	5/20/2018 8:17 PM
4	Others change screen size and home page to personalize it for themselves, and it seems very slow.	5/15/2018 5:29 PM
5	need a new computer this one was manufactured in 2002	5/15/2018 3:07 PM
6	Seriously out of date.	5/15/2018 12:21 PM
7	Computer in HUM 111 is VERY slow to start up if turned off (15ish minutes)	5/15/2018 10:12 AM
8	Booting up classroom computers can take upwards of 15 minutes	5/15/2018 8:50 AM
9	Classroom computers are slow and sometimes crash when trying to play online videos	4/24/2018 10:32 AM
10	need an update though	4/23/2018 3:40 PM

11	Mostly satisfied would be more true. Sometimes the computers do not work in the classrooms (or the projectors) which means lesson plans have to be very adaptable in case something doesn't work.	4/23/2018 11:59 AM
12	My office computer is extremely slow and runs Windows 7	4/23/2018 11:51 AM
13	It is defaulted to English Australian which has many different spellings on words. This makes it hard to trust.	4/12/2018 6:00 PM
14	the computer in the Fitness center is extremely slow. It can take up to 5 minutes to boot it up and use a flash drive.	4/10/2018 12:25 PM
15	Classroom computers and laptop loans are slow/outdated. Classroom computers have way too many wires that can become undone.	4/6/2018 3:51 PM
16	The internet is very slow on my office computer and STEM 201 computer	4/3/2018 6:46 PM
17	Classroom computers need work.	4/2/2018 11:38 AM
18	The CACT Computers were last upgraded about three or four years ago. Software like Solidworksand MAstercam are heavy RAM users, and trying to run heavy graphics on these machines is frustrating when they crash.	3/28/2018 5:55 PM
19	Just received a new computer last year	3/28/2018 5:22 PM
20	The computers in the classrooms are constantly reset between presentation mode and not. I use the projectors in all my classes, but sometimes with powerpoint and sometimes with straight internet resources. It would be great it if were made easier to switch back and forth.	3/28/2018 5:19 PM
21	The PC is old and cannot support the newer technology my job requires	3/28/2018 2:43 PM
22	With the switch to new updates computers, some classrooms are experiencing technical issues especially with sounds when attempting to play audio material.	3/28/2018 2:23 PM
23	My office computer is OK, but the classroom computers are painfully slow. Some are unable to play videos via Amazon, and some computers have tiny speakers that are not adequate for a 50 person classroom.	3/28/2018 2:07 PM

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

Answered: 64   Skipped: 13

ANSWER CHOICES	RESPONSES	
Yes	28.13%	18
No	71.88%	46
TOTAL		64

#	COMMENT	DATE
1	Not generally, but I have had the same problem 2 times.	5/25/2018 1:00 PM
2	There is a problem with this survey, because you are asking me to talk about my office computer and/or classroom computer. They have separate issues. My office computer is a 2011 model and it is dying.	5/24/2018 12:33 PM
3	It's fine, but I need a computer that can access certain Apple programs	5/20/2018 8:17 PM
4	I rarely use it.	5/15/2018 5:29 PM
5	computing services brought in a replacement and it doesn't work. I am without an office computer	5/15/2018 3:07 PM
6	They do have a tendency to be extremely slow/bogged down	5/15/2018 2:02 PM
7	outdated	5/15/2018 12:21 PM
8	Various classroom and workroom computers experience problems or are out of date.	4/24/2018 5:53 AM
9	outdated	4/23/2018 3:40 PM
10	Outdated- Fitness Center and WEQ-W3	4/10/2018 12:25 PM
11	The internet is very slow on my office computer and STEM 201 computer	4/3/2018 6:46 PM
12	Needs to be easier to switch from presentation mode to not.	3/28/2018 5:19 PM
13	Unable to properly use Sharepoint because OS is WIN 7	3/28/2018 3:23 PM
14	See above	3/28/2018 2:43 PM

Q5 How do you store your course documents? (Check all that apply.)

2	At Chaffey college, each classroom has a phone, and faculty can call IT from the classroom, and they come to your class or talk you through the problem.	5/24/2018 12:33 PM
3	I think I used it once, and the problem was fixed, so I don't really have an opinion about needs.	5/15/2018 5:29 PM
4	Norco College needs a more responsive technical support team	5/15/2018 3:07 PM
5	Nothing really, the instructional media staff provides great service!	5/15/2018 9:24 AM
6	When technology is broken, especially for night classes, there is no support.	5/15/2018 8:50 AM
7	Norco college based Information Services not district	4/23/2018 3:40 PM
8	Both sound like good ways to help the situation. Also--I eventually figured it out--it would be helpful to inform part-time faculty where to go/how to get help when the systems are down in the classrooms. Many of the call numbers on the podiums are illegible and it stresses email over calling.	4/23/2018 11:59 AM
9	I fee we need both our own troubeleshooting help desk and more human resources for our IT department.	4/23/2018 11:21 AM
10	No complaints	4/10/2018 12:25 PM
11	Needs way more manpower.	4/6/2018 3:51 PM
12	Evening hours	4/2/2018 11:38 AM
13	More responsive to classroom needs for audiovisual equipment. Upgrades to computers are lovely, but monitors, projectors, and screens need to be upgraded in MANY classrooms.	3/29/2018 12:05 PM
14	on site tech support organizational chart for technical support needs from faculty and staff	3/28/2018 6:59 PM

| 15 | Set up computers in classrooms to easily switch from different modes of display (duplicate, presentation mode, etc.) so there is no need to contact Helpdesk | 3/28/2018 5:19 PM |
| 16 | To avoid the same issues from repeating again even after the computer has been shut down at the end of each day. | 3/28/2018 2:23 PM |

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Answered: 63   Skipped: 14

ANSWER CHOICES	RESPONSES	
Lynda.com tutorials	22.22%	14
Technology Workshop on campus	38.10%	24
Outside workshop/webinar	33.33%	21
None	31.75%	20
Other (please specify)	17.46%	11
Total Respondents: 63

Q15 Any additional comments/questions about technology resources at Norco College?

Answered: 15   Skipped: 62

#	RESPONSES	DATE
1	None	5/25/2018 11:04 PM
2	Don't waste any money on smart boards-- at the colleges that have them, none of the professors use them or like them. A complete waste.	5/24/2018 12:34 PM
3	Norco College needs a technical support team that responds and answers to Norco College not district	5/15/2018 3:09 PM
4	The desktop computers seem to be good for staff, I would like to see the laptop computers for the students upgraded which reside on carts , With access to the Internet.	5/15/2018 2:47 PM
5	The people who work at our help desk are great. But there is not enough help and they have to wear many hats and can not always reply very quickly. This is not their fault and I really hope we add another IT specialist.	5/15/2018 11:37 AM
6	Our technology staff and equipment is awesome!	5/15/2018 9:25 AM
7	You rock as a committee!! Thanks for always seeing if we need more!	4/23/2018 11:22 AM
8	I would really like to see WEQ W-3 and Fitness center updated.	4/10/2018 12:29 PM
9	None, thank you.	4/10/2018 7:07 AM
10	I'm not a faculty member so I'm not sure my answers are relevant, but here you go.	4/4/2018 7:28 PM
11	Outdated printers in offices also need replacing.	4/3/2018 6:47 PM
12	Norco College pretty much does a fine job of attending to my technological needs in the classroom and with work outside the classroom, as well.	3/28/2018 7:40 PM
13	The projectors have terrible color display. I teach art, and show students images of artist's work relating to their projects on a daily basis. The art room projector casts a shade of green over everything, and does not display things bright enough to see all the detail of the image. I think it may be out of focus too.	3/28/2018 5:22 PM
14	Anything that can be done to make the teacher computer stations more user friendly is greatly appreciated. Many are cluttered or oddly positioned making it difficulty to lecture while trying to use the technology.	3/28/2018 3:30 PM
15	Computers AND audio/visual equipment are in need of updates in several classrooms. Here are a few that come to mind: ATEC 119: The sound comes from tiny desktop speakers for a large room of nearly 50 people. The screen is also a bit small for this size room. STEM 125: It has been mentioned on my IOI that this room has a screen that is too small, and the room has a significant echo. STEM 201: The computer is very slow and cannot share to the screens when using Amazon video. WEQ: Slow computers in multiple rooms In general, computers and the internet are very slow in nearly every classroom. I support technology upgrades!!	3/28/2018 2:18 PM

Page 1: Demographics

Q1 Are you full-time or part-time?

