- A. Agenda October 26, 2021 Approval: MSC: M/T. Friedrich Finnern, S/V. Harris \* 12-Yeas, 0-Nays.
- B. Minutes October 12, 2021 Approval: MSC: M/J. Alpay, S/V. Harris \* 12-Yeas, 0 Nays.
- **C.** Discussion items:

1.Ethnic Studies Resolution: Dr. Teresa Friedrich Finnern voiced her concern about the proposed ETS senate resolution that ETS cross-listed courses can only be taught by faculty with an Ethnic Studies FSA. If an ETS cross-listed course can only be taught by faculty with an ETS FAS, then this can be an issue with curriculum and staffing; therefore, would like to submit a statement to the Academic Senate of Curriculum Committee opposing this policy. After much discussion, Brian Johnson will work with Dr. Friedrich Finnern to write up a response to be presented on the next Academic Senate agenda.

2. Approval Process for New Programs: Brian Johnson talked about the concerns he has if the apprenticeship program for carpentry has conceptual approval by the Academic Senate. Discussed the Program Development Process (link found in the Curriculum Handbook on page 35) and the various steps and phases that must be confirmed were taken. RCCD New or Revised Program Development Process (2011 Revision) <u>http://academic.rccd.edu/curricunet/Program Development Process 2011Revision.pdf</u> The process is more rigorous when it's a brand-new discipline. It must be approved by the Academic planning council and then Senate before any courses or certificates are created and moved through the curriculum process. After much discussion, Brian Johnson was assured that the process has been vetted through the appropriate committees and needs to now be forwarded to Tech Review with the appropriate documentation for review. Dr. Jason Parks stated he will send those documents to Mr. Johnson.

#### **G.** Program Modification:

- 1. MAN- Computer Numerical Control Programming \*N APPROVED MSC: M/R. Beck, S/L. Martin \* 12-Yeas, 0 Nays. Issues resolved. Held at the 10/12/21 curriculum committee meeting. Courses not cross-listed, units not correct, check titles that they are listed as approved by the state. Decreasing one class by one unit (Man 35). The class can be taught in 4 units instead of 5. We are changing the name of the course (MAN 35) From Computer Aided Manufacturing-Mastercam to Computer Aided Machining. In this course we would like to be able to teach either Mastercam and/or Fusion 360 and not just focus on Mastercam. We also would like to give the students the option to take a new class teaching a new program known as Fusion 360 instead of Mastercam. The industry is stating that more and more companies are using Fusion 360.

### **Statement of Purpose**

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve the curriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
