Statement of Purpose

The Curriculum Committee, a sub-committee of the Academic Senate, has two primary purposes:

1. To review and approve new curriculum including new courses, course modifications, new programs and program modifications, and
2. To review and approve the curriculum approval process.

The Norco College Curriculum Committee is the sole approving body for Norco College only curriculum. For Riverside Community College District shared curriculum, the Norco College Curriculum Committee has one vote on the District Curriculum Committee. The Norco College Curriculum Committee is also charged with keeping abreast of state mandated curriculum changes and reporting those changes to faculty. Norco College Curriculum Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