Full-time

Page 2: Technology on Campus

Q2 Which statement best describes what type of computer you use?

Have been assigned a College computer for my exclusive use

Q3 How satisfied are you with the performance of the College computer (classroom/office)?

Dissatisfied,
Comment:
My office computer is OK, but the classroom computers are painfully slow. Some are unable to play videos via Amazon, and some computers have tiny speakers that are not adequate for a 50 person classroom.

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

Yes

Q5 How do you store your course documents? (Check all that apply.)

Cloud drive

Q6 Is your classroom equipped with adequate technology to fit your teaching needs?

No

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides?

Yes

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

Teacher website,

E-Mail,

Online , **tutoring**

Text messaging apps,

E-Books or E-Textbooks,

Online study groups via social studying , **sites**

Bring your own device (BYOD) for sharing , **ideas**

Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, OneDrive, Skype. etc.)

Q9 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles, , **etc.)**

Course or Learning Management System (Blackboard, Canvas, etc.)

,

Data software (Microsoft Office 365, Google Docs, , **etc.)**

Net Tutor,

Internet,

Norco College website

Q10 How satisfied are you with the speed/access to the College WiFi network?

Very , **Dissatisfied**
Comment:
Websites and videos can take excessively long to load, and they interrupt the flow of the class discussion.

Q11 Does Norco College provide sufficient technical support?

Insufficient

Q12 What would enhance technical support services?

Need more human resources

Page 3: Technology Training/Support

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Technology Workshop on campus

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Acrobat, Illustrator, Photoshop, InDesign, DreamWeaver, Premiere, etc.)

,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

,

Canvas

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

Computers AND audio/visual equipment are in need of updates in several classrooms. Here are a few that come to mind:

ATEC 119: The sound comes from tiny desktop speakers for a large room of nearly 50 people. The screen is also a bit small for this size room.
STEM 125: It has been mentioned on my IOI that this room has a screen that is too small, and the room has a significant echo.
STEM 201: The computer is very slow and cannot share to the screens when using Amazon video.
WEQ: Slow computers in multiple rooms

In general, computers and the internet are very slow in nearly every classroom.
I support technology upgrades!!

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

The projectors have terrible color display. I teach art, and show students images of artist's work relating to their projects on a daily basis. The art room projector casts a shade of green over everything, and does not display things bright enough to see all the detail of the image. I think it may be out of focus too.

Q1 Are you full-time or part-time? **Part-time**

Page 2: Technology on Campus

Q2 Which statement best describes what type of computer you use? **Share a College computer with other faculty and/or staff**

Q3 How satisfied are you with the performance of the College computer (classroom/office)?

Dissatisfied,
Comment:
The CACT Computers were last upgraded about three or four years ago. Software like Solidworksand MAstercam are heavy RAM users, and trying to run heavy graphics on these machines is frustrating when they crash.

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs? **Yes**

Q5 How do you store your course documents? (Check all that apply.) **External drive/flash drive**

Q6 Is your classroom equipped with adequate technology to fit your teaching needs? **No**

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides? **Yes**

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

Other (please specify):
RAM or better Video cards if the systems can handle it.

Q9 What technology do you use or have used? (Check all that apply.)

Norco College website

Q10 How satisfied are you with the speed/access to the College WiFi network?

Satisfied

Cloud drive,

College computer

Q6 Is your classroom equipped with adequate technology to fit your teaching needs?

No

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides?

Yes

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

Other (please specify):
The laptops for student use in IT 128 are outdated and need to be replaced

Q9 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles, etc.)

Course or Learning Management System (Blackboard, Canvas, etc.)

,

Data software (Microsoft Office 365, Google Docs, etc.)

Internet,

Teacher website,

Norco College website,

Other (please specify):
iNaturalist

Q10 How satisfied are you with the speed/access to the College WiFi network?

Dissatisfied,
Comment:
Very slow

Q11 Does Norco College provide sufficient technical support?

Insufficient

Q12 What would enhance technical support services?

Need a troubleshooting help desk

Page 3: Technology Training/Support

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Outside workshop/webinar

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Canvas

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

Outdated printers in offices also need replacing.

Q1 Are you full-time or part-time?

Full-time

Page 2: Technology on Campus

Q2 Which statement best describes what type of computer you use?

Have been assigned a College computer for my exclusive use

Q3 How satisfied are you with the performance of the College computer (classroom/office)?

Satisfied,
Comment:
My office computer is extremely slow and runs Windows 7

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

Yes

Q5 How do you store your course documents? (Check all that apply.)

Cloud drive,

External drive/flash drive,

College computer

Q6 Is your classroom equipped with adequate technology to fit your teaching needs?

Yes

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides?

No

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

Interactive Whiteboards,

Other (please specify):
The interactive smart board in IT111 doesn't work. I sent a request to helpdesk but never heard back. It's a shame because I know they were very expensive.

Q9 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles, , etc.)

Data software (Microsoft Office 365, Google Docs, , etc.)

Internet,

**Norco College
website**

Q10 How satisfied are you with the speed/access to the College WiFi network?

Dissatisfied,
Comment:
My students and I frequently have a hard time connecting from our phones in the classroom or in my office.

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

Respondent skipped this question

Page 1: Demographics

Q1 Are you full-time or part-time?   **Part-time**

Page 2: Technology on Campus

Q2 Which statement best describes what type of computer you use?

I use my own computer

Q3 How satisfied are you with the performance of the College computer (classroom/office)?

Satisfied,

Comment:
Mostly satisfied would be more true. Sometimes the computers do not work in the classrooms (or the projectors) which means lesson plans have to be very adaptable in case something doesn't work.

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

No

Q5 How do you store your course documents? (Check all that apply.)

External drive/flash drive,

Other (please specify):
I store almost everyting on Blackboard, and in summer I'll be switching to Canvas.

Q6 Is your classroom equipped with adequate technology to fit your teaching needs?

Yes

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides?

Yes

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

E-Mail,

Online   ,
tutoring

E-Books or E-Textbooks

Q9 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles,   ,
etc.)

Course or Learning Management System (Blackboard,
Canvas, etc.)

,

Net Tutor,

Internet,

Norco College
website

Q10 How satisfied are you with the speed/access to the College WiFi network?

Very Satisfied

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

Other (please
specify):
Both sound like good ways to help the situation. Also--I
eventually figured it out--it would be helpful to inform part-
time faculty where to go/how to get help when the systems
are down in the classrooms. Many of the call numbers on the
podiums are illegible and it stresses email over calling.

Page 3: Technology Training/Support

Page 1: Demographics

Q1 Are you full-time or part-time?

