

California Community Colleges are now offering Associate Degrees for Transfer (ADT's) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Norco College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to:

[www.calstate.edu/transfer/adt-search/search.shtml](http://www.calstate.edu/transfer/adt-search/search.shtml)

Students are encouraged to meet with a Norco College counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

**2026-2027**  
**BIOLOGY**  
**(Cal-GETC) NAS768**

The Associate in Science in Biology for Transfer Degree introduces the concepts and principles upon which biologic knowledge is based including the biochemistry, structure and function, ecology and evolution of organisms, from the levels of cells through the biosphere. Students will develop skills for critical/analytical thinking, perceptive reading/observation and interpretation. The Associate in Science in Biology for Transfer degree provides students with a core curriculum that will prepare them with the knowledge and skills required to earn a baccalaureate degree in biology. The intent of this degree is to assist students in seamlessly transferring to a California State University.

Required Courses (32 units)		Units
BIO-60*	Introduction to Molecular and Cellular Biology	5
BIO-61*	Introduction to Organismal and Population Biology	5
CHE-1A*	General Chemistry I	5
CHE-1B*	General Chemistry II	5
MATH- C2210*/C2210H*	Calculus I: Early Transcendentals/Honors	4
Complete one Physics sequence as shown below:		
PHY-2A*	General Physics I	4
AND		
PHY-2B*	General Physics II	4
OR		
PHY-4A*	Mechanics	4
AND		
PHY-4B*	Electricity and Magnetism	4

\*Courses may also be used to fulfill general education requirements for the Cal-GETC pattern, please confer with a counselor.

**Associate in Science for Transfer Degree**

The Associate in Science in Biology for Transfer degree will be awarded upon completion of 60 CSU-transferable semester units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of "C" (or "P") or better.
