WHAT TO DO AFTER THE ASSESSMENT TEST?

PLEASE NOTE, PRIOR TO THE NEXT STEP:

- 1. Your RCCD e-mail address must be active (Instructions are in the Student Handbook and online via WebAdvisor).
- 2. You will receive a notice in your RCCD e-mail within 1-2 RCCD working days to let you know your test is on your student record and you are cleared to do the 1ST Semester Ed Plan (SEP).

To complete the 1st **Semester Ed Plan (SEP),** point your Web browser to http://www.norcocollege.edu and click the "**WEBADVISOR**" link on the left-hand side then click "Log In". You will find the Educational Plan link in the lower right side of the student menu.

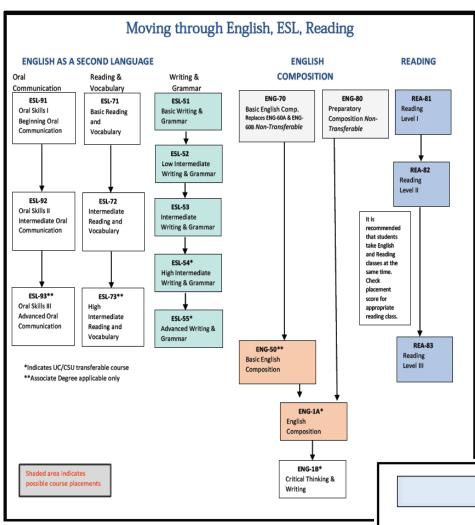

For log-in assistance, consult the <u>Student Handbook</u> or <u>WebAdvisor's</u> "Login Help" link.

If you need to use a computer on campus, there are open access computers for your use – ask a staff member for best location.

Make sure you have your assessment test results, paper and a pen or pencil during both steps.

After successfully completing *Orientation*, *Assessment*, and *Counseling* (*1*st *SEP*) you will be cleared to register for classes on or after your registration date and time. Please view your 1st SEP on WebAdvisor and use the list of suggested courses when registering for your first couple terms at RCCD.

If you have AP or IB credit – you must submit official records to Counseling.

- Courses are listed from lowest to highest.
- Both sequences show the order in which the courses must be completed.
- Your placements results will tell you what courses you will be able to start with.
- Be sure to speak to a counselor to determine the correct math requirement(s) for an associate degree or to transfer to UC or CSU.

Assessment Center Wilfred J. Airey Library (first floor) (951) 372-7176 norcoassessment@norcocollege.edu
