SUMMER 2022:

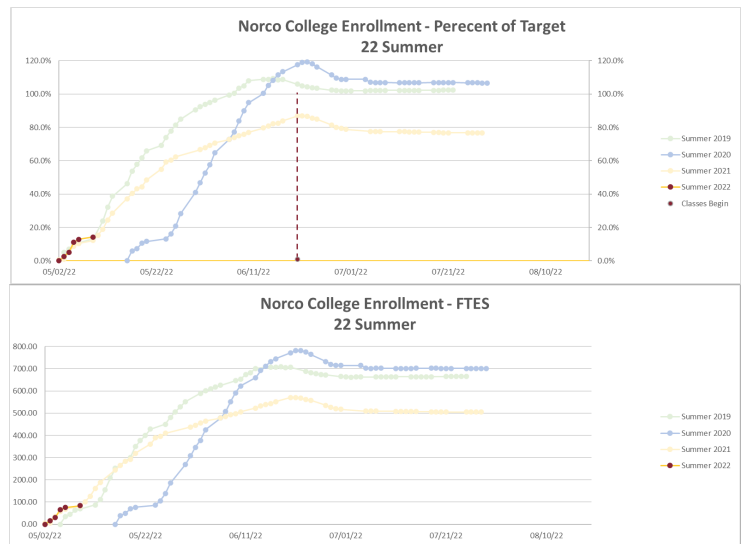

Today we have 84.4 FTES enrolled, 14.3% of our 588.67 FTES Target. In Summer 2021, at the start of the second week of registration we had 80.66 FTES enrolled, 12.3% of our 657 FTES Target

I kept enrollment graphs for 2019, 2020 and 2021 for some additional context.

I know some of you aren't as thrilled with raw data points and spreadsheets as I am, so I've created these handsome charts for your viewing enjoyment.

FALL 2022:

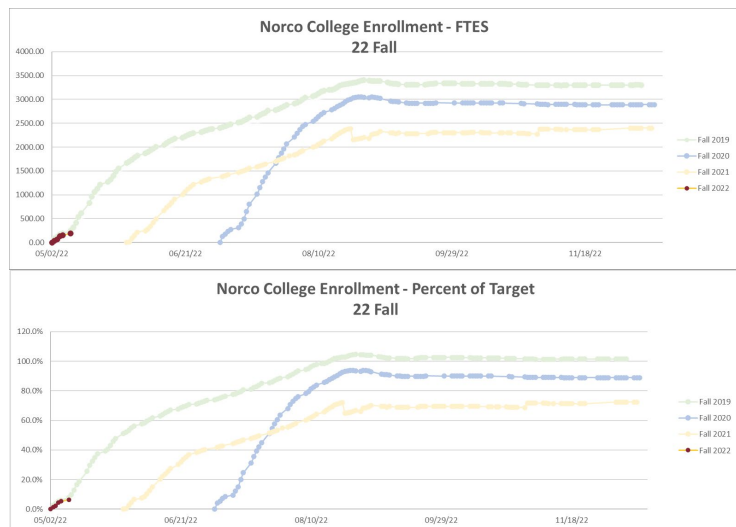

Today we have 187.71 FTES enrolled, 6.3% of our 2963.56 FTES Target. In Fall 2021, we had not yet begun enrollment so we cannot make any comparison just yet.

I kept enrollment graphs for 2019, 2020 and 2021 for some context.

I know some of you aren't as thrilled with raw data points and spreadsheets as I am, so I've created these handsome charts for your viewing enjoyment.

Spring 2022:

Today we have 2085.23 FTES enrolled, 70.3% of our 2,967 FTES Target. In Spring 2021 at the start of Week 12, we had 2260.70 FTES enrolled, 77.6% of our target 2,912 FTES Target. It is important to note we did not make our target last year!

In Spring 2020 (pre-COVID) we did make our target but there is not a good comparison because registration began four weeks earlier than we did this and last year.

I know some of you aren't as thrilled with raw data points and spreadsheets as I am, so I've created these handsome charts for your viewing enjoyment.
