PLANNING AND BUDGET MANUAL

FY 2019/20

Norco College Mission Statement

Norco College serves our students, our community, and its workforce by providing educational opportunities, celebrating diversity, and promoting collaboration. We encourage an inclusive, innovative approach to learning and the creative application of emerging technologies. We provide foundational skills and pathways to transfer, career and technical education, certificates and degrees.

INTRODUCTION

The purpose of the Norco College Planning and Budget Manual is to serve as a desktop reference for the campus community. The budget development process requires careful coordinated planning; for that reason, we have included the college and district budget development calendars, the college's program review process, as well as the meeting schedule for the Business & Facilities Planning Council (BFPC) as information for community members interested in attending the open meetings.

The Planning and Budget Manual also includes accounting procedures that facilitate daily budget transactions including, but not limited to, budget transfer process, purchasing process and contract process. A very important budget planning tool included in this manual is the Total Cost of Ownership (TCO) spreadsheet, used by college departments to calculate the cost for personnel, physical facility, and information technology requests included in resource requests integrated with program review.

We invite you to refer to this manual regularly and to visit the Norco College Business Services website under Budget and Financial Services for additional resources, as well as the BFPC website for current budget information and presentations.

Sincerely,

Michael T. Collins, Ed.D.
Vice President, Business Services
Norco College

Norco College
Program Review Process: 2019-2020

Introduction

Program review allows each academic discipline, student services unit, and administrative unit to look back (by reporting on program progress and viability), look around (by describing opportunities and resource needs), and look forward (by setting new long term goals in alignment with our Strategic Plan goals. It is also a chance for us to update our procedures, course outlines of record, and programs of study. Our process has four components: 1. Report on current goals; 2. Set new goals; 3. Align program goals with college strategic goals; 4. Determine how the college can help the unit achieve their goals (through resource allocation or improvements to process and procedure). Program review is the foundation of our continuous improvement process; informs our decision-making and resource allocation process; and informs strategic planning.

For the purposes of program review, a program may be defined as an administrative unit, student services unit, a discipline of study (including all programs of study (AA, AS, ADT, Certificate) assigned to disciplines (e.g., ADT Anthropology). All programs must complete a program review every three years and may submit annual updates on goals and resource requests.

The Program Review process is led by the Program Review Committee--a standing committee of the Academic Senate. Their statement of purpose is:

> *We establish guidelines, tools, and content requirements for the Program Review process at Norco College. We review and evaluate the program review and annual update unit reviews to facilitate intentional self-evaluation and planning in order to support program quality, improve student success and equity, enhance teaching and learning, and connect resource allocation to strategic planning (last Updated 09/26/2019)*

History

The program review process at Norco College changed substantially in the Spring of 2018, with all units reporting at the same deadline in order to ensure equity in resource allocation and planning cycles. During this transition we all moved to a comprehensive three-year cycle (previously it was every four years and they were staggered), and we changed the name of the Comprehensive Program Review to just Program Review. This allowed us to achieve 100% participation with a clearer deadline set. This also allowed us to achieve more clarity in our long-range planning, as with staggered reports we were missing a Comprehensive picture of the needs of our individual units. In the intervening years, we have an annual update that allows for resource requests that were unforeseen because of changes to units. This cycle was aligned with our Assessment cycle so that Comprehensive views of the process of Unit Assessment could be gathered in one location. In addition, moving to a three-year cycle allowed Norco College to have more agency in District wide curriculum authorship.

Current Process and Timeline

The current Program Review cycle is for the period 2018-2021 (Mar. 2018 through Feb. 2021). The lookback period for the current cycle is 2014-2017—this is the period you will see referenced in current cycle program review. The data on which the 2018-2021 program reviews are based is from the 2014-2017 period.

The 3-year process begins at Spring Flex Day (usually the second week of February). The chairs of the Program Review Committee provide a training on any new procedures, forms, systems, and datasets. Faculty often use department meeting time on Flex Day to begin completing their discipline program review or annual update. Student Services and Administrative units complete their program reviews at a later time (based on their operational needs).

- All Program Reviews and annual updates are due for input in the Nuventive Improve platform by April 15th.
- The Program Review Committee meets and accepts into the record all completed program reviews at their Aprim or May meeting.
- Resource Requests are downloaded from Nuventive Improve and added to the Excel Workbook for the current 3-year cycle. These requests are grouped and made available to the Council over which the program reporting unit resides (AAPC, BFPC, SSPC, SDIE). Resource Requests are processed based on the *Resource Request and Prioritization Procedure* (seen later in this document).
- <mark>ALEXIS OR GREG, CAN YOU ADD MORE TO THIS SECTION AS NEEDED?</mark>

Program Review Prompts

The process and prompts differ slightly based on unit type: Administrative vs. Instructional vs. Student Services. During the program review cycle, instructional units review the curriculum for currency and alignment with Program needs. To uniformly collect these data and plans, we ask the units the questions below:

Administrative programs respond to the following prompts
- Mission: Identify or outline how your unit serves the mission of Norco College
- Funtions: List the major functions of your unit
- SAO Assessment: Reflect on the last 3 years of SAO assessment and describe what you've learned.
- Goals: List your long term goals in alignment with the College Strategic Plan

Instructional programs respond to the following prompts
Program Update Section
- Has your unit shifted departments in the PAST 4 years?:
- Do you anticipate your unit will shift departments in the NEXT 4 years?:
- New certificates programs created by your unit in the PAST 4 years?:
- New certificate programs anticipated by your unit in the NEXT 4 years?:
- Substantial modifications made to certificates/degrees in the PAST 4 years.:
- Substantial modifications anticipated to certificates/degrees in the NEXT 4 years.:
- Activities in other units that impacted your unit in the PAST 4 years.:

- Activities in other units that impacted your unit in the NEXT 4 years.:
- Previous Program Review Resource Requests:
- Resource Requests Received:
- How did the resources received impact student learning?:
- If you requested resources but did not receive them, how did that impact student learning?
- Program Data Highlights Section
- Course Outline of Record Review
- Program Metric Highlights
- Assessment Report Highlights

Supplemental Report: Please make sure to attach the following items:
- Student Learning Assessment Report(s)
- Resource Request Report
- Data Reports from Impact: Retention, Success, Efficiency and Curriculum Analysis
  NOTE: This area was a discussion/reflection area with the data provided.