Full-time

Page 2: Technology on Campus

Q2 Which statement best describes what type of computer you use?

Have been assigned a College computer for my exclusive use

Q3 How satisfied are you with the performance of the College computer (classroom/office)?

Very Satisfied

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

No

Q5 How do you store your course documents? (Check all that apply.)

Cloud drive,

College computer

Q6 Is your classroom equipped with adequate technology to fit your teaching needs?

No

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides?

Yes

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

Other (please specify):
The technology in the ATEC 2nd-floor classrooms (204, 205, 210, 211) Is woefully inadequate. The podiums have too many wires/cables that can be (are) tripped on and the document camera (typically a Ladibug) is not quality and often inaccessible (especially in 204).

Q9 What technology do you use or have used? (Check all that apply.)

Course or Learning Management System (Blackboard, Canvas, etc.)

,

Internet,

Teacher website,

Norco College website

Q10 How satisfied are you with the speed/access to the College WiFi network?

Satisfied

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

Need more human resources

Q15 Any additional comments/questions about technology resources at Norco College?

The people who work at our help desk are great. But there is not enough help and they have to wear many hats and can not always reply very quickly. This is not their fault and I really hope we add another IT specialist.

Q2 Which statement best describes what type of computer you use?

Have been assigned a College computer for my exclusive use

Q3 How satisfied are you with the performance of the College computer (classroom/office)?

Satisfied

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

No

Q5 How do you store your course documents? (Check all that apply.)

External drive/flash drive,

College computer

Q6 Is your classroom equipped with adequate technology to fit your teaching needs?

Yes

Q7 Do you require more technology than what a general use classroom (non-lab classrooms) provides?

No

Q8 What technology would you like to see implemented in the classroom? (Check all that apply.)

E-Mail,

E-Books or E-Textbooks,

Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, OneDrive, Skype. etc.)

Q9 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles, , etc.)

Course or Learning Management System (Blackboard, Canvas, etc.)

,

Data software (Microsoft Office 365, Google Docs, , etc.)

Internet,

**Norco College
website**

Q10 How satisfied are you with the speed/access to the College WiFi network?

Satisfied,
Comment:
Could be faster, but meets my
needs

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

**Need more human
resources**

Page 3: Technology Training/Support

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

None

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

,

25Live/R25,

Canvas

Q15 Any additional comments/questions about technology resources at Norco College?

Answered: 15   Skipped: 62

| #	RESPONSES	DATE
1	None	5/25/2018 11:04 PM
2	Don't waste any money on smart boards-- at the colleges that have them, none of the professors use them or like them. A complete waste.	5/24/2018 12:34 PM
3	Norco College needs a technical support team that responds and answers to Norco College not district	5/15/2018 3:09 PM
4	The desktop computers seem to be good for staff, I would like to see the laptop computers for the students upgraded which reside on carts , With access to the Internet.	5/15/2018 2:47 PM
5	The people who work at our help desk are great. But there is not enough help and they have to wear many hats and can not always reply very quickly. This is not their fault and I really hope we add another IT specialist.	5/15/2018 11:37 AM
6	Our technology staff and equipment is awesome!	5/15/2018 9:25 AM
7	You rock as a committee!! Thanks for always seeing if we need more!	4/23/2018 11:22 AM
8	I would really like to see WEQ W-3 and Fitness center updated.	4/10/2018 12:29 PM
9	None, thank you.	4/10/2018 7:07 AM
10	I'm not a faculty member so I'm not sure my answers are relevant, but here you go.	4/4/2018 7:28 PM
11	Outdated printers in offices also need replacing.	4/3/2018 6:47 PM
12	Norco College pretty much does a fine job of attending to my technological needs in the classroom and with work outside the classroom, as well.	3/28/2018 7:40 PM
13	The projectors have terrible color display. I teach art, and show students images of artist's work relating to their projects on a daily basis. The art room projector casts a shade of green over everything, and does not display things bright enough to see all the detail of the image. I think it may be out of focus too.	3/28/2018 5:22 PM
14	Anything that can be done to make the teacher computer stations more user friendly is greatly appreciated. Many are cluttered or oddly positioned making it difficulty to lecture while trying to use the technology.	3/28/2018 3:30 PM
15	Computers AND audio/visual equipment are in need of updates in several classrooms. Here are a few that come to mind: ATEC 119: The sound comes from tiny desktop speakers for a large room of nearly 50 people. The screen is also a bit small for this size room. STEM 125: It has been mentioned on my IOI that this room has a screen that is too small, and the room has a significant echo. STEM 201: The computer is very slow and cannot share to the screens when using Amazon video. WEQ: Slow computers in multiple rooms In general, computers and the internet are very slow in nearly every classroom. I support technology upgrades!!	3/28/2018 2:18 PM

1	Getting the technology to be able to transition into electronic timesheets would be great!	5/15/2018 9:17 AM
2	I would like to control of my programs website so that we can update in a timely manner. I was told that managers would have control of their websites, but I have not heard anything about that in a few month.	4/24/2018 5:12 AM
3	We need to get our new website launched!	4/23/2018 1:35 PM
4	Phone system with more options. phones in classrooms	4/23/2018 1:05 PM
5	The current IT staff at Norco do they best they can, but it would be helpful if there were more staff to handle the needs of Norco College. It's embarrassing when I use a conference room or classroom and the technology is not working.	4/23/2018 11:35 AM
6	We need additional technology support staff to help keep up with the growing demand of tech on this campus.	3/29/2018 9:12 AM
7	The biggest problem is the lack of support from Information Technology, which is due to lack of staff.	3/29/2018 8:12 AM
8	The college needs to purchase computers that don't just meet the need of right now they need to have the power to meet tomorrows need also.	3/28/2018 6:56 PM
9	I think it is ridiculous to have to do a Help Desk ticket when someone has input my information incorrectly in colleague.	3/28/2018 3:55 PM
10	Stream line the new employee process. H/R workorders are never processed by IT - Then IT says they didn't put in a separate Network request - Then Network says Oh you have to ask so and so for access - then so and so says Oh H/R didn't put in that request! ARRRRGGGHH!!	3/28/2018 3:43 PM
11	System runs very slow, crashes or freezes at peak times. Need updated technology	3/28/2018 3:39 PM
12	Unfortunately, if training was held on-campus I would not have time to attend due to a heavy workload.	3/28/2018 3:22 PM
13	Hire more permanent full time people.	3/28/2018 2:54 PM
14	The TSS department does an excellent job at providing help to staff, but they are a small group and are overwhelmed with work. They need more help to be able to help faculty and staff in a timely manner.	3/28/2018 2:35 PM
15	None at this time.	3/28/2018 2:33 PM

Q1 What is your work status?

Full-time

Q2 Select your department

Student Services

Page 2: Technology on Campus

Q3 How satisfied are you with your office computer's performance?

Very Dissatisfied,
Comment:
Very slow

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

Yes

Q5 How do you store your work documents? (Check all that apply.)

College computer hard drive,

Server

Q6 Is your workstation equipped with all the technology to meet your professional needs?

No

Q7 What technology would you like to see implemented for your workstation? (Check all that apply.)

Ergonomic technology (Sit/Stand desk, ergonomic keyboard/mouse, ergonomic chair, Keyboard tray/Mouse tray, etc.)

,

Newer computer

Q8 Are the conference rooms equipped with all the technology to meet your meeting needs?

No

Q9 What technology would you like to see implemented in the conference rooms?

A printer/copier

Q10 How satisfied are you with the speed/access to the College WiFi network?

