## High School vs. College

Being in college is different from being in high school. Let us show you how different it is:

<table>
<thead>
<tr>
<th>In High School</th>
<th>In College</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Time</strong></td>
<td></td>
</tr>
<tr>
<td>Others structure your time.  You can count on your parents and teachers to remind you of your responsibilities and to guide you in setting priorities.</td>
<td>You manage your own time. You will be faced with a large number of moral and ethical decisions you have not had to face previously. You must balance your responsibilities and set priorities.</td>
</tr>
<tr>
<td><strong>Classes</strong></td>
<td></td>
</tr>
<tr>
<td>You spend six hours each day – 30 hours a week – in class. Most of your classes are arranged for you. You are not responsible for knowing what it takes to graduate.</td>
<td>You arrange your own schedule and schedules tend to look lighter than they really are. Graduation requirements are complex and differ for different majors and goals. You are expected to know which requirements apply to you.</td>
</tr>
<tr>
<td><strong>Instructors</strong></td>
<td></td>
</tr>
<tr>
<td>Teachers approach you if they believe you need assistance. Teachers have been trained in teaching methods to assist in imparting knowledge to you. Teachers present materials to help you understand the material in the textbook. Teachers often take time to remind you of assignments and due dates.</td>
<td>Professors are open and helpful, but most expect you to initiate contact if you need help or assistance. Professors have been trained as experts in their particular areas of research. Professors may not follow the textbook. Instead, to amplify the test, they may give illustrations, provide background information, or discuss research about the topic you are studying. Professors expect you to read, save and consult the course syllabus for all test dates and assignment deadlines.</td>
</tr>

Helpful Hint: You may earn course equivalencies and/or course credit based on outside tests/coursework. Submit transcripts (AP, IB, high school, other college institutions) and see Counseling for more information.

<td><strong>Studying</strong></td>

</tr>
<tr>
<td>You may study outside of class as little as zero to two hours a week, and this may be mostly last minute test preparation.</td>
<td>You need to study at least two to three hours outside of class for each hour in class.</td>
</tr>
<tr>
<td>You often need to read or hear preparations only once to learn all you need to learn about them.</td>
<td></td>
</tr>
<tr>
<td><strong>Tests</strong></td>
<td></td>
</tr>
<tr>
<td>Make-up tests are often available.</td>
<td>Make-up tests are seldom an option; if they are, you need to request them.</td>
</tr>
<tr>
<td>Teachers frequently rearrange test dates to avoid conflicts with school events.</td>
<td>Professors in different courses usually schedule tests without regard to the demands of other courses or outside activities.</td>
</tr>
<tr>
<td>Testing is frequent and covers small amounts of material.</td>
<td>Testing is usually infrequent, often cumulative, covering large amounts of material.</td>
</tr>
<tr>
<td><strong>Grades</strong></td>
<td></td>
</tr>
<tr>
<td>Grades are given for most assigned work.</td>
<td>Grades may not be provided for all assigned work.</td>
</tr>
<tr>
<td>Initial test grades, especially when they are low, may not have an adverse effect on your overall grade.</td>
<td>Watch out for your first tests. These are usually “wake-up calls” to let you know what is expected but they also may account for a substantial part of your course grade. You may be shocked when you get your grades.</td>

   You will receive an email that will notify you if you qualified for the California College Promise Grant.

3. California College Promise Grant Policy
   The California Community Colleges Board of Governors approved a policy change that took effect in fall 2016 as part of the Student Success Act of 2012 (SB 1456). This change places conditions on eligibility for the California College Promise Grant (CCPG). Students must meet satisfactory academic and progress standards to be eligible to receive CCPG. This includes meeting a minimum of 2.0 cumulative GPA and completing more than 50% of the units attempted each fall and spring semester. Students with two consecutive semesters of not meeting academic and/or progress standards will lose their CCPG beginning in the fall of 2016. Foster youth are exempt from this change and will not lose CCPG eligibility based on academic probation.

   NOTE: Students with extenuating circumstances will have the opportunity to appeal the loss of the California College Promise Grant. A student may complete a CCPG appeal form with Admissions and Records. A notification of the processed appeal with an approved or denied decision will be emailed to the student.