Student Services programs respond to the following prompts:
Area Overview
- Mission: Identify or outline how your unit serves the mission of Norco College
- Functions: List the major functions of your unit
- SAO Assessment: Reflect on the last 3 years of SAO assessment and describe what you've learned.
- Goals: List your long term goals in alignment with the College Strategic Plan
- Strengths: List strengths and contributions of the program
- Students Served: Highlight the student population served

Assessment
- Assessment results attached

2019-2020 Norco College Program Review Resource Request Process (Draft 11-26-2019)
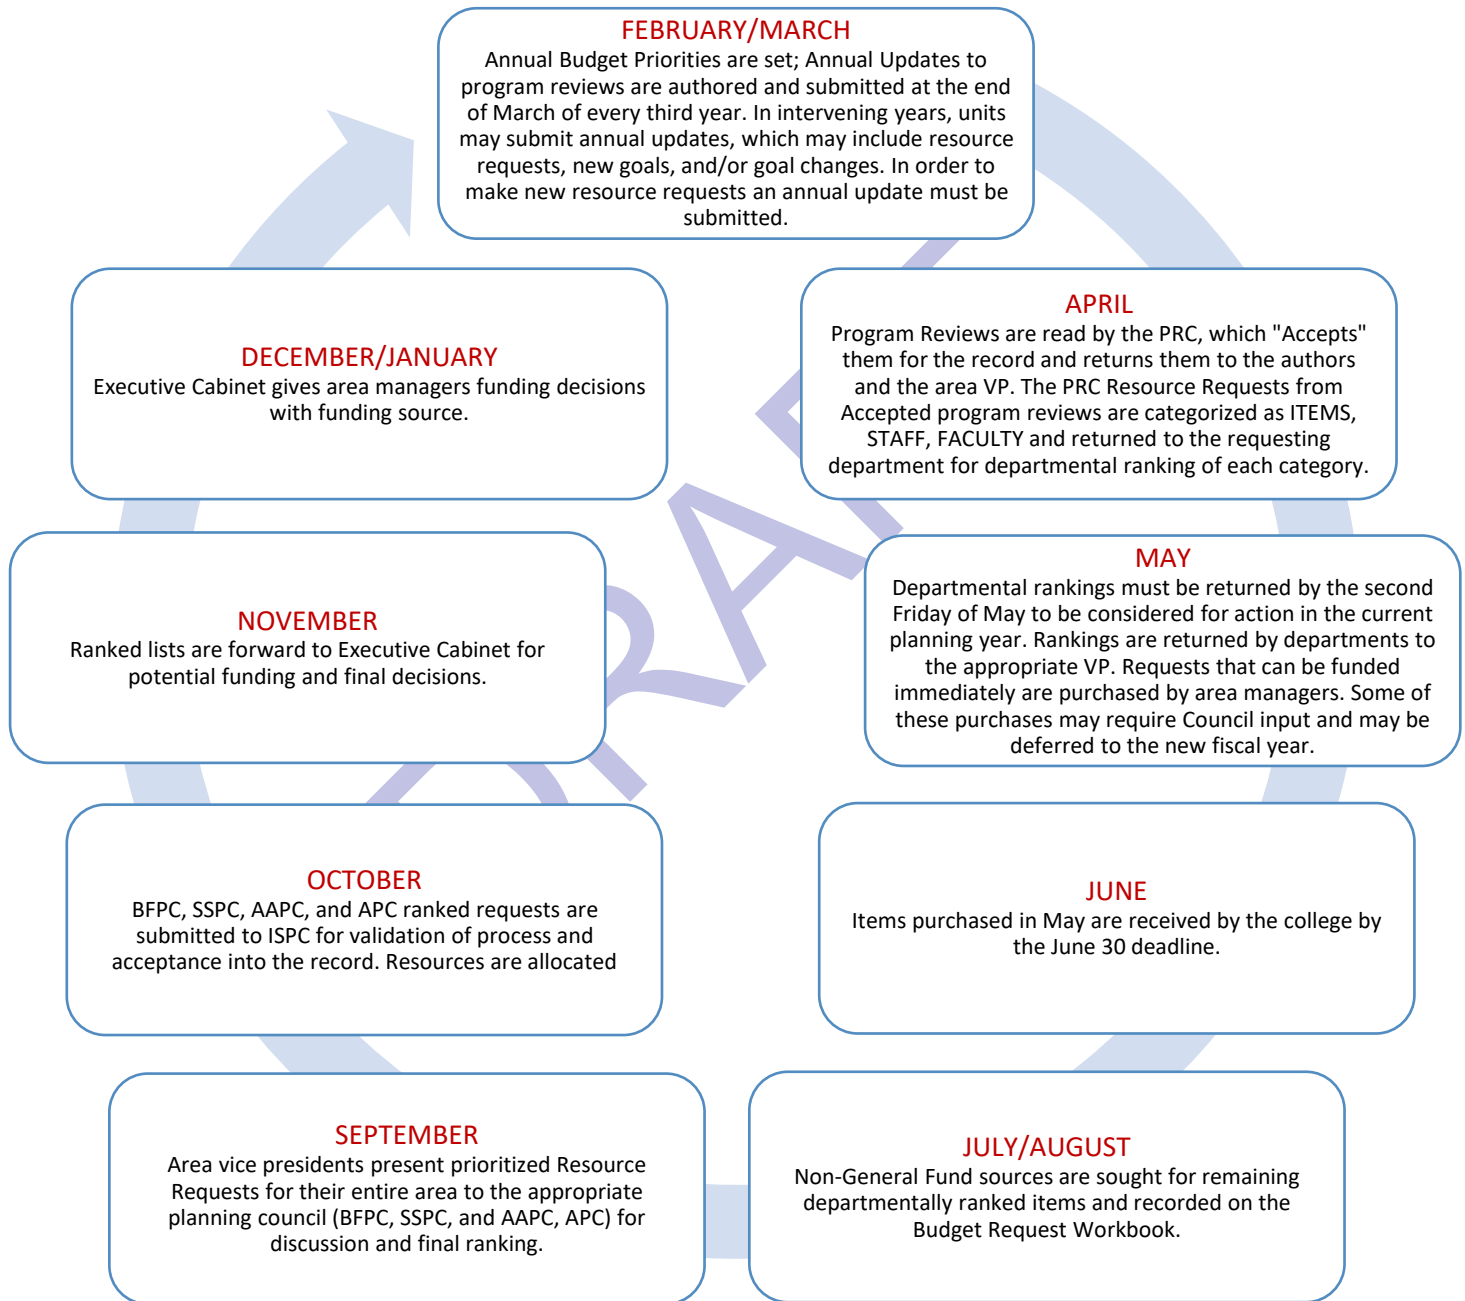

A Resource Request is a request for human or physical resources or a request for a budget augmentation (ongoing or one-time). Program Review at Norco College is on a three-year cycle, with all units undertaking Program Review in 2018. Each subsequent year, annual goals and resource requests may be added or updated as needed. All resource requests are stored in a single table called "Resource Requests 2018-2021". The annual prioritization process starts in February to ensure appropriate connection and timing related to college budget processes and institutional planning needs.

