Previous Program Review Resource Requests

Resource Requests Received: Equipment and software for recording studio: MIS-1, MIS-3, MIS-4, MIS-7, MIS-11, MIS-12, MIS-13

How did the resources received impact student learning?: Maintaining software currency and industry standards gives students real world experience, and prepares them for jobs in the music industry, as well as furthering their education. Four students from MIS have received Audio Production jobs in the industry within the last year.

If you requested resources but did not receive them, how did that impact student learning?: Did not receive acoustic treatment for the Little Theater, which impacts the way that sound behaves in that type of space. Students were not able to mix live sound as effectively as would be in a professional environment.

Program Data Highlights Section

COR Review: All MIS CORs are current.

Program Metric Highlights: Retention and success are at an all-time high (see screenshots attached in PR).

Assessment Report Highlights: Students are understanding and applying course material. They feel well-prepared as they move on from the MIS discipline at Norco College to their future endeavors.

Program Goal: Improve Transfer Rate

Program Review - Instructional: MIS - Music Industry Studies

Goal 1 Objective 2

Goal Status: In Progress

Goal Year(s): 2018 - 2021

Start Date: 04/01/2018

Completion Date: 04/01/2021

How do your goals support the Educational Master Plan?: In the transition from MUC to MIS, courses were updated and made more robust, thus improving the efficacy of the degrees: Performance and Audio Production. Students now completing MIS degrees are better prepared for transfer.
