Counseling

Norco College offers a host of services for students who are struggling financially and academically.

Counseling, in conjunction with various student service areas, created a series of educational resource videos to enhance your educational journey:

- Find out more about our campus and financial resources as well as ways of getting involved on campus.
- Learn about your rights and responsibilities as a Norco College student.
- Get tips on becoming a successful college student and various educational pathways for you to consider.
- Guidance on completing the steps leading to registration at Norco College.

Stay on track and graduate faster with [GradGuru](#). This app gives you the deadlines, tips and personal guidance you need to be a successful student. You got this!

Honors Program

Welcome

The Honors Coordinator and faculty are pleased that you are interested in becoming a part of this exciting program. The Honors Program community is comprised of student scholars and faculty who share a passion for learning. By fully participating in the RCCD Honors experience, you will not only explore academic subjects in great depth, but also have opportunities to socialize while joining your fellow honors students at exhibits, performances, concerts and more, by attending honors excursions. Scholarly Conferences and Informational Conferences can complete your honors experience. We hope that you take full advantage of all the opportunities that the RCCD Honors Program has to offer the serious student and allow us to help you shine as an outstanding student.

If you have any questions or concerns about the RCCD Honors Program or specifically about Norco Honors, do not hesitate to contact us.

Puente

Puente

Academic & Career Programs

Counseling

Special Programs

PUENTE

2019 - 2020 PUENTE Interest Form

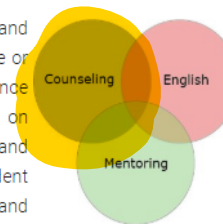

The PUENTE Community College Program is an academic, counseling, and mentoring program of support for students to build the skills necessary for success in both academic and career goals while in community college. Students enrolled in the PUENTE program work closely with their Counselor, English Instructor, and Mentor to prepare for transfer to four-year colleges and universities, with the ultimate goal that Puentistas return to their community as leaders and mentors.

When students are in the Puente Program, they are committing to the active participation in the yearlong learning community where the 30-student cohort will take English and Guidance classes together over one academic year. Learning communities offer a supportive environment where students feel involved, motivated, and encouraged to build transfer-ready academic strategies and skills.

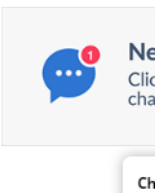

The PUENTE counseling component provides academic, personal, and career advising to prepare students to transfer to a four-year college or university. The PUENTE counselor teaches transfer-credit Guidance courses in Fall (GUD 48) and Spring semester (GUD 47), touching on subject matters such as personal development, relevant college and career success skills, information, and resources to assist each student in examining, planning, and setting her/his personal, academic, and career goals.

PUENTE's English component includes a developmental writing course in the first semester (English 50) followed by a college transfer-level English composition course (English 1A). The writing classroom environment in the Puente Program allows students to develop their writer's voice with confidence while working with rigorous academic texts.

PUENTE mentoring component offers students the opportunity to be paired with local professionals who graciously volunteer their time for one-on-one mentoring sharing their stories of their academic and career paths and what they learned about being a successful professional. Our community mentors support their students' college going aspirations; they help guide and motivate their mentee's to build the social and cultural capital they will need for their future

School of Science, Technology, Engineering & Mathematics

The Norco College School of Science, Technology, Engineering & Math (STEM) provides learning in a wide variety of disciplines. STEM professionals include engineers, electricians, architects and game developers. The School of STEM includes two distinct programs designed for students pursuing degrees in the fields of Science, Technology, Engineering and Mathematics. The first program, STEM Pathways at Norco College, includes two distinct programs designed for students pursuing degrees in the fields of Science, Technology, Engineering and Mathematics. The first program, Engineering Pathways, provides opportunities for students seeking transfer to 4-year universities in Civil, Mechanical, Electric, Computer and other diverse fields of engineering. The Engineering Pathways program provides students with direct assistance, educational planning and academic coaching from entrance to transfer. The program also provides internship and research opportunities for students. The second program, STEM Scholars, is a program that provides assistance to students pursuing the physical, life, and natural sciences, computer science and mathematics degrees. **STEM scholars receive career and academic counseling, mentoring and assistance with the transfer process.**