**Very
Dissatisfied**

Page 3: Technology Training/Support

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

Need more human resources

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

None

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Acrobat, Illustrator, Photoshop, InDesign, DreamWeaver, Premiere, etc.)

,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, etc.)

,

UI Web/Colleague

No

Q5 How do you store your work documents? (Check all that apply.)

College computer hard drive,

Server

Q6 Is your workstation equipped with all the technology to meet your professional needs?

No

Q7 What technology would you like to see implemented for your workstation? (Check all that apply.)

Ergonomic technology (Sit/Stand desk, ergonomic keyboard/mouse, ergonomic chair, Keyboard tray/Mouse tray, etc.)

,

Other (please specify):
location of monitor to be correct for my height

Q8 Are the conference rooms equipped with all the technology to meet your meeting needs?

No

Q9 What technology would you like to see implemented in the conference rooms?

Wifi that works

Q10 How satisfied are you with the speed/access to the College WiFi network?

Dissatisfied,
Comment:
Never works for
students

Page 3: Technology Training/Support

Q11 Does Norco College provide sufficient technical support?

Insufficient

Q12 What would enhance technical support services?

Need more human resources

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Lynda.com ,
tutorials

Technology Workshop on campus (i.e., 25Live, Adobe Photoshop, Office 365, etc.)

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Acrobat, Illustrator, Photoshop, InDesign, DreamWeaver, Premiere, etc.)
,
UI Web/Colleague,

Canvas,

Other (please
specify):
Power BI

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

I think it is ridiculous to have to do a Help Desk ticket when someone has input my information incorrectly in colleague.

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

The current IT staff at Norco do they best they can, but it would be helpful if there were more staff to handle the needs of Norco College. It's embarrassing when I use a conference room or classroom and the technology is not working.

Page 1: Demographics

Q1 What is your work status?

Full-time

Q2 Select your department

Student Services

Page 2: Technology on Campus

Q3 How satisfied are you with your office computer's performance?

Satisfied

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

No

Q5 How do you store your work documents? (Check all that apply.)

Cloud drive,

External drive/flash drive,

College computer hard drive,

Server

Q6 Is your workstation equipped with all the technology to meet your professional needs?

No

Q7 What technology would you like to see implemented for your workstation? (Check all that apply.)

Ergonomic technology (Sit/Stand desk, ergonomic keyboard/mouse, ergonomic chair, Keyboard tray/Mouse tray, etc.)

,

Color printer

Q8 Are the conference rooms equipped with all the technology to meet your meeting needs?

No

Q9 What technology would you like to see implemented in the conference rooms?

We need all new computers in the conference room, especially CS 217 and ST 107.

Q10 How satisfied are you with the speed/access to the College WiFi network?

Very Dissatisfied ,
Comment:
The guest wi-fi needs improving.

Page 3: Technology Training/Support

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

Need more human resources

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Technology Workshop on campus (i.e., 25Live, Adobe Photoshop, Office 365, etc.)

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, etc.)

,

25Live/R25,

Canvas

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

We need to get our new website launched!

Q3 How satisfied are you with your office computer's performance?

Satisfied,
Comment:
Satisfied but we still get spam and malware on our computers

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs?

Yes,
Comment:
Yes, but it is slow...not responsive and it freezes

Q5 How do you store your work documents? (Check all that apply.)

External drive/flash drive,

College computer hard drive

Q6 Is your workstation equipped with all the technology to meet your professional needs?

Yes

Q7 What technology would you like to see implemented for your workstation? (Check all that apply.)

Ergonomic technology (Sit/Stand desk, ergonomic keyboard/mouse, ergonomic chair, Keyboard tray/Mouse tray, etc.)

,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

,

Dual monitors

Q8 Are the conference rooms equipped with all the technology to meet your meeting needs?

No

Q9 What technology would you like to see implemented in the conference rooms?

Respondent skipped this question

Q10 How satisfied are you with the speed/access to the College WiFi network?

Comment:
don't use it because its slow

Page 1: Demographics

Q1 What is your work status? — **Full-time**

Q2 Select your department — **Student Services**

Page 2: Technology on Campus

Q3 How satisfied are you with your office computer's performance? — **Satisfied**

Q4 Are you currently experiencing problems with your computer or is it outdated for your needs? — **No**

Q5 How do you store your work documents? (Check all that apply.) — **Cloud drive**

Q6 Is your workstation equipped with all the technology to meet your professional needs? — **Yes**

Q7 What technology would you like to see implemented for your workstation? (Check all that apply.) — **Dual monitors**

Q8 Are the conference rooms equipped with all the technology to meet your meeting needs? — **No**

Q9 What technology would you like to see implemented in the conference rooms?

Some of the conference rooms need new computers. This could have been updated by the time I wrote this, but just a few months ago some of them were still really old.

Q10 How satisfied are you with the speed/access to the College WiFi network?

Very Satisfied

Page 3: Technology Training/Support

Q11 Does Norco College provide sufficient technical support?

Sufficient

Q12 What would enhance technical support services?

Need more human resources

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Lynda.com tutorials ,

Technology Workshop on campus (i.e., 25Live, Adobe Photoshop, Office 365, etc.) ,

Canvas training

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Acrobat, Illustrator, Photoshop, InDesign, DreamWeaver, Premiere, etc.) ,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, etc.) ,

25Live/R25,

Canvas

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

I would like to control of my programs website so that we can update in a timely manner. I was told that managers would have control of their websites, but I have not heard anything about that in a few month.

Q12 What would enhance technical support services?

Need a troubleshooting help desk

Q13 What type of technology training have you received within this academic year? (Check all that apply.)

Lynda.com tutorials

Q14 What on-campus technology workshop would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Acrobat, Illustrator, Photoshop, InDesign, DreamWeaver, Premiere, etc.)

Page 4: Additional Comments

Q15 Any additional comments/questions about technology resources at Norco College?

Getting the technology to be able to transition into electronic timesheets would be great!

#	COMMENTS	DATE
1	They're slow and they can hardly load most new sites.	7/18/2018 6:13 PM
2	old	5/24/2018 7:35 PM
3	Many computers have issues at the same time, so we are left with little to choose from since the library is always full.	5/24/2018 9:05 AM
4	very old an some time we have prople to upload the homeworke to simnet	5/23/2018 7:32 PM
5	Old programs which makes it a bit slower	5/17/2018 8:20 AM
6	they are nice computers with fast internet	5/15/2018 7:25 PM
7	Could be more updated.	4/28/2018 6:09 AM
8	The computers work great. There are two things that I personally do not like about the library. One is how loud the library is and second the amount of time that we are allowed to work on the computers. Working on homework can take more than 3 hours a day.	4/25/2018 4:48 PM
9	I use the computer located in the Veterans Resource Center	4/25/2018 4:05 PM
10	very old systyme and it not enough time they give us to fnish all online assigment	4/25/2018 3:46 PM

11	Very slow	4/23/2018 3:18 PM
12	If the computers were a bit newer and the internet was slightly faster I would use the school computers much more often when on campus.	4/19/2018 3:22 PM
13	The computers in the lab work okay, but the computers in the classrooms are awful and slow and when browsing the web, it will freeze for a good 15 seconds or so depending on how intense the webpage being loaded is.	4/5/2018 12:01 AM
14	Outdated, but gets the job done.	4/3/2018 9:35 PM
15	no updated programs Example Solidworks 2015 we are in 2018	4/3/2018 8:36 PM
16	The library computers are outdated and therefore difficult to use.	4/2/2018 11:30 PM
17	They aren't awful, but they aren't amazing. They're about what you'd expect from a library.	4/2/2018 7:19 PM
18	other than CS class computers, many are somewhat outdated and run slowly	4/2/2018 2:01 PM
19	Slow and dirty	4/2/2018 12:13 PM
20	You wasted money on Quadros	4/2/2018 11:01 AM
21	For programming they are a tad slow and have outdated programs	4/2/2018 10:43 AM

Q19 Any additional comments/questions about technology resources at Norco College?

