Welcome to the Norco College Program Review and Institutional Planning Site

Program Review is conducted by each unit at Norco College and consists of an analysis of changes within the unit as well as significant new resource needs for staff, resources, facilities, and equipment for the next three years, while reflecting on the changes within the last three years. This document serves as a long-term strategic planning document. While goals and resource requests may be updated at any time, the full review is due on April 20th, 2018. Requests received after that date will not be considered in the upcoming planning cycle.
