Getting Help with EduNav

EduNav is a degree planning tool to help students—and their advisors—navigate the path all the way to graduation. With EduNav, you plan and register for all your courses in a guided, intuitive system, personalized to your needs and preferences.

We're rolling out EduNav across the institution over the next few terms, and eventually everyone will know what it is and how it works. In the meantime, however, if you have questions or problems with EduNav, this tells you who to go to for help.

Below this is a section titled "Estimated change:" followed by a list of costs: Books and Supplies (+ \$1,918), Room and Board (+ \$5,418), Transportation (+ \$1,708), Personal Expenses (+ \$3,258), Enrollment Fees (+ \$194), Health Fees (+ \$40), and a Total of + \$11,926. A disclaimer at the bottom of the dialog states: "These costs are based on full time (30 units/year), on-state resident tuition and are provided for informational purposes only. Your specific costs, including the impact of any available financial aid, will vary. In general, the sooner you complete your program, the more savings you will have overall. For more information, visit the Office of Admissions and Records at Housh College." At the bottom of the dialog are three buttons: "No", "Yes", and "Cancel this plan". The background of the website is slightly blurred, showing a navigation bar with links like "Home", "About", "Contact", and "Log Out", and a sidebar with "What is next?".

Once you enter the student's ID number, click on a student. The only way to know if a student's plan has already been completed by another Counselor is to **click on View Timeline**.

Below the search bar, the student's name 'Micheal Abdelmalek (ID: 2759489)' is displayed. The page is divided into several sections: 'Declarations', 'Academics', and 'Credits'.