Answered: 15   Skipped: 100

#	RESPONSES	DATE
1	Get better computers designed for STEM majors.	7/18/2018 6:14 PM
2	Cis system very complicated its very hard to learn because doesn't help me to upload the homework and lots of problem happen.	5/23/2018 7:35 PM
3	I believe that if it is all supplies for the students, then the technology shouldn't be restricted with so many rules. We shouldn't be treated as if we are children if someone does something bad then restrict, that individual.	5/17/2018 8:23 AM
4	Seriously, update your computers and get better internet. The computers are manageable, but not the internet. I have to rely on my personal, limited, and very expensive data and that's a waste of my own money when that's something the school says they provide.	4/28/2018 6:15 AM
5	I think the teachers should all try to use the same programs because with so many it is hard to keep track. I have 4 classes and all of them use different platforms for their class.	4/19/2018 4:49 PM
6	Overall, the tech on campus is good. However there are some major problems with speed and freezing, especially in classroom computers, as well as monitor stands/clamps being basically broken that need to be addressed.	4/5/2018 12:03 AM
7	I am a veteran in the Drafting Technology program. We as students need the Veterans computer and learning center to be updated with the programs we use in our class rooms to be able to do our drawings/ homework assignments. The computers have outdated programs. They are not compatible with the new programs we use in our classrooms that are being thought today. Drafting Technology Solidworks 2017/ Autocad/ Photoshop 2018/ MAYA 2018 are examples of programs we use that are not updated in the study areas. CANNOT DO HOMEWORK ASSIGNMENTS VERY FRUSTRATING.	4/3/2018 8:45 PM
8	Start a veterinarian program.	4/3/2018 7:25 PM
9	n/a	4/2/2018 5:21 PM
10	Website should be refreshed, and updated to be user-friendly and interactive.	4/2/2018 4:05 PM
11	I really like attending this school, it's a nice environment, the people are friendly, and it's overall just great proffesors and classroom sizes	4/2/2018 12:13 PM
12	Hire more IT, sounds like they are overloaded. Also update software more, specifically Unity. The version on most computers are 3 years old.	4/2/2018 11:03 AM
13	Please fire the 12 year old in charge of the acc it department	4/2/2018 11:02 AM
14	It would be nice to have access to adobe programs (photoshop, illustrator, etc) on campus computers.	4/2/2018 10:46 AM
15	please incorepate the use of github or other ways of saving code online for CIS students.	4/2/2018 10:44 AM

Page 1: Demographics

Q1 What is your age?

20 - 29

Q2 What is your program of study? (Check all that apply.)

Transfer,

Associate Degree

Q3 Are you a full-time (enrolled in 12 or more units) student?

Yes

Page 2: Technology Use/Ownership

Q4 What is your access to a computer at home?

Own a computer

Q5 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles, etc.) ,

Course or Learning Management System (Blackboard, Canvas, etc.) ,

Data software (Microsoft Office 365, Google Docs, etc.) ,

Class-related Software (Photoshop, AutoCad, ProTools, etc.) ,

Internet,

Teacher website,

Norco College website

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account)

Yes

Q7 If you answered No to Question 6, what was the reason?   **Respondent skipped this question**

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?   **I use a school-provided computer in the classroom**

Q9 How satisfied are you with the performance of the College's computers?

Dissatisfied,
Comments:
For programming they are a tad slow and have outdated programs

Q10 How do you store your assignments?   **Cloud drive**

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Satisfied

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Sometimes

Q13 In your opinion, are there sufficient printing options available on campus?   **Yes**

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Very   ,
Dissatisfied
Comment:
For some reason i was never allowed to connect to the new wifi

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Teacher website,

Text messaging apps,

E-Mail,

Social media (Twitter, Facebook, Instagram, **,** **etc.)**

Online study groups via social studying **,** **sites**

Interactive Whiteboards,

3D **,** **Printers**

VR (Virtual Reality) / AR (Augmented **,** **Reality)**

Office 365 (including Excel, Word, Outlook, PowerPoint, Publisher, OneDrive, Skype, etc.)

,

E-Books or E-Textbooks,

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account)

Yes

Q7 If you answered No to Question 6, what was the reason?

Respondent skipped this question

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?

I use a school-provided computer in the classroom

Q9 How satisfied are you with the performance of the College's computers?

Dissatisfied

Q10 How do you store your assignments?

External drive (i.e. flash drive)

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

**Very
Dissatisfied**

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Sometimes

Q13 In your opinion, are there sufficient printing options available on campus?

No

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

**Very
Dissatisfied**

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Interactive Whiteboards,

**3D   ,
Printers**

**VR (Virtual Reality) / AR (Augmented   ,
Reality)**

Bring your own device (BYOD) for sharing ideas

Q16 Which technology do you use to obtain information/news from Norco College? (Check all that apply.)

**Norco College   ,
website**

Student Email

Page 4: Technology Training/Support

Q17 Are you aware that Norco College provides Lynda.com, an online technology tutorial website, FREE to students? (Video tutorials such as Photoshop, Office, ProTools, etc.)   **No**

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)   **Lynda.com**

Page 1: Demographics

Q1 What is your age?

20 - 29

Q2 What is your program of study? (Check all that apply.)

Transfer,

Associate Degree

Q3 Are you a full-time (enrolled in 12 or more units) student?

No

Page 2: Technology Use/Ownership

Q4 What is your access to a computer at home?

Own a computer

Q5 What technology do you use or have used? (Check all that apply.)

Online Library database (e-books, articles, etc.)

Course or Learning Management System (Blackboard, Canvas, etc.)

,

Data software (Microsoft Office 365, Google Docs, etc.)

Class-related Software (Photoshop, AutoCad, ProTools, etc.)

,

Norco College website

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account)

Yes

Q7 If you answered No to Question 6, what was the reason?

Respondent skipped this question

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?

I use the computers in the library

Q9 How satisfied are you with the performance of the College's computers?

Very Satisfied

Q10 How do you store your assignments?

Email

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Very Satisfied

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Often

Q13 In your opinion, are there sufficient printing options available on campus?

Yes

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Very Satisfied

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Teacher website,

E-Mail,

Online study groups via social studying   , sites

Interactive Whiteboards,

E-Books or E-Textbooks,

Bring your own device (BYOD) for sharing ideas

Q16 Which technology do you use to obtain information/news from Norco College? (Check all that apply.)

Norco College website ,

Student Email,

WebAdvisor,

Posters/flyers on campus

Page 4: Technology Training/Support

Q17 Are you aware that Norco College provides Lynda.com, an online technology tutorial website, FREE to students? (Video tutorials such as Photoshop, Office, ProTools, etc.)

No

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Illustrator, Photoshop, InDesign, DreamWeaver, etc.)

,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

,

Programming,

Music Industry Studies

Page 5

Q19 Any additional comments/questions about technology resources at Norco College?

,

Game , **Development**

AutoCAD,

Lynda.com

Page 5

Q19 Any additional comments/questions about technology resources at Norco College?

