

# STUDENT SERVICES PROGRAM REVIEW WORKSHEET

**Student Services Area:** Upward Bound-Centennial High School

**Prepared by:** Eva Amezola, Director

**Academic Year:** 2015-2016

---

## I. Student Services Area Overview

### 1. Mission Statement

Norco College Upward Bound provides students with academic guidance, personal development and fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in their precollege performance and ultimately in their higher education pursuits. (Revised Fall 2015)

### 2. Philosophy Statement

Upward Bound provides services designed to increase students' knowledge and academic performance in order to meet postsecondary eligibility. The goal of Upward Bound is to increase the rate at which participants enroll in and graduate from postsecondary institutions. (Revised Fall 2015)

### 3. Summary

- Guide students with the college application process, financial aid, and enrollment into a postsecondary institution.
- Provide opportunities for participants to visit four-year universities, cultural, and career related fieldtrips.
- Provide opportunities for participants to do career exploration and life planning.
- Offer activities to prepare students with the transition from high school into postsecondary institutions.

### 4. Strengths

1. 69 percent of participants served during the academic year 2014-2015 had a cumulative GPA of 2.5 or better at the end of the school year.
2. 92 percent of UB seniors served during the project year, achieved at the proficient level on state assessments in reading/language arts and math.
3. 100 percent of project participants served during the academic year 2014-2015 continue in school for the next academic year 2015-2016, at the next grade level, or graduated from secondary school with a regular secondary school diploma.

### 5. Students Served

The Upward Bound Program-Centennial High School served 74 students from Centennial High School during the year 2015-2016. Our students met at least one of the three criteria:

1. Low-Income (*per established federal guidelines*)
2. First Generation, potential college students (*self-reported*)
3. Demonstrated Academic Need (*per their school transcript grades*)

4. 2/3 of participants are both low-income and first generation potential college students.

## II. Assessing Outcomes

### 1.A. Report on 2014-2015 Assessment Plan and Objectives for Student Services Area: Upward Bound-Centennial High School

**Objectives:** Note: List about 5 of your service area objectives. Your objectives must be related to a strategic initiative, student services goal, or campus goal AND have one or more measurable outcome.

- In Centennial H.S. 71.7% of students continue to the next academic year. Our goal is to improve the high school retention rate of program participants from one academic year to the next by at least 13.3%.
- In Centennial H.S. 44% of students achieve proficiency level on state assessments. Thus our goal is to improve program participants' academic performance in standardized tests by 6%.

	Objective	Student Learning Outcome (SLO) or Service Area Outcome (SAO)	Relevance of Objective to Norco College Mission	Assessment Criteria (Specify Target Performance Level)	Assessment Measure	Completion (or anticipated completion)/ Findings	Improvement Recommendations (next step)	Assessment Status A) Continued/ B) Moved to Strengths C) Discontinued (please state why)
1.	Improve program participants' knowledge of postsecondary education academic requirements.	<b>SLO:</b> UB participants will demonstrate knowledge and understanding of college preparation requirements for admission into postsecondary institutions.	This objective is relevant to Norco College's Mission Statement because it is aimed towards increasing student access to postsecondary education.	<b>70%</b> of all UB participants will demonstrate a thorough understanding of post-secondary requirements by improving their score from the pre and posttest by 20% or higher on the UB College Knowledge Test.	- Results from the UB College Knowledge Pre and Post-Test will be gathered and evaluated.	<b>77%</b> (33/43) of UB participants demonstrated knowledge in the UB College posttest by improving their score from the pre and posttest by 20% or higher.	<b>SLO was met.</b> 1. Only 33/43 participants that took the pre/posttest improved by 20% or higher.	A. Modified
2.	Assist and guide participants through the college application process to gain admission into institutions of postsecondary education.	<b>SAO:</b> Senior participants will develop a full understanding of the college application process in order to gain admission into an institution of postsecondary education.	This objective is relevant to Norco College's Mission Statement because it aims to provide foundational skills and pathways to transfer, career and technical education, certificates and degrees	<b>70%</b> of the 2013-2014 seniors who graduated from high school in 2014 will achieve admission into an institution of postsecondary education and enroll fall 2014.	-Admissions letters. -National Student Clearinghouse database.	<b>94 %</b> (17/18) of the 2013-2014 seniors that graduated high school 2014 were accepted and enrolled into an institution of postsecondary education in the fall of 2014.	<b>SAO was met.</b> 1. Continue to offer one-on-one advising sessions to seniors to assist them with the college application process. 2. Continue to offer senior seminar course in the academic year and the summer bridge program in the summer to ensure they enroll and transition successfully into an institution of postsecondary education.	A) Continued
3.	Increase students understanding of the SAT/ACT test.	<b>SLO:</b> UB participants will demonstrate knowledge and understanding of the financial aid process.	This objective is relevant to Norco College's Mission Statement because it is aimed towards increasing student access to postsecondary education.	<b>70%</b> of all 11 <sup>th</sup> grade UB participants will demonstrate an understanding of the SAT/ACT standardized exams by improving their score from the pre and posttest by 20% or higher.	-Results from the SAT/ACT Pre and Post-Test will be gathered and evaluated.	<b>86%</b> (7/8) of all 11 <sup>th</sup> grade UB participants demonstrated an understanding of the SAT/ACT standardized exams by improving their score from the pre and posttest by 20% or higher.	<b>SLO was met.</b> The program is working on conducting a pre and posttest on an actual sample SAT or ACT test. We would like to simulate a testing environment for the students.	C) Discontinued: It was recommended by one of my peer reviewers to focus on other student learning outcomes.

