Annual Instructional Program Review Update

Instructions

***Please retain this information for your discipline's/department's use (or forward to your chair).**

The Annual Self-Study is conducted by each unit on each college and consists of an analysis of changes within the unit as well as significant new resource needs for staff, resources, facilities, and equipment. It should be **submitted in draft every year by March 15th** (or the first working day following the 15th), with final drafts due on **April 29th**, in anticipation of budget planning for the fiscal year, which begins July 1 of the *following* calendar year.

For Program Review data, please go to the following link:

<http://www.norccollege.edu/about/president/strategic-planning/programreview/Pages/index.aspx>

The questions on the subsequent pages are intended to assist you in planning for your unit.

The forms that follow are separated into pages for ease of distribution to relevant subcommittees. **Please keep the pages separated** if possible (though part of the same electronic file), **with the headers as they appear**, and be sure to include your unit, contact person (this may change from topic to topic) and date on each page submitted. Don't let formatting concerns slow you down. If you have difficulty with formatting, Nicole C. Ramirez can adjust the document for you. Simply add responses to those questions that apply and forward the document to nicole.ramirez@norccollege.edu with a request to format it appropriately.

If you cannot identify in which category your requests belong or if you have complex-funding requests please schedule an appointment with your college's Vice President for Business Services right away. They will assist you with estimating the cost of your requests. For simple requests such as the cost of a staff member, please e-mail your Vice President. It is vital to include cost estimates in your request forms. Each college uses its own prioritization system. Inquiries regarding that process should be directed to your Vice President.

Mission

Norco College serves our students, our community, and its workforce by providing educational opportunities, celebrating diversity, and promoting collaboration. We encourage an inclusive, innovative approach to learning and the creative application of emerging technologies. We provide foundational skills and pathways to transfer, career and technical education, certificates and degrees.

Vision

Norco – creating opportunities to transform our students and community for the dynamic challenges of tomorrow.

Goals and Strategies 2013-2018

Goal 1: Increase Student Achievement and Success

Objectives:

1. Improve transfer preparedness (completes 60 transferable units with a 2.0 GPA or higher).
2. Improve transfer rate by 10% over 5 years.
3. Increase the percentage of basic skills students who complete the basic skills pipeline by supporting the development of alternatives to traditional basic skills curriculum.
4. Improve persistence rates by 5% over 5 years (fall-spring; fall-fall).
5. Increase completion rate of degrees and certificates over 6 years.
6. Increase success and retention rates.
7. Increase percentage of students who complete 15 units, 30 units, 60 units.
8. Increase the percentage of students who begin addressing basic skills needs in their first year.
9. Decrease the success gap of students in online courses as compared to face-to-face instruction.
10. Increase course completion, certificate and degree completion, and transfer rates of underrepresented students.

Goal 2: Improve the Quality of Student Life

Objectives:

1. Increase student engagement (faculty and student interaction, active learning, student effort, support for learners).
2. Increase frequency of student participation in co-curricular activities.
3. Increase student satisfaction and importance ratings for student support services.
4. Increase the percentage of students who consider the college environment to be inclusive.
5. Decrease the percentage of students who experience unfair treatment based on diversity-related characteristics.
6. Increase current students' awareness about college resources dedicated to student success.

Goal 3: Increase Student Access

Objectives:

1. Increase percentage of students who declare an educational goal.
2. Increase percentage of new students who develop an educational plan.
3. Increase percentage of continuing students who develop an educational plan.
4. Ensure the distribution of our student population is reflective of the communities we serve.
5. Reduce scheduling conflicts that negatively impact student completion of degrees and programs.

Goal 4: Create Effective Community Partnerships

Objectives:

1. Increase the number of students who participate in summer bridge programs or boot camps.
2. Increase the number of industry partners who participate in industry advisory council activities.
3. Increase the number of dollars available through scholarships for Norco College students.
4. Increase institutional awareness of partnerships, internships, and job opportunities established with business and industry.
5. Continue the success of Kennedy Partnership (percent of students 2.5 GPA+, number of students in co-curricular activities, number of students who are able to access courses; number of college units taken).
6. Increase community partnerships.
7. Increase institutional awareness of community partnerships.
8. Increase external funding sources which support college programs and initiatives.

