

California Community Colleges are now offering Associate Degrees for Transfer (ADT's) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Norco College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to:

www.calstate.edu/transfer/adt-search/search.shtml

Students are encouraged to meet with a Norco College counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

**2026-2027
ECONOMICS
(Cal-GETC) NAA757**

The Associate in Arts in Economics for Transfer degree at Norco College is designed for students who aim to transfer to a CSU with junior standing and pursue a Bachelor's degree in Economics. This program offers a comprehensive introduction to economic theories and their application, data analysis, critical thinking, and communication in the context of economics. The coursework is arranged to provide students with balanced theoretical understanding and practical exposure to concepts, which will prepare them for diverse career paths in economics including econometrics, machine learning and artificial intelligence, business, political science behavioral and/or environmental economics.