### II.1.B. Program Modifications for 2014-2015 Data Assessment (“Closing the Loop”)

Note: For 2014-2015 outcomes assessments you are continuing or modifying in your 2015-2016 Assessment plan, please provide a brief description on how your area used outcome data from last year to drive programmatic modifications to improve services to students.

Outcome	Evidenced and detailed (Describe how you used outcome data for programmatic modifications)
<b>SLO:</b> UB participants will demonstrate knowledge and understanding of college preparation requirements for admission into postsecondary institutions.	This SLO is important to Upward Bound because that is the primary purpose of our program. To ensure that students are prepare for college. Throughout the summer program 2015 and the academic year 2015-2016 we conducted many workshops to ensure that students understand the importance of having college knowledge. This year we noticed better results among our students pre/post-test.
<b>SAO:</b> Senior participants will develop a full understanding of the college application process in order to gain admission into an institution of postsecondary education.	The only change we made in 2016 is to make our summer bridge program at a nearby camp to ensure that more students would show up.
<b>SLO:</b> UB participants will demonstrate knowledge and understanding of the financial aid process.	This year we continued to provide financial aid workshops for participants, but also to parents. We hope this will help with their understanding of the financial aid process. This summer program 2016 we also added a financial literacy course that is composed of 12 lessons and a fieldtrip to the Los Angeles Financial Park, in which they will simulate what it means to be responsible for your own expenses.

Improve program participants’ knowledge of postsecondary education academic requirements.	<b>SLO:</b> UB participants will demonstrate knowledge and understanding of college preparation requirements for admission into postsecondary institutions.	1a. Service to students, community, and workforce by providing educational opportunities	<b>70%</b> of all UB participants will demonstrate a thorough understanding of post-secondary requirements by passing the post-test with 70% or more and/or improving their score from	- Results from the UB College Knowledge Pre and Post-Test will be gathered and evaluated.	<b>SLO was Met 100%</b> (7/7) of UB participants demonstrated knowledge in the UB College knowledge posttest by improving their score from the pre	This test was only taken by 9 <sup>th</sup> /10 <sup>th</sup> graders in the program. When this test was taken it was early on in the year and we had not conducted recruitment. My recommendation is that