I am a veteran in the Drafting Technology program. We as students need the Veterans computer and learning center to be updated with the programs we use in our class rooms to be able to do our drawings/ homework assignments. The computers have outdated programs. They are not compatible with the new programs we use in our classrooms that are being thought today. Drafting Technology Solidworks 2017/ Autocad/ Photoshop 2018/ MAYA 2018 are examples of programs we use that are not updated in the study areas. CANNOT DO HOMEWORK ASSIGNMENTS VERY FRUSTRATING.

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?

I use the computers in the lab

Q9 How satisfied are you with the performance of the College's computers?

Dissatisfied,
Comments:
The computers in the lab work okay, but the computers in the classrooms are awful and slow and when browsing the web, it will freeze for a good 15 seconds or so depending on how intense the webpage being loaded is.

Q10 How do you store your assignments?

Cloud drive

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Very Satisfied,
Comment:
Plenty of computers on campus.

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Often

Q13 In your opinion, are there sufficient printing options available on campus?

Yes

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Satisfied,
Comment:
The school Wi-Fi is pretty good, but the ranges need to be a little farther because if I'm walking from classroom to classroom, it will disconnect and reconnect because it is between Wi-Fi points and that's kind of annoying.

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Online ,
tutoring

Interactive Whiteboards,

3D ,

Yes

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)

Programming,

Game ,
Development

Web
Development

Page 5

Q19 Any additional comments/questions about technology resources at Norco College?

Overall, the tech on campus is good. However there are some major problems with speed and freezing, especially in classroom computers, as well as monitor stands/clamps being basically broken that need to be addressed.

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account)

No

Q7 If you answered No to Question 6, what was the reason?

**I don't have a need to use Office
365**

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?

I use the computers in the library

Q9 How satisfied are you with the performance of the College's computers?

Very Satisfied

Q10 How do you store your assignments?

Cloud drive

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Very Satisfied

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Often

Q13 In your opinion, are there sufficient printing options available on campus?

Yes

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Satisfied

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Text messaging apps,

Online study groups via social studying sites ,

Interactive Whiteboards,

3D ,
Printers

VR (Virtual Reality) / AR (Augmented Reality) ,

E-Books or E-Textbooks,

Bring your own device (BYOD) for sharing ideas

Q16 Which technology do you use to obtain information/news from Norco College? (Check all that apply.)

Norco College website ,

Twitter,

WebAdvisor,

Posters/flyers on campus ,

GradGuru

Page 4: Technology Training/Support

Q17 Are you aware that Norco College provides Lynda.com, an online technology tutorial website, FREE to students? (Video tutorials such as Photoshop, Office, ProTools, etc.)

No

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.) ,

Programming,

Lynda.com

Q5 What technology do you use or have used? (Check all that apply.) **Course or Learning Management System (Blackboard, Canvas, etc.)**

,

Internet,

Norco College website

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account) **No**

Q7 If you answered No to Question 6, what was the reason? **I don't have a need to use Office 365**

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer? **I use the computers in the library**

Q9 How satisfied are you with the performance of the College's computers?

Dissatisfied

Q10 How do you store your assignments?

Email

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Dissatisfied

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Often

Q13 In your opinion, are there sufficient printing options available on campus?

No

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Dissatisfied

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Text messaging apps,

E-Mail,

Office 365 (including Excel, Word, Outlook, PowerPoint, Publisher, OneDrive, Skype, etc.)

,

E-Books or E-Textbooks

Q16 Which technology do you use to obtain information/news from Norco College? (Check all that apply.)

Norco College website ,

Personal E-mail,

WebAdvisor

Page 4: Technology Training/Support

Q17 Are you aware that Norco College provides Lynda.com, an online technology tutorial website, FREE to students? (Video tutorials such as Photoshop, Office, ProTools, etc.)

No

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Illustrator, Photoshop, InDesign, DreamWeaver, etc.)

,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

Associate Degree

Q3 Are you a full-time (enrolled in 12 or more units) student?

Yes

Page 2: Technology Use/Ownership

Q4 What is your access to a computer at home?

Own a computer

Q5 What technology do you use or have used? (Check all that apply.)

Course or Learning Management System (Blackboard, Canvas, etc.)
,
**Data software (Microsoft Office 365, Google Docs, ,
etc.)**

Class-related Software (Photoshop, AutoCad, ProTools, etc.)
,
Lynda.com (FREE to Norco College students and employees)
,
Internet,

**Norco College
website**

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account)

Yes

Q7 If you answered No to Question 6, what was the reason?

Respondent skipped this question

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?

I use the computers in the library

Q9 How satisfied are you with the performance of the College's computers?

Very Dissatisfied

Q10 How do you store your assignments?

External drive (i.e. flash drive)

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Very Dissatisfied

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Often

Q13 In your opinion, are there sufficient printing options available on campus?

Yes

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Satisfied

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Text messaging apps,

Online   ,
tutoring

Online study groups via social studying   ,
sites

Interactive Whiteboards,

3D   ,
Printers

VR (Virtual Reality) / AR (Augmented   ,
Reality)

Lynda.com,

Office 365 (including Excel, Word, Outlook, PowerPoint,
Publisher, OneDrive, Skype, etc.)

,

E-Books or E-Textbooks,

Bring your own device (BYOD) for sharing
ideas

Q16 Which technology do you use to obtain information/news from Norco College? (Check all that apply.)

Norco College   ,
website

Student Email,

Posters/flyers on
campus

Page 4: Technology Training/Support

Q17 Are you aware that Norco College provides Lynda.com, an online technology tutorial website, FREE to students? (Video tutorials such as Photoshop, Office, ProTools, etc.)

Yes

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)

Respondent skipped this question

Q19 Any additional comments/questions about technology resources at Norco College?

Seriously, update your computers and get better internet. The computers are manageable, but not the internet. I have to rely on my personal, limited, and very expensive data and that's a waste of my own money when that's something the school says they provide.

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

Page 5

Q19 Any additional comments/questions about technology resources at Norco College?

I believe that if it is all supplies for the students, then the technology shouldn't be restricted with so many rules. We shouldn't be treated as if we are children if someone does something bad then restrict, that individual.

Q6 Are you using the Office 365 online apps? (All Norco College Students have a free Office 365 account)

Yes

Q7 If you answered No to Question 6, what was the reason?

Respondent skipped this question

Page 3: Technology on Campus

Q8 Which statement best describes your access to a College computer?

I use the computers in the library

Q9 How satisfied are you with the performance of the College's computers?

Satisfied,
Comments:
Many computers have issues at the same time, so we are left with little to choose from since the library is always full.

Q10 How do you store your assignments?

Cloud drive

Q11 How satisfied are you with access to a computer at Norco College? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Satisfied,
Comment:
Many computers have issues at the same time, so we are left with little to choose from since the library is always full.

Q12 How often do you use a college computer in one of the student areas? (Student computers are available in the Library, LRC, Student Activities, Career Center, and STEM Center.)

Sometimes

Q13 In your opinion, are there sufficient printing options available on campus?

Yes

Q14 How satisfied are you with the speed/access to the College Wi-Fi network?

Satisfied

Q15 Which technology would you like to see implemented in the classroom? (Check all that apply.)

Teacher website,

Text messaging apps,

E-Mail,

Social media (Twitter, Facebook, Instagram,   , etc.)

**Online   ,
tutoring**

Online study groups via social studying   , sites

Office 365 (including Excel, Word, Outlook, PowerPoint, Publisher, OneDrive, Skype, etc.)

,

Bring your own device (BYOD) for sharing ideas

Q16 Which technology do you use to obtain information/news from Norco College? (Check all that apply.)