Goal 5: Strengthen Student Learning

Objectives:

1. 100% of units (disciplines, Student Support Service areas, administrative units) will conduct systematic program reviews.
2. Increase the percentage of student learning and service area outcomes assessments that utilize authentic methods.
3. Increase the percentage of programs that conduct program level outcomes assessment that closes the loop.
4. Increase assessment of student learning in online courses to ensure that it is consistent with student learning in face-to-face courses.
5. Increase the number of faculty development workshops focusing on pedagogy each academic year.

Goal 6: Demonstrate Effective Planning Processes

Objectives:

1. Increase the use of data to enhance effective enrollment management strategies.
2. Systematically assess the effectiveness of strategic planning committees and councils.
3. Ensure that resource allocation is tied to planning.
4. Institutionalize the current Technology Plan.
5. Revise the Facilities Master Plan.

Goal 7: Strengthen Our Commitment To Our Employees

Objectives:

1. Provide professional development activities for all employees.
2. Increase the percentage of employees who consider the college environment to be inclusive.
3. Decrease the percentage of employees who experience unfair treatment based on diversity-related characteristics.
4. Increase participation in events and celebrations related to inclusiveness.
5. Implement programs that support the safety, health, and wellness of our college community.

Trends and Relevant Data

1. Have there been any changes in the status of your unit? (if not, please indicate with an “N/A”)

a. Has your unit shifted departments?

No

b. Have any new certificates or complete programs been created by your unit?

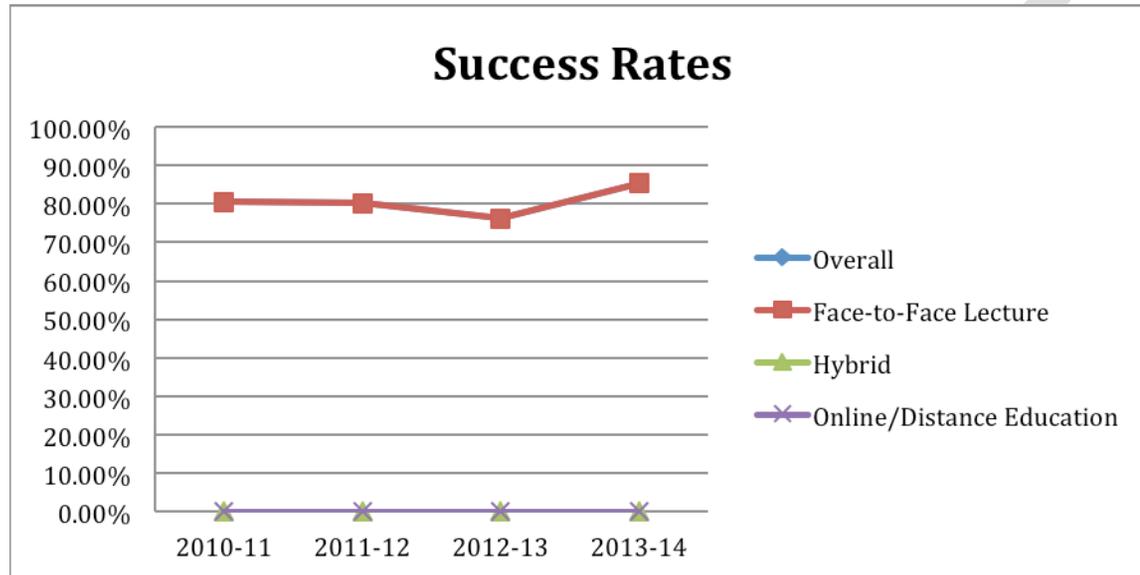

Yes. We have a Construction Management Certificate that has passed all the Norco Committees and Councils and is being prepared to submit to the State.

c. Have activities in other units impacted your unit? For example, a new Multi Media Grant could cause greater demand for Art courses.

No.

