Statement of Purpose

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve the curriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.

AB 1111 – Local Process Logistics

Chancellor’s Office Guidance Expected:	Summer 2023 (?)
Curriculum Launch Deadline:	TBD, Late September, 2023
Local Curriculum Approval Process:	Fall Term 2023
Curriculum Approval Deadline:	December Board, 2023
24SUM/FAL Scheduling Begins:	January, 2024
Catalog Publication:	Mid-March, 2024 for the 24-25 Catalog

Meta Logistics:

Discipline Updates:

- In the event that a new discipline abbreviation is required due to AB1111, Meta will be updated so that all proposals (active, approved, in review, historical, draft, etc.) will reflect the updated discipline.

Program Updates:

- Any programs that contain a course whose numbering is impacted by AB1111 will be administratively updated by District Educational Services to reflect the new numbering.
- Faculty do not need to draft or propose any modifications if the only change to the program is course numbering due to AB1111.

Course Updates:

- District Educational Services has agreed to assist with administratively updating courses in Meta whose numbering is impacted by AB1111.
- Because of this, faculty will not need to launch any modifications in Meta if the only update to the course is a numbering change due to AB1111.
- District Educational Services will also compile a list of all courses whose numbering is impacted, and this information will be communicated to the curriculum committees.
- **To help facilitate this process, we are asking faculty, curriculum representatives, and the curriculum committees to assist by adhering to the following guidelines:**
 1. All curriculum work should be prioritized during the 23SPR term in anticipation of the 24-25 catalog.
 2. Faculty should review any proposals currently in draft status and determine if the draft is needed.
 - a. If the draft is needed, the draft must be launched by the September 2023 curriculum launch deadline for inclusion in the 24-25 catalog.
 - b. If the draft is not needed, faculty should delete the draft from Meta.
 3. To facilitate AB1111 updates, faculty should adhere to the following adjustments to the curriculum timeline:

September 2023	October to December 2023	January 2024
Curriculum Launch Deadline	Meta “Freeze” <ul style="list-style-type: none">• Do not create new draft curriculum in Meta• Do not launch new curriculum changes in Meta• Draft curriculum created in Meta during this time may be deleted!• Discipline Facilitators and Department Chairs will still need to approve In Review proposals in Meta.	Curriculum work may resume in Meta
