Poetry Performance

The Norco College Poetry Performance event is sponsored by the Wilfred J. Airey Library and held each fall and spring semester in the study area located on the second floor of the library. The event originated in 2008 from a suggestion made by English Associate Faculty and Poet, Matthew Nadelson, and Professor Michael Cluff, who was Norco College's Poet Laureate. The event provides students, staff and faculty an opportunity to perform original or other selected poetic works to an audience utilizing an open mic format.

Past Poetry Performances in the Library: Chris Martin - Fall 2015