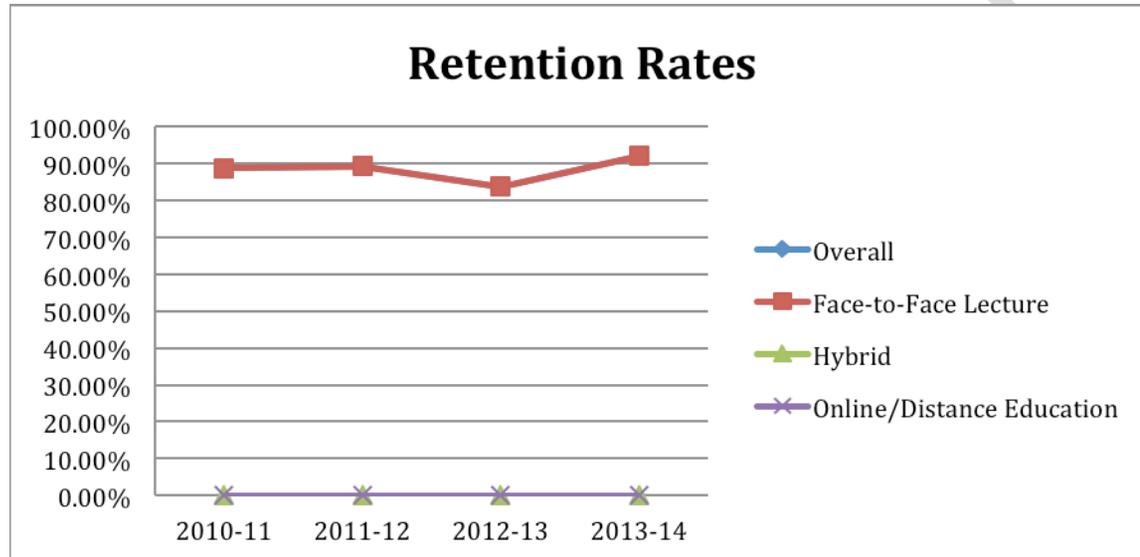

2. List your retention and success rates as well as your efficiency. Have there been any changes or significant trends in the data? If so, to what do you attribute these changes? Please list Distance Education, retention, success and efficiency separately.

Success Rate NORCO	2010-11	2011-12	2012-13	2013-14
Overall	80.35%	80.09%	76.14%	85.27%
Face-to-Face Lecture	80.35%	80.09%	76.14%	85.27%
Hybrid	0.00%	0.00%	0.00%	0.00%
Online/Distance Education	0.00%	0.00%	0.00%	0.00%

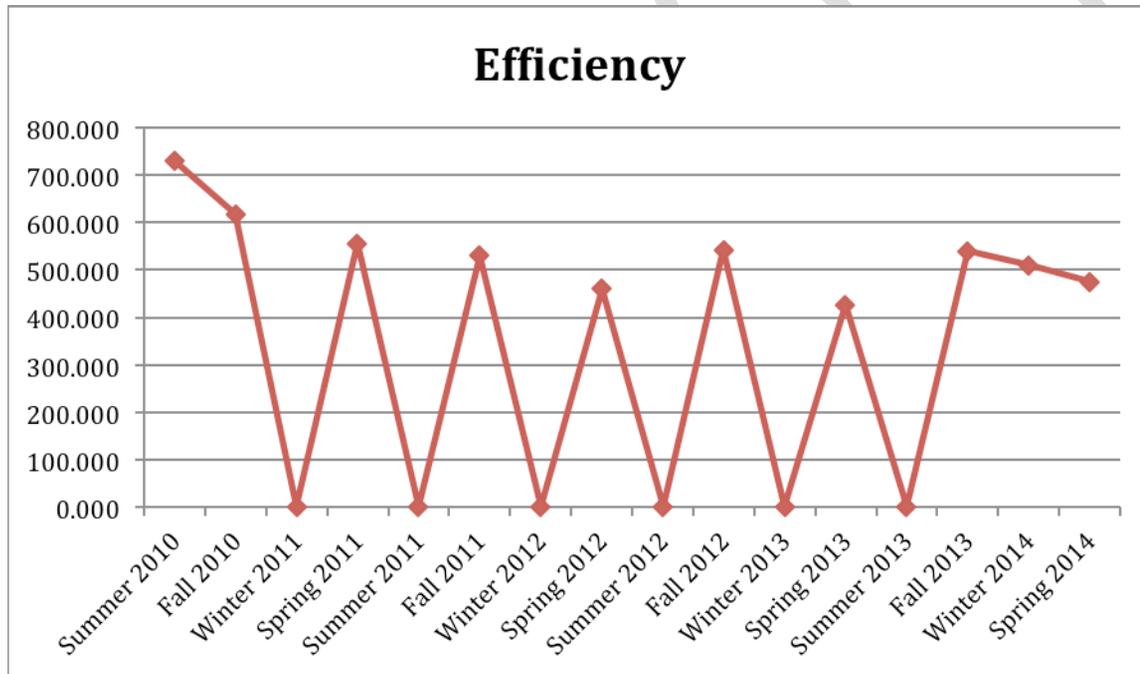

The Construction Technology Program has a current success rate of 85%, up from last year's 76%. This is a substantial increase from the previous years, but overall is still stable from referencing the chart. The fact that the changes in faculty are now stabilized and the construction industry is clearly on a growth cycle could be contributing factors. In comparison to the College average for Face-to-Face teaching (71.44%), Construction still above the college average by several percent points. This area will continue to be monitored in the future.