**Norco College   ,
website**

Student Email

Page 4: Technology Training/Support

Q17 Are you aware that Norco College provides Lynda.com, an online technology tutorial website, FREE to students? (Video tutorials such as Photoshop, Office, ProTools, etc.)

Yes

Q18 Which on-campus technology workshops would you be interested in attending? (Check all that apply.)

Adobe Creative Cloud (includes Illustrator, Photoshop, InDesign, DreamWeaver, etc.)

,

Microsoft Office 365 (includes Excel, Word, Outlook, PowerPoint, Access, Publisher, OneDrive, Skype, etc.)

Q19 Any additional comments/questions about technology resources at Norco College?

Get better computers designed for STEM majors.

Q19 Any additional comments/questions about technology resources at Norco College?

Answered: 15   Skipped: 100

#	RESPONSES	DATE
1	Get better computers designed for STEM majors.	7/18/2018 6:14 PM
2	Cis system very complicated its very hard to learn because doesn't help me to upload the homework and lots of problem happen.	5/23/2018 7:35 PM
3	I believe that if it is all supplies for the students, then the technology shouldn't be restricted with so many rules. We shouldn't be treated as if we are children if someone does something bad then restrict, that individual.	5/17/2018 8:23 AM
4	Seriously, update your computers and get better internet. The computers are manageable, but not the internet. I have to rely on my personal, limited, and very expensive data and that's a waste of my own money when that's something the school says they provide.	4/28/2018 6:15 AM
5	I think the teachers should all try to use the same programs because with so many it is hard to keep track. I have 4 classes and all of them use different platforms for their class.	4/19/2018 4:49 PM
6	Overall, the tech on campus is good. However there are some major problems with speed and freezing, especially in classroom computers, as well as monitor stands/clamps being basically broken that need to be addressed.	4/5/2018 12:03 AM
7	I am a veteran in the Drafting Technology program. We as students need the Veterans computer and learning center to be updated with the programs we use in our class rooms to be able to do our drawings/ homework assignments. The computers have outdated programs. They are not compatible with the new programs we use in our classrooms that are being thought today. Drafting Technology Solidworks 2017/ Autocad/ Photoshop 2018/ MAYA 2018 are examples of programs we use that are not updated in the study areas. CANNOT DO HOMEWORK ASSIGNMENTS VERY FRUSTRATING.	4/3/2018 8:45 PM
8	Start a veterinarian program.	4/3/2018 7:25 PM
9	n/a	4/2/2018 5:21 PM
10	Website should be refreshed, and updated to be user-friendly and interactive.	4/2/2018 4:05 PM
11	I really like attending this school, it's a nice environment, the people are friendly, and it's overall just great proffesors and classroom sizes	4/2/2018 12:13 PM
12	Hire more IT, sounds like they are overloaded. Also update software more, specifically Unity. The version on most computers are 3 years old.	4/2/2018 11:03 AM
13	Please fire the 12 year old in charge of the acc it department	4/2/2018 11:02 AM
14	It would be nice to have access to adobe programs (photoshop, illustrator, etc) on campus computers.	4/2/2018 10:46 AM
15	please incorperate the use of github or other ways of saving code online for CIS students.	4/2/2018 10:44 AM

Standard III.C - Technology Resources
Standard III.C.1

Technology services, professional support, facilities, hardware, and software are appropriate and adequate to support the institution's management and operational functions, academic programs, teaching and learning, and support services.

Evidence of Meeting the Standard

Norco College identifies its technology needs to support the college's operational and educational functions through Program Reviews; the Technology Strategic Plan; and the Annual Technology Surveys. (Add a sentence here).

Program Review

Norco College's program review process serves to identify various types of technology needs across campus, in every department, to support student learning and services as well as operational needs.
The college integrates technology and college planning through its strategic planning model and shared governance committees, which includes the Technology Committee. Technology requests from program reviews are submitted to the Technology Committee for recommendations/prioritization. As part of program review, the requestor completes the *Planning Council Program Review Requests for Technology Committee*, which provides data such as the asset tag number to determine age and lifecycle, programmatic needs questions, and total cost of ownership information. The requests for resource allocation are evaluated based on the initial as well as the operating costs of a technology item, how well the item fits the needs of the unit and the college, how fully it meets industry standards, and how competitive it is in the educational marketplace. This is the technology Total Cost of Ownership model outlined in the *Technology Principles and Guidelines*, which is aligned to the college's mission and strategic plan.

Technology Strategic Plan

The Norco College Technology Committee is responsible for updating the Norco College Technology Strategic Plan, providing plans for technology infrastructure for the College in support of instruction and student services, and coordinating technology training efforts. The committee is comprised of all constituency groups – faculty, staff, students, and administrators.

The 2013-16 Norco College Technology Strategic Plan and Addendum to the Technology Strategic Plan 2017-2018 describes how technology is integrated with college-wide planning and decision-making in support of student learning and success. (New plan in fall 2018). The college has seven goals that fall into the following categories: training and support, update the Technology Strategic Plan, identify funding sources for technology, resources for online students and faculty, technology use model, and respond to the technology needs of the college. The 2017-18 Addendum to the Norco College Technology Strategic Plan was presented and approved by the Institutional Strategic Planning Council on (insert date) and COTW on (insert date).

Annual Technology Survey

Norco College evaluates the effectiveness of its technology primarily from information provided on its annual Technology Survey which is conducted each spring. The survey provides an assessment of technology services and support for faculty, staff, and students and helps the Technology Committee determine the needs of the college in terms of hardware and software. The results of the annual Technology Survey are evaluated by the Technology Committee and the data is used for decision-making and improvement of technology resources, services, and emerging technology for students, faculty, and staff in the program review process. The Technology Committee

shares the results of the survey with the college's Institutional Strategic Planning Council as part of its bi-annual report and with the college via the Technology Committee webpage.

Analysis and Evaluation

Norco College meets the Standard. Based on the results of the 2018 Technology Survey, a majority of students and employees believe that the College replaces and maintains technological equipment to ensure that program/unit needs are met, and that the College ensures that any technology support it provides is designed to meet the needs of the learning, teaching, support services, and operational systems. These results indicate that employees are satisfied with the level of technology support at Norco College. The Annual Technology Survey and Annual Program Reviews provide the Technology Committee with a means to assess and identify the technology needs of the college. Norco College technology resource needs and evaluation are spearheaded by the Technology Committee which uses the Technology Strategic Plan as its guideline for improving technology at Norco College.

Standard III.C.2

The institution continuously plans for, updates and replaces technology to ensure its technological infrastructure, quality and capacity are adequate to support its mission, operations, programs, and services.

Evidence of Meeting the Standard

Norco College systematically plans, acquires, maintains, and upgrades or replaces technology infrastructure and equipment to meet the needs of the College, including computer refresh cycles and classroom multimedia upgrades and installations. The Technology Strategic Plan calls for a staggered replacement of the computer inventory across the campus including classrooms on an annual basis. Equipment is replaced based on age and program needs.

Technology Committee

Norco College integrates technology and college planning through the Norco College Technology Committee, a shared governance group that has representation of all constituencies with membership of faculty, staff, students, and administrators. It is a standing strategic planning committee that provides recommendations for the strategic direction, implementation and sustainability of technology resources throughout the college used to support student learning programs and services and improve institutional effectiveness consistent with the college's mission. The Technology Committee meets monthly to discuss input from members and guests about technology needs across campus. Agendas and minutes of the meetings are posted on the college website.