SSS RISE

Our Staff

Special Programs

SSS RISE (TRiO)

Personal, Career, Transfer, and Academic Counseling

Every student is required to meet with their SSS RISE counselor twice every semester. Students will receive the following services:

- Instruction in the registration system (WebAdvisor)
- Advise on general education and major courses
- Strategies for maintaining and improving G.P.A
- Help with study skills
- Crisis counseling
- Financial aid and scholarship assistance
- Student success workshops
- College and University Tours
- Cultural Activities
- Student Educational Plan
- Career counseling and resume assistance
- Personal growth counseling
- Campus and/or community referrals
- Tutorial Referral
- Transfer counseling

Cultural Enrichment Activities

Co-curricular events and activities to increase cultural awareness and build community are offered each semester.

Priority Registration

Participants in the SSS Program are eligible to receive priority registration every semester if they meet all the requirements by the deadline given.

Progress Reports

Students are required to submit progress reports mid semester in order to capture individual academic performance.

Transfer Preparation

Services include information and assistance in completing applications and personal statements.

Reconnect Workshop

The TRiO SSS staff offers a Reconnect Workshop "Educational Goals and Strategies to Achieve Success" to students that have not been enrolled in any semester.

Transfer Center

UMOJA

UMOJA is designed to increase academic success among all students at Norco College with an emphasis on the African-American population. A major key to student success is through fostering a sense of community. Through the linking of academic, social, and cultural offerings, the UMOJA program aims to promote student success as well as to develop leadership skills in its members.

With courses focused on African-American culture, experience and literature, UMOJA welcomes any interested student regardless of race, ethnicity or gender. The following is a sampling of courses offered through UMOJA:

Summer 2019

- MAT 12--Statistics

Fall 2019

- English 1A -- English Composition (Emphasis on African-American Argument)
- Guidance 47 -- Career Exploration/Life Planning
- SOC 10 -- Race and Ethnic Relations
- COM 1-- Public Speaking (Emphasis on African-American Speech)

Spring 2020

- English 1B -- Critical Thinking (Analysis of African-American Literature)
- SOC 10 -- Race and Ethnic Relations
- GUI 46 -- Introduction Transfer Process (HBCU, CSU, UC & Private schools)
- COM 9 -- Interpersonal Communication (Emphasis on African-American Communication)
- LIB 1 -- Introduction to Information Literacy

UMOJA focuses on community service beneficial to the student's educational and personal progress and helps provide students with an opportunity to participate in social, cultural and public service opportunities at Norco College and in the local community.

UMOJA provides services and resources to members in the form of additional counseling services, student mentorship and community as well as priority registration for all Norco classes during enrollment in the UMOJA academic program.

Veterans Resource Center

Norco College welcomes all veterans, active duty military members, and VA dependants with varying educational goals to begin or continue their education. Whether you are refining your skills, seeking to transfer, planning to earn an Associate Degree, or completing an Occupational Certificate, we will do our best to assist you as you embark on an exciting educational journey at our institution.

Active duty service members and reservists are granted priority registration. Veterans are also eligible for priority registration for a period of four years when used within fifteen years after discharge from active duty. This allows those who qualify to be among the first student allowed to register for classes. Please bring your DD214 (Discharge Documents) or other qualifying paperwork to our office in order to determine your eligibility and get started.

If you are called to active duty after enrolling in classes at Norco College, you will be allowed to drop your course(s), receive MW (Military Withdrawal) status on your transcript. The notation of MW is not counted in calculating your overall grade point average(GPA).

Norco College fully adheres to the [Veterans Access, Choice and Accountability Act of 2014](#) and [California Assembly Bill 13](#).
