2019 Norco College AAPC Annual Program Review Technology Requests Prioritization List by the Technology Committee

Dept.	Request	Justification	Instructional/ Non-Instructional	# of Items	Total Cost	Lifecycle: How old is the equipment? Provide asset tag # for verification	Is it new or a replacement?	Recommendation (High/Medium/Low)	Reviewer Comments	Recommended Action
BEIT	CAD laptop cart	SolidWorks and Engineering Graphics/CAD programs, which enable faculties to review and upload files to students while working offsite. SolidWorks is a heavy program and need a strong computer. Although I or other faculties may have good personal laptops but not strong enough to help CAD students offsite with their assignments. Having these Laptop with SolidWorks and CAD programs allow us to have the enhance courses Such as ENE30-42 and 42B on Canvas and review students assignments. Also I am thinking of performing short offsite workshops in Engineering areas in places like college fairs, prisons, small communities and remote areas once awhile by our faculties. Having few laptops with all programs that	I	TBD	$8,000.00	N/A	New	Medium-1	Per Technology staff, need to add cost for stand alone license for Solidworks and Autocad if laptops will be used offsite.	
BEIT	Replacement computers for ATEC 118	Computers are over 5 years old and overdue for replacement	I	32	$740,000.00	Computers were installed in spring 2015. Maximum efficiency expired in spring 2019.	Replacement	Low-2	Per TSS, computers already replaced during Fall 2019.	
BEIT	Replacement computers for STEM 302	Computers are over 5 years old and overdue for replacement	I	60	$128,065.38	Computers were installed in spring 2015. Maximum efficiency expired in spring 2019.	Replacement	High-1		
BEIT	Projector for STEM 115	Updated Projector for STEM 115 to support high resolution graphics required for digital art courses. The current projector is not sufficient to show the quality and detail required for 2D art, 3D modeling, texturing and animation.	I	1	$19,834.00	5 years old	Replacement	Low	Per BEIT faculty, this is being replaced with Perkins Funds.Per IMC, a proposal was already sent to the requesting department for a new projection system.	

LLR	ProQuest Research Companion Database.	ProQuest Research Companion Database will help students do more effective scholarly research and write more clearly and persuasively. It can be integrated into Canvas and used to create assessments.	I	1	$1,537.43	N/A		New	Medium-2	
S&K	Vernier Software	Vernier Software Logger Pro 3.14 Site License: A site license for the software is needed to download onto computers and/or tablets to work with the Vernier lab equipment.	I	1	$275.00	N/A		New	Medium-3	
S&K	Vernier LabQuest Viewer Software	Vernier LabQuest Viewer Software Site License: A site license for the software is needed to project student data onto the instructor projection system to display to the entire class for instruction purposes.	I	1	$88.00	N/A		New	Low-1