1. Annual Budget priorities for FY 2019/20 are discussed and recommended by ISPC and set by Executive Cabinet. *(February 2019)*
2. In addition to budgeting funds for regular administration of the college, Executive Cabinet designates the following allocation categories to be used for normal operations: *(March-April 2019)*
   a. Total Program Review Resource Requests Funds (for items not funded below). $185,000
   b. Lottery Funds Restricted (Academic). $360,000
   c. Professional Development. $25,000
   d. Technology Allocation. $450,000
   e. Marketing Allocation (Strategic Development). $110,000
3. Program reviews are authored and submitted at the end of March of every third year. In intervening years, units may submit annual updates, which may include resource requests, new goals, and/or goal changes. *(March 2019)*
   Requests include items identified and justified in program review:
   a. Items not funded in the previous year (these are rolled over if not funded)
   b. New items that were not listed in program review but are needed now to achieve outcomes.
   c. Items considered outside of normal operating needs (e.g., new furniture, software, instructional supplies, instructional equipment, facilities needs and non-faculty personnel).
   4. Resource Requests are read by the Program Review Committee (PRC), which "Accepts" them for the record and returns them to the authors and the area VPs. The PRC Resource Requests from Accepted program reviews are categorized as ITEMS, STAFF, FACULTY and returned to the requesting department for departmental ranking of each category. *(April 2019)*
5. Area managers work with department faculty and staff to prioritize resource requests each year. *(Due 2nd Friday of May, 2019)*.
   • Full-time faculty requests follow the Academic Planning Council process.
   • ITEMS and STAFF requests are prioritized by academic department or program areas and should note direct ties to college mission, strategic plan, budget priorities, and intended outcomes.
6. Area managers review prioritized list with respective departments/divisions and communicate the availability of possible funding (non-General Fund sources). Requests that can be funded immediately are acted upon by area managers before the purchasing deadline in May. *(May 2019)*
   a. Items that can be purchased with available department funds, grant funds, restricted lottery funds may be acted upon by area managers whose decisions are informed by the department rankings.
7. Area vice presidents present remaining prioritized Resource Request for their entire area to the appropriate planning council (BFPC, SSPC, and AAPC) for discussion and ranking based on a rubric revised each year by the councils. *(September, 2019)*
8. Area Vice Presidents present funding priorities from their respective councils to President's Cabinet for analysis and final determination of funding in accordance with strategic plan. *(September, 2019)*
   a. Items not funded in the current year are notated with a rationale, such as:
      • Request not related to College Mission, Strategic Plan, Budget Priorities, Intended Outcomes
      • Insufficient funding
      • Not enough information provided
      • No longer needed
9. Business Services begins allocation of funds for prioritized items based on funding availability, and provides account numbers for funded items, and provides rationale for unfunded items. *(October-November, 2019)*
10. Executive Cabinet gives area managers funding decisions with funding source. *(December 2019-January 2020)*
11. Area leaders work with faculty and staff to process purchases of funded Resource Requests. *(December 2019-April 2020)*
12. Area leaders ensure the measurement of the intended outcome related to the resource allocation request is undertaken. Results are documented in program review every three years. *(July 2020)*
13. Annual institution wide evaluation of effectiveness of the Resource Request Procedures (RRP) takes place, results are analyzed to enable continuous improvement. *(November 2019)*
14. Area VP reviews unfunded Resource Requests for FY 19/20 and funds additional requests according to priority previously established. (If additional funding exists). *(February 2020)*

Revised 11-26-2019

DRAFT PROGRAM REVIEW AND RESOURCE REQUEST PRIORITIZATION TIMELINE

Program Reviews (three-year) for all programs (instructional disciplines, programs of study, special programs, administrative areas, and student services) are completed in March at the beginning of each 3-year cycle. Prior to the current 2018-2021 cycle, the college conducted comprehensive program reviews for the period 2014-2017.

Each year by mid-March, programs may elect to complete an Annual Update, which consists of updated goals and resource requests based on the evolving needs of the program. The following graphic depicts the annual cycle by which annual resources are prioritized and acted upon.

FEBRUARY/MARCH
Annual Budget Priorities are set; Annual Updates to program reviews are authored and submitted at the end of March of every third year. In intervening years, units may submit annual updates, which may include resource requests, new goals, and/or goal changes. In order to make new resource requests an annual update must be submitted.

APRIL
Program Reviews are read by the PRC, which "Accepts" them for the record and returns them to the authors and the area VP. The PRC Resource Requests from Accepted program reviews are categorized as ITEMS, STAFF, FACULTY and returned to the requesting department for departmental ranking of each category.

DECEMBER/JANUARY
Executive Cabinet gives area managers funding decisions with funding source.

MAY
Departmental rankings must be returned by the second Friday of May to be considered for action in the current planning year. Rankings are returned by departments to the appropriate VP. Requests that can be funded immediately are purchased by area managers. Some of these purchases may require Council input and may be deferred to the new fiscal year.

NOVEMBER
Ranked lists are forward to Executive Cabinet for potential funding and final decisions.

JUNE
Items purchased in May are received by the college by the June 30 deadline.

OCTOBER
BFPC, SSPC, AAPC, and APC ranked requests are submitted to ISPC for validation of process and acceptance into the record. Resources are allocated

SEPTEMBER
Area vice presidents present prioritized Resource Requests for their entire area to the appropriate planning council (BFPC, SSPC, and AAPC, APC) for discussion and final ranking.

JULY/AUGUST
Non-General Fund sources are sought for remaining departmentally ranked items and recorded on the Budget Request Workbook.

DRAFT RESOURCE CATEGORIES, DESCRIPTION, GOVERNANCE RANKING

TYPE	ITEM	DEFINITION	GOV
ITEMS	Instructional Supplies and Materials used by students and teachers as a learning resource	Software (purchased or licensed), books, textbooks (owned by the college), tests, periodicals, instructional media, digital subscriptions, library databases, and non-durable equipment. Non-durable equipment (regardless of cost) is generally not expected to last more than a year or two and is not readily repairable and therefore disposable (equipment eligibility determinations are made on a case-by-case basis in consultation with the District Controller). Expenditures NOT allowed include replacing computers in a computer lab or replacing audio-visual equipment in a classroom. Based on Education Code Section 60010(h) and 60010(m)(1).	AAPC
	Instructional Equipment, Furniture, Technology used by students as learning resource	Classroom/Laboratory Equipment, Whiteboard, Projector screen, Projector, Desks, Tables, Podium, Chairs, Desktop Computers, Laptops, Monitors, Printers, Servers, Network/Wireless infrastructure, AV/TV, Multi-media, software licensing (for first year of use), Systems for Registration, Counseling, Student Services, Learning Management Systems, Adaptive equipment for ADA/OCR.	AAPC
	Equipment and Furnishings (non-instructional)	Items designed for long term use and is generally repairable and maintainable (not consumable) and is not categorized as Technology and is not Instructional Equipment (see Technology definition). Includes machinery, copiers, vehicles, tools, lab equipment (autoclave, microscopes, etc.), cabinetry, office furnishings, etc.	AAPC or SSPC or BFPC
	Technology	Computers (desktop, laptop, tablet, laptop/tablet carts), Audi-Visual Equipment (projectors, document projectors, smart panels, sound systems, podium systems, portable AV/Computer systems, telephones), Copiers, Peripherals (printers, cable locks, etc.), Classroom Lighting, Networking, Tech Wiring (cabling and electrical drops), Software.	TECH
	Facilities	Requests for changes to facilities for program improvement or expansion purposes. Includes repurposing or re-equipping or refurnishing or remodeling or creating space, including estimated costs of facility changes.	BFPC
	Professional Development	Training, travel, participation in conferences, professional organization, workshops, state-sponsored activities	PDC
	Budget Change	Establish or Change an Ongoing Budget for Administrative Supplies, Equipment (non-instructional), Contracts and Agreements, Software Licensing (non-instructional), Special Projects, Services, Maintenance, Travel (non-prof dev), Promotional Supplies, Advertising, Outreach Support, Transportation (local), Printing.	BFPC
STAFF	STAFF	Requests for new or reclassified positions for staff, manager, professional expert, faculty coordinator, temporary employee, and ongoing special projects, including requests for changing PT to FT	AAPC or SSPC or BFPC
FACULTY	FACULTY	Requests for new. Note: replacement and temporary full-time faculty positions handled in a separate process that is not generally included in program review	APC

Annual Budget Priorities (Sample Below)

College annual planning and decision making on program review requests is continually informed by the Annual Budget Priorities developed and recommended by ISPC and adopted by the Executive Cabinet. Below is a sample of the DRAFT 2019/20 Norco College Budget Priorities under consideration by ISPC.

