Arts &  
Humanities

Iñaki Zubizarreta is originally from The Basque Country, in Northern Spain. He graduated from the Conservatorio Superior de Musica de Bilbao, Spain, as a Music/Piano major and came to the U.S. to continue his education. His experience in community college provided him with the inspiration to further his studies at a more advanced level, and eventually he transferred to U.C. Irvine where he earned a Bachelor of Music Degree, with a minor in Spanish Literature, and finally a Master of Fine Arts Degree in Music with an emphasis in Piano Performance.

Mr. Zubizarreta's varied experience as a professional musician includes accompaniment for instrumental and vocal performances, as well as dance and musical theater. In addition to his

music performance experience on stage, he has also worked behind the scenes and backstage as house manager, stage manager and recording technician. Having been a part of the music program at Norco College since 2012, he truly enjoys sharing his passion for the arts and collaborating with colleagues, while introducing students to various musical approaches and styles in his online courses such as *Music Appreciation* (MUS 19) and *Music of Multicultural America* (MUS 89).
