

Ad-Hoc Traffic Committee

Statement of Purpose

The Ad-Hoc Traffic Committee holds meetings to discuss local traffic issues in and around the Third Street/Hamner Avenue intersection, which have reached a point where the three jurisdictions of Riverside Community College District (RCCD), Corona Norco Unified School District (CNUSD) and the City of Norco (City) need to reach agreement on how the issues will be mitigated. The congestion is now causing frustrating problems for residents, JFK parents, JFK employees, Norco College students, Norco College employees and local business establishments. The existing conditions will not fully accommodate future growth of educational services at JFK or Norco College and present immediate public safety concerns. For these reasons (and others), a multijurisdictional ad hoc committee is being formed between RCCD, CNUSD and the City.

Meetings are open to the public and parking will be suspended during the meeting hours of 6:00-8:00pm in lot D.

Previously Held Town Hall/Stakeholder Meetings

MEETING	DATE	MEETING TIME