In compliance with all regulations and laws, and alignment with Norco College's strategic plan goals of Student, Regional, and College Transformation, the College will primarily focus its resource allocation on the following strategic objectives.

Student Transformation

- Maximize efficient FTES generation to meet established targets and provide access
- Continue to implement Guided Pathways
- Continue to close student equity gaps
- Improve program of study completion rates
- Implement an improved professional development program

Regional Transformation

- Establish distinct regional identity
- Initiatives that impact regional development
- Invest in workforce and economic development initiatives

College Transformation

- Invest strategically in new programs that develop a "comprehensive college"
- Support integrated planning, effective governance, continuous improvement
- Strategic investment in college personnel
- Develop/improve physical facilities to meet the demands of a "comprehensive college"
- Implement technology-enhanced operational systems
- Strategic investments to increase resource capacity and revenue generating projects

Total Cost of Ownership (TCO) Estimator

The Total Cost of Ownership (TCO) Estimator is a very important budget planning tool, it is used by college departments to calculate the cost for personnel, physical facility, and information technology requests included in resource requests integrated with program review.

[Click on the this link to access the TCO excel spreadsheet located in the Business Services website.](#)

Norco College Budget Transfer Approval Process

Type A - Transfer within a major object. (Requires Area VP and VP of Business Services Approval)
Type B - Transfer between major object codes. (Requires VP, Associates VC, President or Chancellor and Board approval)

1. Budget Transfers (BTs) are initiated by division offices

    a) Requestor runs a budget report in "View Financial Summary" in Galaxy to ensure sufficient funds are available for the transfer.
    b) Requestor to include enough information in the reason for transfer line in the Budget Transfer form.
    c) Select type of budget transfer (A or B).
    d) Indicate whether the budget transfer is a permanent or one time transfer.

        Please note: If a budget transfer involves more than three general ledger budget lines, the district will accept an excel spreadsheet with a column indicating the changes and a column calculating the result of the budget transfer. **At the top on the sheet, include the reason for transfer, the type of budget transfer (A or B), and whether it is a permanent or one time transfer.**

2. If a budget transfer for Categorical/Grant funds requires certification from the granting agency, please attach approval.

3. Division Dean or Project Director approves and forwards BT to Area Vice-President for approval.

4. Area Vice-President approves and forwards budget transfer (BT) to Business Services to check for availability of funds, compliance and accuracy.

5. After budget transfer (BT) is verified, Vice-President of Business Services will approve and forward approved budget transfers to District Budget office via e-mail for final review, approval and posting and will include the Requestor and Dean or Program/Grant director and all others interested parties in the e-mail.

6. The originator of the budget transfer (BT) can check status of the budget transfer in "View Financial Summary" or "View Financial Detail" in galaxy.

Revised 1/28/20

Norco College Budget Transfer Approval Process

Type A -Transfer within a major object (Requires Area VP and VP of Business Services Approval)
Type B -Transfer between major object codes. (Requires VP, Associates VC, President or Chancellor and Board approval)

Division or Area Requestor → Dean/Project Director Approver → Area Vice President Approver → Business Services Director/FTA Reviewer → Vice-President of Business Services Approver → District Budget office Final review, approval and posting

Note: Type B Budget Transfers require board approval.

Submitting Department: _____

Riverside Community College District
Vendor Purchase Order Requirement Policy and Acknowledgement Form

All properly authorized purchases or services for the Riverside Community College District (RCCD) must be evidenced by the issuance of purchase orders. Goods and/or services purchased or ordered without District issued purchase orders are considered unauthorized purchases for which the district has no legal liability or obligation to pay vendor claims. The District's purchase order number must be referenced on a vendor's invoice in order to ensure that purchases are made by authorized individuals for appropriate District purposes.

Invoices must include a purchase order number, itemized description of materials/services rendered, date the materials/services were delivered/performed, invoice date and amount due. All invoices must be submitted to Riverside Community College District, Accounts Payable, 3801 Market Street, Riverside, CA 92501, or emailed at AccountsPayable@rccd.edu. The District payment terms are 30 days from the receipt of your invoice.

Any invoice received by the Riverside Community College District which, is not supported by a purchase order will not be accepted as a valid District obligation. Without a purchase order number, the vendor cannot be assured that the person obtaining the goods or services has been authorized to obligate the District. Payment of the invoice will be delayed until a valid purchase order number has been established or identified.

All contractors, vendors, or other service providers wishing to conduct business with RCCD are required to have their own insurance. The standard insurance requirements are workers' compensation in accordance with the laws of the State of California, general liability and/or vehicle liability. Coverage shall remain in effect during the entire contract term. Depending on the service and/or purchase, the contractor, vendor or service provider may be required to provide the District with a Certificate of Insurance, naming the District as an additional insured. Additionally, the Certificate shall state that the District will be given 30 days' notice of any material change in coverage or cancellation of coverage. If required, the Certificate must be provided prior to the issuance of a P.O. For questions related to insurance requirements, please contact Risk Management at 951-222-8128.

Vendors who violate this policy may be restricted from issuance of future purchase orders.

I/we hereby acknowledge receipt of the above and agree to comply with the purchase order requirement policy of the Riverside Community College District.

Form **W-9**

(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer
Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. **See Specific Instructions** on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I **Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Employer identification number

☐☐ – ☐☐☐☐☐☐☐

Part II **Certification**

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and

2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

3. I am a U.S. citizen or other U.S. person (defined below); and

4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

• Form 1099-INT (interest earned or paid)

• Form 1099-DIV (dividends, including those from stocks or mutual funds)

• Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)

• Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)

• Form 1099-S (proceeds from real estate transactions)

• Form 1099-K (merchant card and third party network transactions)

• Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)

• Form 1099-C (canceled debt)

• Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Cat. No. 10231X

Form **W-9** (Rev. 10-2018)

RCCD Insurance Requirements

Hello_____-

We are in the process of preparing the Purchase Order for the work Company Name   is going to do at the _____ location of project or project that is being done   . In order to complete the process the RCCD Purchasing Department needs your CA contractor's license number and a copy of the contractor's General Liability, Workers Compensation, Automobile, and Employers Liability Insurance Certificates, prior to the onset of work. Insurance Company must be from a California admitted carrier with a financial rating of at least an A status. The Contractor shall name, on any policy of insurance required, its officials, officers, and employees as insured, with respect to performance of the work. Please include the additional insured endorsement.

Limit Requirements:

General Liability - $ 2,000,000 (general aggregate)
                                $1,000,000 (each occurrence)

Automobile Liability - $1,000,000

Worker's Compensation - $1, 000,000

NOTE: The insurance form copies can be emailed to me at majd.askar@rccd.edu
          Please mail original certificate and endorsements to the address listed
          below.