Retention Rate NORCO	2010-11	2011-12	2012-13	2013-14
Overall	88.67%	89.23%	83.61%	92.09%
Face-to-Face Lecture	88.67%	89.23%	83.61%	92.09%
Hybrid	0.00%	0.00%	0.00%	0.00%
Online/Distance Education	0.00%	0.00%	0.00%	0.00%

The Construction Technology Program has a 92% retention rate for this past year, up from last year's 83%.. This reflects a 9% increase from previous year, and is now several percentage points above the College Average for Face-to-Face classes (85.9%). As mentioned above our new faculty has stabilized and we are now enjoying the benefit of having summer and winter classes. The students can now see they can finish the program again in a one year cycle.

Term	Efficiency
Summer 2010	728.850
Fall 2010	616.857
Winter 2011	0.000
Spring 2011	556.286
Summer 2011	0.000
Fall 2011	529.429
Winter 2012	0.000
Spring 2012	459.479
Summer 2012	0.000
Fall 2012	541.571
Winter 2013	0.000
Spring 2013	425.621
Summer 2013	0.000
Fall 2013	539.143
Winter 2014	510.350
Spring 2014	475.442
Total	522.290

The Efficiency Rates for the Construction Technology Program continue to be relatively stable from looking at the chart (ignoring summer and winter). There has been a 50 point increase from the Spring of 2013 to the Spring of 2014, which is encouraging. Furthermore, the first Winter session appears to be very close to Fall and Spring's efficiency rates. With the economy showing signs of recovering and the addition of Summer and Winter classes, it appears that we are seeing a reversal of the previous downward trends.

3. What annual goals does your unit have for 2014-2015 (please list the most important first)? Please indicate if a goal is directly linked to goals in your comprehensive. How do your goals support the college mission and the goals of the [Educational Master Plan](#)?

List the goals of your unit for 2014-2015	List activity(s) linked to the goal	Relationship of goal to mission and master plan	Indicate if goal is limited to Distance Education
Get State Approval of the Construction Management Certificate and begin implementation.	Further refine our Con 74 – Construction Estimating class in the Fall 2015 and launch our Con 80 Scheduling class in Spring 2016	Goal 4.4 Mission – Provide foundational skills and pathways to career and technical education	
Continue to monitor enrollment management	Review the sequence of classes offered in the one and two year rotation schedule, paying attention to the parallel certificate pattern on overall enrollment	Goal 1.5 and Goal 1.7	
Continue to access professional associations with a closer partnership through having our student join as student members.	Continue to support the following professional associations through occasional field trip to their monthly meetings (ICC – International Code Council, CSI – Construction Specification Institute, IAMPO – International Association of Mechanical, Plumbing Officials, AIA – American Institute of Architects.	Goal 4.4 Vision Statement	

**Your unit may need assistance to reach its goals. Financial resources should be listed on the subsequent forms. In addition you may need help from other units or Administrators. Please list that on the appropriate form below, or on the form for “other needs.”*

II. Norco College - Annual Assessment Update

Purpose – The purpose for completing an annual review is to provide an opportunity for reflection on all that has been accomplished and learned from your efforts in assessment. Assessments conducted in isolation from each other will yield interesting, important, or neutral information in and of themselves, but taking a holistic look back on the unit’s accomplishment over the past year might also yield some insight. The annual review is a time to take stock of which courses and programs have undergone some scrutiny, and subsequently should help with planning for the upcoming year. This planning might include considering which other courses are ready for an initial assessment, or which might need a loop-closing assessment. Things we might learn in one cycle of assessment might actually help us to plan assessments in the next cycle, or might facilitate changes in other courses that weren’t even included in the initial assessment. To this end, please complete the following with as much detail as possible. If you have any questions, please contact either Sarah Burnett at sarah.burnett@norcollege.edu, or Greg Aycock at greg.aycock@norcollege.edu.

1. Identify where you are in the cycle of SLO assessment for each course you assessed over the past year (*fall 2013 - spring 2014*). Each response will be individualized; this means each completed column might look a little different due to the nature of the cycle of assessment in which we engage. For example, you may have a course in which you are implementing improvements to close the loop on an initial assessment that was completed in a different year. You might also have a course that only has an initial assessment with report and you haven’t yet completed any follow-up or improvement activities. Below you will see an example of how to fill in this section, and then a blank chart for your own responses.

