B. Open Forum:

1. Nicole Brown notified the committee members that the CCCCO is taking up to 4 months to review in their reviews for new programs and modifications to ADTs, as well as reported that it's been at least 90 days for non-credit courses to be reviewed. Faculty need to take that into consideration on when they launch their proposals and when they want to advertise.
2. DX and DE Outline reminder – The attachment was sent out to faculty the last week of September 2021. The DX no longer apply after WIN22, it must be DE proposals. DE Proposals for SPR22 had to be submitted by October 8th, and SUM/FALL22 DE proposals to be submitted by end of Fall 2021 to Brian Johnson.

C. Adjourned: 2:39 p.m.

Next Meeting: October 26, 2021 * Zoom Online

Statement of Purpose

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve thecurriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