Program Review and Resource Allocation

The *Technology Principles and Guidelines* outlines a systematic plan for the replacement of technology and equipment. Norco College has completed two phases of the plan and is working on phase III. It is a staggered replacement based on age of the equipment and programmatic needs of the institution and to support student learning. The refresh plan phases are placed on program review and assessed using the criteria from the *Technology Principles and Guidelines* and the data provided from the Annual Technology Survey. The survey results and the refresh plan are shared annually with the institution as part of the Technology Committee's report to ISPC. The Technology Committee coordinates with the Technology Support Services computer support staff and Instructional Media staff to plan for the replacement, reassignment, and evaluation of technology resources.

Resource Prioritization

The 2013-16 Norco College Technology Strategic Plan and 2017-2018 Addendum to the Technology Strategic Plan has criteria that is used to determine high, medium, or low priority which is age of the equipment and programmatic needs. The Technology Committee reviews technology requests and recommends/prioritizes said requests to the college's Institutional Strategic Planning Council and then to the President who has made funding decisions based on these recommendations. This process was implemented in the fall 2014 program review process. It is designed to facilitate sound resource allocation decisions and is evaluated annually by the Technology Committee. In spring 2017, the Technology Committee revised its rubric for evaluating technology requests continuing with the criteria of age and program needs but modifying questions and values of the rubric.

Analysis and Evaluation

Norco College meets the Standard. The evidence indicates that ample processes as stated in the Technology Principles and Guidelines are in place to ensure ongoing maintenance and upgrading of an adequate technological infrastructure. Recent evaluation of the program review process for technology requests made an improvement in the process for the user and Technology Committee.

Standard III.C.3
The institution assures that technology resources at all locations where it offers courses, programs, and services are implemented and maintained to assure reliable access, safety, and security.

Evidence of Meeting the Standard

Norco College assesses annually technology resources on campus and user satisfaction as part of the Technology Strategic Plan. In previous years, the data reflected the need for access to additional computers in the library and the Technology Committee put forth a recommendation for additional computers in the library for student access that was funded. Annual technology requests on program review are evaluated by the committee to prioritize. The Technology Committee through its representation on the District's Information Strategic Planning Council relays the college's needs for infrastructure, maintenance, safety, and security for District IT operations.

Technical Support

The management, maintenance, and operation of the College's technological infrastructure and equipment is primarily handled through the District's central technology organization, Information Technology. IT is organized to support the development, improvement, and maintenance of IT systems including software applications, networks, and internet for Norco College. IT oversees security and safety of the technology infrastructure through monitoring, firewall, and security software on all computers.

Norco College provides technical support through the college's Technology Support Services computer support staff and Instructional Media Center staff. They provide tutorials, technical assistance, installations, repairs, and maintenance of technology resources on campus.

Technology Resources

Technology needs and resources are identified on the annual Technology Survey which is reviewed by the Technology Committee to base decision-making.

ITSC

Two Technology Committee members are members on the District's Information Technology Strategy Council. ITSC prioritizes technology needs and resources for the District. With input from the Technology Committee through its

representatives, Norco College voices the technology support needed to assure reliable access, safety, and security.

Analysis and Evaluation

Norco College meets the Standard. NC continuously collaborates and coordinates with District IT to monitor and address support for technological infrastructure and equipment. The evidence indicates that reliable access, safety, and security of the technological infrastructure and equipment at all locations are adequate.

Standard III.C.4
The institution provides appropriate instruction and support for faculty, staff, students, and administrators, in the effective use of technology and technology systems related to its programs, services, and institutional operations.

Evidence of Meeting the Standard

Norco College offers technology training in both face-to-face workshops on technology programs such as 25 Live and Lynda.com for all faculty, staff, and students on software programs that are used in the classroom and in the office. The Instructional Media Center offers hands-on technology training for faculty on audiovisual equipment in the classroom and feedback is assessed on the Footprints survey. Workshop topics are based on the feedback received on the Annual Technology Survey.

Lynda.com

Norco College purchased a lyndaCampus subscription in 2014. Since then, usage by students has grown to over three thousand current student users which is 94% of active users on Lynda.com at Norco College. Employees continue to use Lynda.com for professional development to meet their needs for skills training. 75 staff and 110 faculty are active users on Lynda.com. As of May 1, 2018, over 450 courses were viewed such as Microsoft Office, Adobe Photoshop CC 2017/2018, SOLIDWORKS, Adobe After Effects, Photography, HTML, Animation, AutoCAD, Job Hunting Online, Setting Up Your Small Business as a Legal Entity, ProTools, and more. Based on data from the 2018 Annual Technology Survey, faculty, staff, and students were interested in tutorials on Adobe Creative Cloud (which includes Illustrator, Photoshop, InDesign, DreamWeaver, etc.), Microsoft Office 365, programming, web development, AutoCAD, game development, music industry studies, and more.

The Technology Committee conducts an annual Lynda User Satisfaction Survey and found in 2018 that year over year, the results have shown high satisfaction rates on the usefulness, convenience, and quality of the courses in lynda.com with at least over 80% of respondents selecting 4 or 5 on a five-point scale in each question. Additionally, comments described lynda.com as "very helpful" and "vital to my life." One user wrote, "It is the best tool I have ever used. The courses are so helpful. It helped me succeed in my classes. Before I took any computer programming and music classes, I watched a few videos on Lynda. So when I started the classes I already had a good idea of what was going on. Extremely helpful."

lynda.com User Satisfaction Survey 2018 (in percentages)

Question	1	2	3	4	5
On a scale of one to five, …					
How useful was it? Did it meet your needs?	9.5	0.0	14.3	14.3	61.9
How convenient was it to use the service?	10.0	5.0	5.0	5.0	75.0
How would you rate the quality of the course(s) you took?	0.0	4.7	9.5	4.7	80.9
How likely are you to use it again?	9.5	0.0	14.2	0.0	76.1

Training for Online Learning

Norco College began offering weekly face-to-face and virtual Canvas Workshop training sessions for faculty in Fall 2017 in preparation for the College's Blackboard to Canvas migration scheduled to be completed by December 2018. These workshops, conducted by an Instructional Designer, are focused on the basics of Canvas's modules, pages, assignments, discussions, quizzes, gradebook, profiles, inbox messaging, and other important features. The trainings also offer an opportunity for participants to interact with a fully functional Canvas course shell, as well as Q&A opportunities. In addition, open office hours, open lab time, and one-on-one training meetings are available weekly. A three-hour faculty FLEX training has been scheduled at the beginning of Fall 2018 to allow participants to earn a district DE Certification in one session to teach online courses.

Training Events

Norco College provides face-to-face technology training for faculty, staff, and students. Workshop topics are selected based on feedback from faculty, staff, and students in the Technology Survey. Add attendance data here. Examples of workshops are:

Analysis and Evaluation

Norco College meets the Standard. Records of employee use of Lynda.com and attendance at in-person training sessions show that employees are taking advantage of self-directed training in the use of the Canvas course management system technology as well as Office 365. Based on the results of the Technology Survey, a majority of employees believe that the College provides sufficient training in the use of technology to effectively carry out work responsibilities, including supporting student learning.

Standard III.C.5

The institution has policies and procedures that guide the appropriate use of technology in the teaching and learning processes.

Evidence of Meeting the Standard

RCCD has board policy on the use of technology by all users. In addition, there are rules in Section 508 ADA that determine technology practices for disability-related compliance for the website, media, programs, technology resources, etc. The Online Teaching Training Certification provides training to all online faculty in the appropriate use of technology.

Analysis and Evaluation

Norco College meets the Standard.