If that does not happen, then I suggest this test is given until all recruitment has been successfully completed.
2.	Assist and guide participants through the college application process to gain admission into institutions of postsecondary education.	<b>SAO:</b> Senior participants will achieve admission into an institution of postsecondary education immediately after high school graduation.	3. Provides foundational skills and pathways to transfer, career and technical education, certificates and degrees.	<b>60%</b> of the 2014-2015 seniors who graduated from high school in 2015 will achieve admission into an institution of postsecondary education and enroll Fall 2015.	-Admissions letters. -National Student Clearinghouse database. -Senior Exit Survey.	<b>SAO was Met 72%</b> (16/22) of the 2014-2015 seniors that graduated high school 2015 were accepted and enrolled into an institution of postsecondary education in the fall of 2015.	This year I noticed that many seniors enrolled into an institution of post-secondary education, but around October they dropped out. I would like to conduct more following during the summer to ensure that they do not drop out or that they receive adequate support before making that decision.
3.	Increase students understanding of the financial aid process.	<b>SLO:</b> UB participants will demonstrate knowledge and understanding of the financial aid process.	3. Provides foundational skills and pathways to transfer, career and technical education, certificates and degrees.	<b>70%</b> of all UB participants will demonstrate an understanding of the financial aid process by passing the post-test with 70% or more and/or improving their score from the pre and posttest by 20% or higher on the UB Financial Aid Test.	-Results from the Financial Aid Pre and Post-Test will be gathered and evaluated.	<b>SLO was Met 51%</b> (19/37) of UB participants demonstrated knowledge and understanding of the financial aid process posttest by improving their score from the pre and posttest by 20% or higher. <b>84%</b> (31/37) of students passed the post-test by scoring 70% or more.	This year I notice that students did not improve by 20% or more as many of them already had the knowledge, hence no need more improvement per say. They did pass the posttest with a 70% or above. My recommendation is to continue to measure both, those students that increase and those that already possess the knowledge and do well as a result.

**\*Please see appendix for description.**

**\*\*More detailed description on the following page.**

## **II.2.B. 2015-2016 Assessment Plan Findings/Data Analysis**

**SLO/SAO #1: 100%** of UB participants demonstrated knowledge in the UB College knowledge posttest by improving their score from the pre and posttest by 20% or higher and **100%** passed the post-test by scoring 70% or more.

**Findings/Data Analysis:** *SLO was met.* A total of 7 out of 7 students (100%) demonstrated knowledge in the UB college posttest by improving their score from the pre and posttest by 20% or higher and 7 out of 7 (**100%**) passed the post-test by scoring 70% or more.

### **Improvement Recommendations**

1. Continue to introduce A-G requirements and college information in 9<sup>th</sup> grade and repeat in 10<sup>th</sup> grade.
2. Continue to make college entrance requirements workshops mandatory for all participants and to provide pre/post quizzes after each workshop.
3. Conduct the test at a different time of the year to ensure that all students take, including new students. The reason why the number of student is low is because recruitment had not yet occurred.

**SLO/SAO #2:** 72% of the 2014-2015 seniors that graduated high school 2015 were accepted and enrolled into an institution of postsecondary education in the fall of 2015.

**Findings/Data Analysis:** *SAO was met.* A total of 16 out of 22 (72%) of the seniors that graduated high school 2015 were accepted and enrolled into an institution of postsecondary education in the fall of 2015.

#### **Improvement Recommendations**

1. Offer a senior seminar course in the summer to prepare rising seniors for the college application process. Normally, senior seminar is only offered during the academic school year. The following year, the senior seminar will be year-round.
2. Offer weekly advising sessions to seniors between August and November of each year to assist them with the college application process. We will also be doing advising during the summer program in order to get ahead.
3. Assist seniors with the college enrollment process including securing lodging.
4. Assist seniors to identify postsecondary academic support programs for incoming first-generation and low income students.
5. Provide follow up during the summer to ensure that students do not drop of college once they have enrolled.

**SLO/SAO #3:** 51% of UB participants demonstrated knowledge in the UB knowledge and understanding of the financial aid process posttest by improving their score from the pre and posttest by 20% or higher and **84%** passed the post-test by scoring 70% or more.