Mailing Address
          3801 Market Street
          Riverside, CA 92501

Reset Form

AGREEMENT/CONTRACT (A/C) TRANSMITTAL FORM

Vendor/Other Party Name	Business Location (City & State)	Time Period A/C is in Effect	Description of Goods/Services (if amendment, also include amendment number, first, second, third, etc.)	Amount	Budget Code
88					

Budget/Purchasing Office Use Only:

1.) Initiating Department Manager Name & Title: _____   Signature: _____   Date: _____

2.) Email A/C to General Counsel for review and approval of the A/C and insurance requirements. Print reply email approving A/C and insurance requirements to include in packet.

3.) Submit the following items with the A/C Transmittal Form as a complete packet (incomplete packet will delay processing):

Checklist:

___ Original A/C transmittal form (all fields must be completed)

___ Copy of the board report (required for all agreements over $95,200)

___ **TWO (2)** originals of the A/C signed by the vendor

___ Printed email of approval from General Counsel

___ **Req. No.** _____ (leave blank if revenue generating) include copy of Galaxy requisition

___ Certificate of Insurance from vendor **OR** _____ Certificate of Insurance from vendor NOT required per email from General Counsel

___ A/C reviewed by Functional Vice President (for college) or Dept. Administrator (for district)   Initial: _____   Date: _____

For College A/C's UNDER $95,200

4.) College Vice President (VP) of Business Services must review the attached A/C for appropriateness.

College VP Signature: _____   Date: _____   ~ VP forward to President's Office for A/C Signature

5.) President's Office: After signing A/C, route complete packet, including both fully executed A/C's to Budget Office for review/verification of funds. Initial: _____

6.) Budget Analyst Initial: _____   Date: _____   ~ Route to Purchasing

For College A/C's OVER $95,200

4.) College Vice President (VP) of Business Services must review the attached A/C for appropriateness.

College VP Signature: _____   Date: _____   ~ VP forward to Budget Office

5.) Budget Analyst Initial: _____   Date: _____

6.) Route to Vice Chancellor, Business & Financial Services for A/C signature. Initial: _____   Date: _____   ~ Route to Purchasing

For District A/C's

4.) Initiating Department Administrator must review the attached A/C for appropriateness.

Dept. Administrator Signature: _____   Date: _____   ~ Dept. Administrator forward to Budget Office

5.) Budget Analyst Initial: _____   Date: _____

6.) Route to Vice Chancellor, Business & Financial Services for A/C signature. Initial: _____   Date: _____   ~ Route to Purchasing

RETURN Completed A/C to (Name): _____   **Dept.** _____   **College/Location:** _____

RCCD Internal Procedures for Processing Contracts
(January 2020 Update)

NOTE: A vendor, contractor, or any other person/entity, providing services or product to RCCD is not to begin performance under a contract unless the contract has been signed by both parties, the Vendor's Certificate of Insurance has been received and the P.O. has been approved and issued to the vendor by the purchasing office.

All Agreement/Contract (A/C) _Over $95,200_ must have approval by the Board of Trustees and can only be signed by VC, Business and Financial Services.

1. The Department is to make sure they have the funding and a budget account set up before they proceed with the A/C.

2. The Department sends the A/C to General Counsel for review.

3. The General Counsel will send A/C back to department indicating it is either approved to go forward for Board approval or will note changes needed

4. The Department will: Make the necessary changes; obtain approval from the vendor for the changes, prior to placing the item on a Board agenda; and, prepare the A/C for Board committee, if necessary, or to the Board consent items agenda, for approval.

5. Once the A/C is approved by the board, the department will initiate a purchase requisition (type A) through Galaxy and send the agreement (2 copies) to the vendor for signature before it goes to the Budget Office (BO).

6. The department will send to the Budget office:

- A Contract Transmittal Form with a copy of the board report,
- 2 originals of the A/C, signed by the vendor,
- The Vendor's Certificate of Insurance (unless the insurance requirement has been waived by Risk Management, Safety & Police or Legal)
- and a copy of the purchase requisition created in Galaxy, to the Budget office for funding verification
- Budget office will forward all documents to the **Vice Chancellor of Business and Financial Services** for review and signature. (NOTE, on the Contract Transmittal Form, in the blank where the area VP/VC would normally sign, put in the words "Board Approval on_____", filling in the date of the Board meeting at which the document was approved.) For additional information on the certificate of insurance, see #8.

**7.** The Vice Chancellor of Business and Financial Services will:

- forward the signed originals of the A/C to the Purchasing department. One original will be kept on file and added to the contract database spreadsheet.
- Copies will be made and distributed to Accounts Payable and the originating department.
- **Note:** The originating department will send a signed original contract to their vendor contact.

8. It is the processing Department's responsibility to obtain the Certificate of Insurance at the time the vendor is signing the A/C. The required Certificate of Insurance MUST accompany the Contract packet (#6 above). Otherwise, the packet will be returned to the sender and not processed until the Certificate of Insurance is received.

A written contract is necessary when the vendor requires one. A Purchase order is a Contract/ Agreement and binds both parties to the terms and conditions of the Purchase order.

All Agreement/Contract (A/C) Under $95,200 do not need Board of Trustees approval but they need signature of a President or Vice Chancellor or Business and Financial Services.

NOTE: A vendor, contractor, or any other person/entity, providing services or product to RCCD is not to begin performance under a contract unless the contract has been signed by both parties, the Vendor's Certificate of Insurance has been received and the P.O. has been approved and issued to the vendor by the purchasing office.

1. The Department is to make sure they have the funding and a budget account set up before they proceed with the A/C.

2. The Department sends the A/C to General Counsel for review.

3. The General Counsel will send A/C back to department indicating it is either approved to go forward for Board approval or will note changes needed

4. If changes have been made to the original A/C, department will make sure vendor approves of the changes.

5. Once the A/C is in final form, the GC will give approval, by email that the document may go forward.

6. The Department will:
- obtain the signature of the vendor on two (2) originals of the A/C.
- IF the department desires to keep an original of the document for their files, then three (3) originals are needed.

7. At College Level

i. The College department will:
- Complete a Contract Transmittal Form,
- Initiate a purchase requisition (type A) through Galaxy
- Send all, along with the vendor- signed copies of the A/C and the vendor's Certificate of Insurance (unless the insurance requirement has been waived by Risk Management, Safety & Police or Legal – see #3 below) **to the College Vice President of Business (VPB)**, for general and budget review/approval.
- The VPB will indicate approval in the appropriate blanks on the transmittal form, and forward the packet **to the President** for review and signature.

ii. The President's Office will forward the packet to the Budget Office for funding verification and logging into the contracts database.

iii. After logging, the Budget Office will:
- forward the packet to the Purchasing Department.
- The Purchasing Department will retain one of the originals, send a copy to Accounts Payable and send the other original back to the originating department,
- The department will forward it on to the vendor contact, keeping a copy in the department's files.

NOTE: Even though the actual contract does not need to go to the Board for prior approval, it will appear on a list, prepared by the Purchasing Department, as part of the Purchase Order agenda, for ratification by the Board

Revised January 2020

NC Business Services

RCCD Internal Procedures for Processing Contracts
January 2020 Update

The Chancellor delegates to the Vice Chancellor of Business and Financial Services or the College Presidents**,** the authority to sign, and legally bind, RCCD to agreements/contracts (A/C) entered into for the District or a specific College. All A/C's over $95,200 must have approval by the Board of Trustees and can only be signed by the Vice Chancellor, Business and Financial Services.   Contracts that are $95,200 and under, or those contracts involving no receipt or expenditure of money, do NOT need to go to the Board. But, they do still need the signature of a President or the Vice Chancellor of Business and Financial Services. (See procedures below)

NOTE: A vendor, contractor, or any other person/entity, providing services or product to RCCD is not to begin performance under a contract unless the contract has been signed by both parties, the Vendor's Certificate of Insurance has been received and the P.O. has been approved and issued to the vendor by the purchasing office.

