

# What can I do with this major?

## BIOSYSTEMS ENGINEERING

### Occupational Outlook

The Bureau of Labor Statistics can help you find career information on duties, education and training, pay, and outlook

[Microbiologist](#)

[Biochemists and Biophysicists](#)

[Epidemiologists](#)

[Clinical Laboratory Technologists and Technicians](#)

[Medical Scientists](#)

[Physicians and Surgeons](#)

[Physician Assistants](#)

[Biological Technicians](#)

### Professional Associations

These organizations are one of the best places you can go to build networks, set up informational interviews, connect with mentors, get internships, earn scholarships and find jobs in your career field.

American Institute of Biological Sciences: Careers  
American Society of Cell Biology  
American Society for Microbiology  
Biotechnology Institute  
American Society of Human Genetics  
The International Society for Computational Biology  
Biology Industry Organization  
American Academy of Forensic Science

### Career Information

Websites to help you dig deeper into careers in Biosystems Engineering

- Sloan Foundation Careers in Science, Technology and Medicine: Career resource for exploration in the science and technology field.
- LifeSciencesWorld: Online resource for biotechnology, pharmaceutical, medical devices and life sciences industries.
- National Human Genome Research Institute: Research information regarding human genome studies.
- Professional Science Masters: Designed for students who are seeking a graduate degree in science or mathematics.