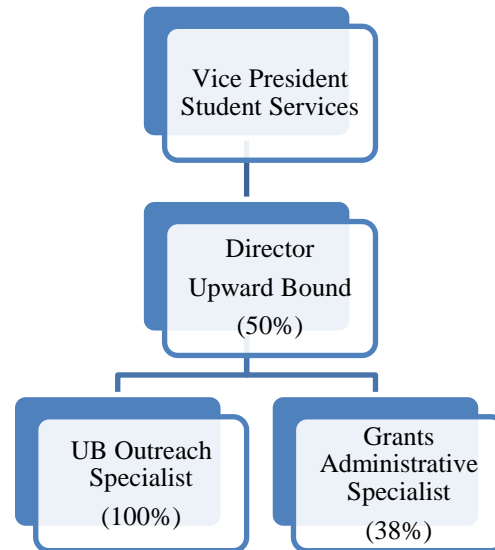

**Findings/Data Analysis:** *SLO was met.* A total of 19 out of 37 (**51%**) of UB participants demonstrated knowledge and the understanding in the financial aid process posttest by improving their score from the pre and posttest by 20% or higher. A total of 31 out of 37 students **84%** passed the post-test by scoring 70% or more.

#### **Improvement Recommendations**

1. Continue to exposed students to the financial aid process at least two times during their tenure in Upward Bound.
2. Continue to provide parents an annual financial aid workshop.
3. Continue to assist seniors with the financial aid process throughout the year.
4. My recommendation is to continue to measure both, those students that increase and those that already possess the knowledge and do well as a result.

### III. Needs Assessment

**1. Staffing Level:** Provide a very brief description of your current staffing level or attach an organizational chart that includes positions only.

**2. Staffing Profile:** Please indicate the number in terms of FTE. (In other words a full time staff person is a 1.0, and a half time person is a .5)

### **3. Improvement Areas**

*Note: Identify specific issues that are affecting the efficiency or effectiveness of your area due to lack of staffing, equipment, or other resources.*

- **The three Upward Bound Programs at Norco College have had difficulty securing classroom and computer lab space for a five week summer program that takes place at Norco College every summer.**

<p><b>1. Latino Network (serving Riverside and Surrounding Communities)</b></p> <p><u>Reason:</u> I am requesting that the college purchases this corporate membership as it is the only college in RCCD that is not part of Latino Network. This is an organization that provides the community a forum to address community issues affecting and impacting the Latino community in Riverside and the surrounding areas and provides a vehicle for the dissemination of information and the sharing of resources. <p><b>2. COE Intuitional Membership</b></p> <p><u>Reason:</u> We would like to request that Norco College purchase the institutional membership for the Council for Opportunity in Education (COE). This membership is important to all TRiO programs as they are the group that provides advocacy efforts at the federal level. In addition, TRiO program staff attends their annual conference. A discounted rate is offered for members. TRiO staff also participates in webinars provided throughout the year.</p> <p><b><i>*Please note: The institutional membership is paid between all three campuses at RCCD based on the number of TRiO programs which are housed on each respective campus. <p><b>3. WESTOP Institutional Membership</b></p> <p><u>Reason:</u> The TRiO programs at Norco College have been paying for institutional membership to be part of the Western Association of Educational Opportunity Personnel (WESTOP). WESTOP is one of the ten regional associations dedicated to furthering educational opportunities for low-income, first-generation and disabled students and at the same time providing professional development to its members. By being part of WESTOP, the programs take advantage of the discounted rates to attend annual conferences, professional development seminars, and having our students apply for scholarships that are available through the chapter and regional organization. All five TRiO programs are requesting that Norco College pay our annual membership fees for the 2016-2017 academic year. This will allow our programs to save a minimal amount of money that could be used towards our program needs.</p> <p><i>*Please note: The institutional membership has being paid amongst the five TRiO programs at Norco College for the last four years.</i></p> <p><i>The cost per item listed is the amount that corresponds to the Upward Bound-Centennial H.S. program. <p><b>1. Blumen Online for TRiO (BOT) Database</b>  <u>Reason:</u> As a federally funded program, Upward Bound is required to collect and maintain substantial amounts of data on a yearly basis. An annual performance report is due to the Department Of Education once a year and we are required to complete 70 fields for each current and prior-year participant. BOT provides the adequate support needed to generate this detailed report. The BOT database increased from \$375 to \$1,590 yearly because we had to switch to the online version. There were multiple occasions when data was lost with the desktop version, this version was being managed by Information Services. As a program that depends on data for funding we needed to find a secure alternative to manage our student records. The program is now paying four times more to securely manage our data. We ask that Student Services support the Upward Bound program by paying the difference.</p>	<b>\$1,215.00</b>	<b>1</b>	<b>\$1,215.00</b>