GUIDELINES

ALL contracts (even if there is no cost to the District and regardless of the dollar amount, except for those contracts/agreements discussed in Section V, herein), including Amendments or Addendums, MUST be read in their entirety by the manager, supervisor, or administrator of the Department processing the contract to make sure the Department/College/District can perform the provisions of the contract prior to submitting to the District's General Counsel (GC) for review.   The GC is reviewing the contract to make sure legal requirements are met and would not know whether or not the department can perform the terms of the contract.

All A/C's must be with the Riverside Community College District and NOT an individual college, department, or person/position in the District (i.e. Agreement between XYZ Company and Riverside Community College District – NOT XYZ Company and the RCC Business Department). For contracts at the College level, the contract should be between the Riverside Community College District, on behalf of the   College.

All parties we contract with (whether a business or an individual) must be listed by their legal name.

I.   Procedures for Contracts Over $95,200:

1. The Department is to make sure they have the funding and a budget account set up before they proceed with the A/C.

2. The Department will send the A/C, electronically, to the GC for review.

3. The GC will send A/C back to department indicating it is either approved to go forward for Board approval or will note any changes to be made before it can go forward.

4. The Department will: Make the necessary changes; obtain approval from the vendor for the changes, prior to placing the item on a Board agenda; and, prepare the A/C for Board committee, if necessary, or to the Board consent items agenda, for approval. See Section VII below for information on whether or not an A/C needs to go to Board Committee first.

5. Once the A/C is approved by the board, the department will initiate a purchase requisition (type A) through Galaxy and send the agreement (2 copies) to the vendor for signature before it goes to the Budget Office (BO).

6. The department will send a Contract Transmittal Form with a copy of the board report, 2 originals of the A/C, signed by the vendor, the Vendor's Certificate of Insurance (unless the insurance requirement has been waived by Risk Management, Safety & Police or Legal) and a copy of the purchase requisition created in Galaxy, to the BO for funding verification. BO will forward all documents to the Vice Chancellor of Business and Financial Services for review and signature. (NOTE, on the Contract Transmittal Form, in the blank where the area VP/VC would normally sign, put in the words "Board Approval on _____", filling in the date of the Board meeting at which the document was approved.) For additional information on the certificate of insurance, see #8 below.

7. The Vice Chancellor of Business and Financial Services will forward the signed originals of the A/C to the Purchasing department. One original will be kept on file and added to the contract database spreadsheet. Copies will be made and distributed to Accounts Payable and the originating department. The originating department will send a signed original contract to their vendor contact.

8. It is the processing Department's responsibility to obtain the Certificate of Insurance at the time the vendor is signing the A/C. The required Certificate of Insurance MUST accompany the Contract packet (#6 above). Otherwise, the packet will be returned to the sender and not processed until the Certificate of Insurance is received.

II. Procedures for Contracts $95,200 and below:

A written contract is necessary when the vendor requires one. If the vendor sends a document which the District needs to agree to and sign, then it is a contract/agreement. If the vendor will accept a Purchase Order in lieu of a separate written contract/agreement, then a written contract/agreement is **not** necessary, and you will follow the process outlined in Section IV. The Purchase Order is a contract/agreement and binds both parties to the terms and conditions of the purchase order.

If you have an agreement/contract $95,200, or below, or for no cost to the District, that needs to be processed:

1. The Department is to make sure they have money and a budget account set up before they proceed with the A/C.

2. The Department will send the A/C, electronically to the GC for review.

3. The GC will send A/C back to department indicating any adjustments needed.

4. If changes have been made to the original A/C, department will make sure vendor approves of the changes.

5. Once the A/C is in final form, the GC will give approval, by email that the document may go forward.

6. The Department will obtain the signature of the vendor on two (2) originals of the A/C. IF the department desires to keep an original of the document for their files, then three (3) originals are needed.

7. **At College Level:**

   i. The College department will complete a Contract Transmittal Form and initiate a purchase requisition (type A) through Galaxy and send all, along with the vendor-signed copies of the A/C and the vendor's Certificate of Insurance (unless the insurance requirement has been waived by Risk Management, Safety & Police or Legal – see #3 below) to the College Vice President of Business (VPB), for general and budget review/approval. The VPB will indicate approval in the appropriate blanks on the transmittal form, and forward the packet to the President for review and signature.

   ii. The President's Office will forward the packet to the Budget Office for funding verification and logging into the contracts database.

   iii. After logging, the Budget Office will forward the packet to the Purchasing Department. The Purchasing Department will retain one of the originals, send a copy to Accounts Payable and send the other original back to the originating department, who will forward it on to the vendor contact, keeping a copy in the department's files.

8. **At District Level:**

   i. The District Department will complete a Contract Transmittal Form and initiate a purchase requisition (type A) through Galaxy and send a copy of it, the transmittal form, the vendor-signed A/C and the vendor's Certificate of Insurance (unless insurance requirements have been waived by Risk Management, Safety & Police or Legal – see #3 below) to the appropriate Vice Chancellor for review and sign-off.

   ii. The Vice Chancellor will then forward the packet (originals of contract, transmittal form, and copy of requisition), to BO. BO will initial approval on the transmittal form and forward all documents to the Vice Chancellor of Business and Financial Services, for review and signature.

      iii. Once signed, the Vice Chancellor of Business and Financial Services, will forward the documents to the Purchasing Department. One original will be kept on file in the Purchasing Office and added to the contract database. Copies will be made and distributed to Accounts Payable and the originating District department, along with a signed original. The originating District department will send the signed original of the contract to their vendor contact.

9. It is the processing Department's responsibility to obtain the Certificate of Insurance at the time the vendor is signing the A/C. The required Certificate of Insurance MUST accompany the Contract packet (#6.1.i and 6.2.i above). Otherwise, the packet will be returned to the sender and not processed until the Certificate of Insurance is received.

Keep in mind that the District's regular terms of payment are Net 30. If the individual or company that is being contracted with (vendor) requires payment terms other than Net 30, please indicate the desired terms of payment in the External Notes portion of the purchase requisition format in Galaxy. Please also indicate "Have paper contract" in the External Notes.

NOTE: **Even though the actual contract does not need to go to the Board for prior approval, it will appear on a list, prepared by the Purchasing Department, as part of the Purchase Order listing on the consent Board agenda, for ratification by the Board.**

III. **Amendments**

Amendments may be done for any contract already signed/approved and in effect, in order to extend the term of the contract, increase the amount of the contract, add to the scope of work, etc. However, if you are doing an Amendment in order to increase the amount of the contract be advised of the following:

Example (1): Original contract was for $68,000 and signed by the College President or Vice Chancellor Business and Financial Services. You want to do an Amendment to add $25,000 to the original contract amount, which would increase the total value of the original Contract to $93,000. This pushes the amount of the original contract over the threshold of $95,200, and requires the Amendment to be approved by the Board of Trustees. In that case, you would process the Amendment by following the procedures in Section I, above.

