

# INTERNSHIPS & RESEARCH IN STEM SERIES

Join us for a three-part series for opportunities in STEM for RCCD students!  
Learn about internship and research opportunities available to STEM students and how to apply!

## INTRO TO STEM INTERNSHIPS & RESEARCH OPPORTUNITIES

**Tuesday, January 12th**

**1-2pm**

**5-6pm**

Learn about how you can find internships and research that fit your interests, what information you will need when you apply, and how to ask for letters of recommendation from your professors.

## RESUME BUILDING WORKSHOP

**Tuesday, January 19th**

**1-2pm**

**5-6pm**

Knowledgeable staff will be available to help review your resume, and offer suggestions on how to create a successful resume or CV for STEM internship and research applications. We recommend that you come with an already-started resume, but we can help you build one if it is your first time! Please reference the template available here:

## STUDENT & ALUMNI PANEL

**Tuesday, January 26th**

**1-2pm**

**5-6pm**

Hear from current and previous RCCD students about their experiences applying for and participating in various research and internship opportunities.