Course number and name	SLO <i>Initial Assessments</i> and completed Reports (State each SLO e.g., SLO 1)	SLOs with <i>Improvements identified</i> (Identify the SLO with # of improvements in () e.g., SLO 1(1), or SLO 3(0))	SLOs not needing improvement (assumed loop-closed), with clear reasoning as to why	SLOs involved in <i>Loop-Closing</i> assessment (state SLO and effect)
EAR 20 Child Development	SLO 1, SLO 3 (Indicates the discipline assessed and wrote a report for both SLO 1 and 3 in the past year for this course)	SLO 1(2) (Indicates 2 adjustments were made to the course e.g., in materials, assignment, test questions, pedagogy, curriculum etc. Notice, nothing is stated for SLO 3 – suggesting no concerns were identified...see the next column...)	SLO 3 – results meet discipline set standards of 75% success (If no improvement is needed please state why in this column)	SLO 1 – data indicate increased success after improvements were made (This means a closing the loop assessment was completed on SLO 2 for EAR 20)

Course number and name	SLO <i>Initial Assessments</i> and completed Reports (State each SLO e.g., SLO 1)	SLOs with <i>Improvements identified</i> (Identify the SLO with # of improvements e.g., SLO 1(1), or SLO 3(0))	SLOs not needing improvement (assumed loop-closed), with clear reasoning as to why	SLOs involved in <i>Loop-Closing</i> assessment (state SLO and effect)
Con 70 Fall 2014	SLO #5 Dissect the information and the terminology of the ASTM test methods – Report filed in TracDat	Follow up assessment with Embedded questions in final exam (Q1 & Q15)	Results from the past two years were nearly identical (2013 – 92% and 2014 – 91%)	SLO appears to adequately be covered and another area will be explored
Con 63 Spring 2014	SLO #3 Assess Inspection practices – Report filed in TracDat	Embedded question in the final exam (Q5 & Q6)	Results from the past two years were 100% for the question	SLO appears to adequately be covered and another area and SLO will be explored

2. a) How many Program Level Outcome *initial* assessments were you involved in fall 2013 - spring 2014? Indicate a total number per column. Please provide copies of any reports or documents related to these assessments as attachments to this Annual Review, or embed at the end of the document as an Appendix.

AOE (Area of Emphasis)	ADT (Associate for Transfer)	GE (General Education)	Certificate
Con 68			Final Exam question with assessment for analysis of beam calculation

- b) How many Program Level Outcome *loop-closing* assessments were you involved in fall 2013 - spring 2014? Indicate a total number per column. Please provide copies of any reports or documents related to these assessments as attachments to this Annual Review, or embed at the end of the document as an Appendix.

AOE (Area of Emphasis)	ADT (Associate for Transfer)	GE (General Education)	Certificate

3. Please describe any changes you made in a course or a program as a response to an assessment. Please indicate the impact the changes had on student learning, student engagement, and/or your teaching.

Con 67 – Uniform Mechanical Code. SLO #5 is “to prepare the necessary calculations for sizing a natural gas system.” The initial assessment was a quiz given on solely gas sizing after the lecture and example was explained. The class did so poorly over all that I realized (I haven’t taught this class in 10 years) no one passed. I accepted the full responsibility. The following year I introduced the material over a four-week period with several group in-class assignments (which provided immediate feed-back) and two homework assignments (which we went over in-class after they were graded). The Quiz was also modified to reflect the Longest Length Method. The results were very impressive. Out of a possible 20 points: 47% scored a perfect 100%, with an overall total of those receiving 90% or better being 81%. This year will be the closing of the loop to ascertain if this new approach has the same results. This will occur in two weeks with the results being entered in to TracDat.

4. Can you identify any assessments that have prompted a change in perspective in the manner in which your discipline should modify the Course Outlines of Record (COR) or the Student Learning Outcomes (SLO)? Please expand on what you think should be modified.

None at this time.

5. Have you shared your assessments, outcomes, improvements etc. with your discipline? How? If not, how do you plan to do so in the future?

The results of the Con 67 were shared informally with faculty on a one-on-one basis.

6. Did any of your assessments indicate that your discipline or program needs additional resources to support student learning? If so, please explain.

None at this time

7. What additional support, training, etc. do you need in the coming year regarding assessment?

I am currently receiving additional training on TracDat from the Assessment Coordinator.