Example (2): Original contract was for $68,000 and signed by the College President or Vice Chancellor Business and Financial Services. You want to do an Amendment to add $10,000 to the original contract amount, making the total value of the original contract $78,000. This is still under the $95,200 and you can follow the procedures in Section II, above, to process the Amendment.

Contact GC for an Amendment template, if needed. All amendments must go to the GC for final review and approval to move forward for signature.

IV. Purchase Order Instead of Contract:

1. You **do not need a written contract** if your vendor does not require one and will accept a Purchase Order (P.O.) instead. Purchase Orders are legal agreements. Simply prepare your purchase requisition in Galaxy, making sure to include the following <u>required</u> information in your external notes:

    For Services:
    a) The purpose of the Contract/purchase order – be as descriptive as possible;
    b) The time period, whether it is one day or from _____ to _____;
    c) The not to exceed amount; and,
    d) Payment provisions, which may include reimbursable expenses and a rate listing.

    For Product:
    a) The proposal or order confirmation number, date, or name of company contact person

2. You may include any other information/comments you feel necessary in the external and/or internal notes section. Keep in mind that external notes are for the vendor's information. Do not put something in external notes that you don't want the vendor to read – those kinds of notes should be in the internal notes.

3. If you have any documents that purchasing or the budget office will need in order to process your PO, such as a proposal or order confirmation, you need to note that in the internal notes on your purchase requisition and send those documents to the BO.

4. In order to be a valid agreement, the PO must be accepted by the vendor. Our Purchasing Department will send the PO to the vendor, either by mail, fax, or email.

NOTE: <u>The Budget Office will not process your requisition unless all of the required information is included in</u>
<u>The notes.</u>

V. Annual or Renewal Equipment Maintenance Agreements and District/Libraries Software Licensing/Maintenance Agreements

For those Departments that have renewing annual equipment maintenance agreements, or District IT Departments or College libraries renewing software maintenance or licensing agreements, you do not need to go through the complete contract processing arrangement outlined above. The process is as follows:

1. If you have such an agreement, the document does not have to go to the GC for review and approval and it can be sent to your College Vice President of Business for review and forwarding to the College President for signature, or, in the case of a District department, to your appropriate Vice Chancellor, for review and forwarding to the Vice Chancellor, Business and Financial Services for signature. A Contract Transmittal Form is also to be

included.

2. Once signed, you will initiate an "A" type purchase requisition through the "modify Purchase Requisition" screen in Galaxy for a Contract Purchase Order for the entire value of the annual maintenance.

3. Send a copy of the requisition, along with the signed maintenance agreement, and the completed Contract Transmittal Form, to BO for review.

4. BO will forward the A/C to the Purchasing Department. One original will be kept on file in the Purchasing Office and added to the contract database. Copies will be made and distributed to Accounts Payable and the originating District department, along with a signed original. The originating District department will send the signed original of the contract to their vendor contact.

VI.   Revenue generating Agreements/Contracts

The most common situation where this would apply would be an A/C that is the result of a grant award, agreement, or contract, with an outside agency or entity, to operate programs or to collaborate in activities, or some other situation where the District is compensated in exchange for a service, leased space, product, etc.

For processing the Agreement/Contract -

1. The Department will send the A/C, electronically, to the General Counsel (GC) for review.

2. The GC will send A/C back to department indicating it is either approved to go forward for signature or will note any changes to be made before it can go forward for further processing.

3. The Department will make the necessary changes and obtain approval from the granting agency or outside entity for the changes.

4. IF the A/C is over $500,000 in value, it must have Board approval. Whether or not it has to go to Board Committee first is discussed in Section VIII below. Follow Section I for Board approval process.

5. If the A/C is under $500,000, it does NOT need Board approval and you should refer to Section II.7. for processing, depending on whether you are a District or College Department, except that you do NOT do a purchase requisition – you follow the 2nd paragraph below in the NOTE. If a granting agency or outside entity requires Board approval please refer to #4 above.

NOTE: Process the required number of originals, which is at least 2, but the granting agency may require additional originals.

It is important to know that not only does an agreement/contract have to be approved, but the money the District will be receiving needs to be added to the District/College budget by Board action. So, as soon as possible after the grant has been awarded, contact the BO to start the process of adding the grant money to the District/College budget. The BO will help walk you through this process.

VII. Contracts for use of hotels, convention/community centers, other schools, etc., for banquets, retreats, or other group gatherings (this does not include holding a class).

The process is the same as that indicated above in Section V.   Even though the GC does NOT review these documents, the manager/department entering into the contract is still responsible for reviewing the contract.

VIII. How do I know if a Contract/Amendment needs to be put on a Board Committee agenda first?

1. First and foremost, the College President or appropriate Vice Chancellor has the final say on whether or not a contract or amendment has to go to a Board Committee first or can be placed directly on the Board's regular meeting agenda under consent items for District business – contracts and agreements.

2. It is impossible to list all of the situations that may be applicable, but, generally, a contract/amendment should be considered for a Board Committee agenda if it deals with new programs or initiatives; is regarding a non-routine project or special project.

When in doubt, the area Administrator should be consulted, who may, in turn, need to consult with the College President or appropriate Vice Chancellor. Be advised that all items for a Board committee will require a review by the College President or Vice Chancellor, who will bring it to the Chancellor's Cabinet for review prior to submission to Committee.

RIVERSIDE COMMUNITY COLLEGE DISTRICT
BIDDING AND PROCUREMENT PROCEDURES

Purchasing Department's Role

The Riverside Community College District's Purchasing Department, under the Business and Financial Services division, handles the procurement of quality goods, services, and construction from responsible vendors at the lowest cost or best value. The purpose of Purchasing Department is to ensure that the procurement of goods and services is conducted in accordance with the procedures set forth by the Board of Trustees, the California Public Contract Code (PCC), the California Education Code, and other applicable laws of the State of California and the District's internal control polices. Consistent with the California Public Contract Code, the District solicits Invitations to Bid, Requests for Proposals (RFP), Requests for Qualifications (RFQ), or other formal methods of procurement for contracts exceeding bid limits. The Purchasing Department is a separate, independent department that coordinates and works with the District's Facilities Planning & Development, College Business Services, Maintenance and Operations departments, and the District's Construction Management firms on bids associated with public works projects.

The Purchasing Department, along with the department project manager, determines the appropriate bidding method based on the estimated project cost. A bid summary form is completed for public works projects to help determine the bidding method (formal or informal bidding), general contractor (District project) or construction management (CM) project utilizing the multi-prime project delivery method.

Purchasing Bid Limits

Per Public Contract Code section 20651, community college Districts must competitively bid any contract involving an expenditure of:

❖ More than $95,200 (this threshold amount is annually adjusted) for the purchase of equipment, materials, supplies and services (except construction services).

  ➢ Internal District procedures require the department project manager to obtain informal quotes as follows:
    ▪ $1,000 to $9,999 → obtain three (3) verbal quotes
    ▪ $10,000 to $95,199 → obtain three (3) written quotes

❖ More than $15,000 for Public Works Projects.

