B. Minutes March 10, 2020 Approval MSC: J. Dobson/S. Witmer *Approved.
* 10-Yeas, 0 Nays.

C. Discussion items:

1. WEL-200 – Rex Beck is still working on gathering the information for this course from his department and will update Brian Johnson so he can notify Ed. Services to send WEL-200 for board approval.

2. DE emergency addendum: Brian Johnson reviewed the new DE emergency form with the committee members. The state is asking that all courses being taught online for SUM/FAL 2020 for emergency purposes be approved by the curriculum committee by Dec 2020. Nicole will send form to all the curriculum committee members today and to please give out to your discipline and department members. Each discipline will fill out this form (one form for a batch of courses) which will include all the courses appropriate for online instruction under emergency situations only. This will not take the place of our current DE approval process. Departments/Disciplines are to take their batch of courses that they feel are appropriate to teach online or hybrid in emergency situations list out the course's titles.

It was agreed that departments/disciplines should list all the courses on the list so we can receive approval even if we might not end up offering it in the SUM/FAL 20 Terms, we will have it approved for future terms to be offered.

There might be some courses in your discipline where teaching online is not possible and can only be taught hybrid, and so the department/discipline needs to list those courses out on a second form.

- **These are only the courses that DO NOT have DE Approval.**
- **Please include courses that are cross-listed.**
- **You can find courses that are approved for online and hybrid by accessing this direct link under Curriculum Reference Information labeled "Courses with DE Approval: <https://www.norcocollege.edu/committees/cc/Pages/documents.aspx>**

For the prison courses, it was discussed about still offering courses regardless of the campus closure, and some are through correspondence (Art Appreciation, English), so Brian Johnson said that will need a different form for that and will follow up on that issue after he speaks to district curriculum.

Discussion to use an OPT OUT approach? The Curriculum committee would be planning on approving about 100 course per meeting to get through the large estimated list.

3. New DE proposal form: Consider using the Emergency form as the process. Not going to send out that form right now as we need to focus on the DE Emergency form. Will send it out later.
4. Nominations for curriculum chair: Vivian Harris nominates Brian Johnson for Curriculum chair and Nicole Brown seconds. No other nominations submitted. A vote will be held at our next meeting.
5. Curriculum efficiency survey results. Nicole Brown pulled up the survey for the committee to view and went over the survey results with Brian Johnson.

Statement of Purpose

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve the curriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
