## School of Arts & Humanities

The Norco College School of Arts & Humanities is a pursuit of an interdisciplinary study of the arts by selecting among courses in historical context, studio practice, performance ensemble, creative writing, and ideas and interpretation of the arts. In the Arts & Humanities core course, students will experience the theory and practice of the arts in a workshop setting and, in studio

or ensemble courses, will gain practical experience in at least one area of the visual or performing arts or creative writing. Courses in the historical context and interpretation of the arts will enable students to understand how style, subject matter and materials may respond to different motivations and purposes.