  ➢ However, Section 22030 of the Public Contract Code (PCC 22030) provides that a District may adopt the California Uniform Public Construction Cost Accounting Act (CUPCCAA) procedures (commonly referred to within the District as UCCAP – Uniform Construction Cost Accounting Procedure), effectively allowing the District to increase the formal bid limits for its public projects.

    ▪ On February 16, 2010, the District's Board of Trustees passed a resolution to become subject to the California Uniform Public Construction Cost Accounting Act (CUPCCAA).

California Uniform Public Construction Cost Accounting Act (CUPCCAA)

CUPCCAA is a useful tool for the District as it raises informal quote thresholds, simplifies the informal quote process for small projects, reduces advertising costs, expedites the bidding processes, and increases the likelihood that the bids received will be from responsive, responsible contractors. CUPCCA allows the District to have a less formal bid process, but with appropriate guidelines and checks and balances in place. The relevant thresholds follow:

❖ **Under $45,000 - Quotes.** Contracting for construction services would be exempt from bidding requirements; these projects would be performed by negotiated contract or by purchase order.

  ➢ Under CUPCCAA, the District is required to create and maintain a list of qualified contractors, by the category of work that they perform. Each year, the District is required to publicly invite licensed contractors to submit their name for inclusion on the list.

  ➢ The District may select a qualified contractor from this list for projects under $45,000 without going through an informal or formal bid process. However, the District has established internal procedures that require Project Managers/Departments to obtain informal quotes (at least three) for projects costing over $10,000.

  ➢ Public works contracts in excess of $25,000 require that additional documentation be prepared and verified by the Purchasing Department, prior to construction, including, but not limited to, agreements performance bonds; payment bonds; (Civil Code Section 3247-3252), worker's compensation insurance certificates, and general liability and automobile certificates of insurance.

❖ **$45,000 - $175,000 - Informal Bid.** Contracts for construction services would be awarded to the qualified contractor submitting the lowest informal bid through the informal bidding process, using the following process:

  ➢ The Purchasing Department sends a Notice of Invitation requesting informal bids to the list of qualified contractors maintained by the Purchasing Department and to a list of specified trade journals. Invitations must be sent at least ten (10) days prior to the informal bid closing date. The District must award to the lowest responsive, responsible bidder.

  ➢ The Purchasing Department prepares an informal bid package, which include bid and contract forms and specifications/drawings.

  ➢ As applicable, documents, including, bid bonds, performance bonds, and payment bonds are required of all contractors doing work under these provisions.

  ➢ The Purchasing Department obtains and verifies required documentation, including certificates of insurance, bonds, and contractor licenses. The Purchasing Department issues the Notice of Award and the signed construction agreement and purchase order, along with the Notice to Proceed.

❖ **Over $175,000 - Formal Bid.** Contracts for construction services remain subject to standard formal bidding procedures, with the exception of advertisement. Publication is required only once, at least 14 calendar days prior to bid opening. Notice must also be mailed to the specified trade journals at least 30 calendar days prior to bid opening. See below.

Formal Bid Requirements

The Purchasing Department ensures that if a contract must be competitively bid, a number of rules, regulations and policies are adhered to, including the following:

❖ The Board of Trustees must either award the contract to the lowest responsive, responsible or reject all bids. (Public Contract Code Section 22038).

❖ For the purpose of securing bids, the District must publish a notice calling for bids at least once a week for two weeks in a newspaper of general circulation published in the District, or if there is no such paper, then in a newspaper of general circulation circulated in the county. (Education Code Section 81641).

❖ The published notice must state the scope of work to be done or materials or supplies to be furnished and the time and the place bids will be opened. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid shall not be received after that time. (Public Contract Code Section 22037).

❖ The Board of Trustees can only award a contract to a "responsible bidder", i.e., a bidder who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the public works contract. (Public Contract Code Section 1103). Before rejecting the lowest bid on the basis that the bidder is not "responsible", the District's legal counsel is consulted to ensure that both substantive and procedural legal requirements are met.

❖ The Board of Trustees must reject bids that are "non-responsive", i.e., bids that do not comply with all statutory requirements or do not substantially conform to the notice calling for bids and the material requirements of the specifications. However, the Board of Trustees may either waive minor and nonsubstantive irregularities that do not provide a competitive advantage or reject bids that do not conform completely to the notice calling for bids and bid specifications. Before either rejecting the lowest bid on the basis that it is non-responsive or waiving any irregularities, the legal counsel is consulted to ensure that both substantive and procedural legal requirements are met.

❖ Contractor must possess a valid contractor or business license at the time of the contract award.

❖ Contractors/Sub-Contractors whose bid price is equal to or greater than one-half of one percent (0.5%) of the total base bid amount must be listed as a part of the bid proposal.

❖ Listed Contractors/Sub-Contractors can only be substituted under very specific circumstances, as allowed by the PCC, and with the District's written permission. Bid shopping is illegal is not allowed by the District.

❖ It is unlawful to split bids into smaller contracts to avoid public competitive bidding requirements. (Public Contract Code Section 20657).

❖ Allow contractor on a public works project to provide an equal to materials, products, things, or services specified in the contract documents. (Public Contract Code Section 3400).

  ➢ However, specifications may designate by brand or trade name if the Board has made a finding based on the following: (1) to conduct a field test or experiment of the product, (2) to match existing products in use on the particular public work, (3) to obtain a product that is only available from one source, or (4) to respond to an emergency.

❖ Public Works contracts must be bid using prevailing wage rates.

❖ Contractors engaging in a public works project must meet the requirements of Labor Code section 1725.5 and register with the Department of Industrial Relations.

Contracts Exempt from Competitive Bidding Requirements

Public Contract Code Section 20651(c) expressly provides that contracts for professional services or advice, insurance services, other purchases or services are exempt from Section 20651. The following are some examples of other types of projects/contracts not subject to the usual competitive bidding requirements:

❖ **Emergencies.** Public Contract Code Section 22050 provides that competitive bidding may be avoided when repairs, alterations, work, or improvements are necessary to avoid danger to life or property in an emergency.

❖ **The State List.** Competitive bidding may be waived when purchasing materials, equipment, or supplies through the Department of General Services or utilizing its California Multiple Award Schedule ("CMAS"). California Multiple Award Schedules (CMAS) are supplier agreements based upon an existing Federal GSA or other approved multiple award contracts. CMAS offers a wide variety of commodity and information technology products at prices that have been assessed to be fair, reasonable, and competitive.

❖ **Piggyback Bids.** Competitive bidding may be waived by proper arrangement with another public agency to purchase or lease materials, supplies, equipment, vehicles, and other personal property where the purchasing agency has complied with its own applicable statutes. This is also known as "piggybacking." This purchasing arrangement involves using the pricing from a piggyback contract held by another school District or public agency in the absence of additional public bidding. The originating District must follow formal bid procedures and other piggyback procedures. Piggybacking reduces the cost of procurement and often provides lower prices than a single jurisdiction would be able to obtain. A piggyback contract generally cannot include any "public work."

❖ **Professional Experts.** Without going to bid, Districts may contract with a person who will furnish "special services and advice" to the District in financial, economic, accounting, engineering, legal, or administrative matters. Any person so employed must be specially trained and experienced and competent to perform those special services. (Government Code Section 53060.) However, all "architectural and engineering services" as defined in Government Code Section 4529.10 must be procured pursuant to a fair, competitive selection process through a request for proposal/qualification process.