   Helpful Hints to Complete the California College Promise Grant Application
   Don’t assume the CCPG will automatically pay your fees. Please check your payment deadlines on WebAdvisor in your Student Portal and be sure to pay outstanding fees. If fees are not paid by the deadline, you will be dropped from your classes.

   If you are CCPG eligible and have already paid your enrollment fees, you may request a refund from the Admissions and Records office. Enrollment fees will be refunded for the current semester only.

   If you are not CCPG eligible, you may still qualify for additional grants through FAFSA. Contact the Student Financial Services office for more information.

   1. Complete a FAFSA or CA DREAM Act application and submit a GPA verification form post-marked by deadlines dated above. (Ask the Financial Aid office how to submit your GPA electronically.)
   2. Create an account with CSAC to check your award status: https://mygrantinfo.csac.ca.gov.

What’s Your School?

At Norco College, our four schools are collections of Programs of Study that have related courses. Choosing a School helps you choose a program that is right for you, and being part of a School means you are part of a community of learners—other students just like you—with similar interests and goals.

Each school has dedicated counselors, faculty advisors, peer mentors and resources to help you choose your career and guided path to success.

Visit www.norcocollege.edu/schools for more information
Getting you to graduation takes a lot of resources, and you will need help. Student Education Plans (SEPs), counseling, mentoring, talking with your professors and your peers are all part of the journey.

Your school will help you with all those resources together in one place.

See your School Counselor to start you on your path to success.
Deciding on a career is one of the biggest decisions you’ll ever make and we’re here to help! The Norco College Career Center provides a variety of resources to guide and direct you through a proven career development process. See below for a brief description of the steps to this process and make an appointment with a college counselor today for career planning assistance.

1) Start with “Why”?

2) Self-assessment

3) Explore Careers

4) Evaluate Options

5) Decide!

6) Make Plans

7) Success!

**READY...**

1) **START WITH “WHY?”**: The first step in the career development process is to learn about how good decisions are made, acknowledge all of the external factors that influence your decisions, and assess the core values in your life that define what you would consider to be a satisfying career. The past experiences and future goals that drive you to succeed are what we call your “why” - your reasons for starting your educational journey and seeing it through to completion.

2) **SELF-ASSESSMENT**: Once you have a confident understanding of your life goals (Step 1), it’s time to assess your skills (what you are good at), interests (what you enjoy doing), and abilities (what you can achieve given realistic constraints). We recommend starting with the MicroSkills assessment at www.eureka.org (site ID: IUJRUYV). This information should be reviewed and interpreted by a professional who can help you synthesize these factors and explain how to use this information as you set your career goals.
Career Decision-Making Process

3) **EXPLORIE CAREERS:** At this step of the process you will begin to research and identify potential career options that align with your skills, interests, and abilities, while also fulfilling your values. Resources abound that provide career exploration data such as [www.onetonline.org](http://www.onetonline.org) or [www.eureka.org](http://www.eureka.org) (site ID: IUJRUYV). You should learn about various job titles within career fields and consider information regarding pay, job growth projections, and the educational preparation needed to enter the field. You will find that there are many good career options available, so make a list of up to seven careers that you would like to analyze further in Step 4.

SET...

4) **EVALUATE OPTIONS:** This is a critical step of the process where you will compare and contrast each career. The analysis should focus more on how the careers align with your values than how they compare to one another, but considering them as a group will make it easier to decide which is the best option for this time of your life.

5) **DECIDE!** Time to decide on a career goal! This is the part of the career development process where you select the best career option currently available and declare your career goal. We recommend setting a career goal using the SMART goal setting framework to make sure your goal is Specific, Measurable, Attainable, Relevant, and Time bound.

CAREER!

6) **MAKE PLANS:** Once you decide on the end goal, it is time to make some plans. Students are encouraged to meet with a counselor to create an education plan, but to also seek assistance with building plans for career/professional development and financial support. Job postings are a great place to find out what employers are currently requiring as experience and education for various positions, and you can use [www.linkedin.com](http://www.linkedin.com) to review the profiles of current professionals and take note of their paths to success.

7) **ACHIEVE SUCCESS!** Reach your goal by utilizing college resources offered to ensure your post-completion success! The Career Center offers employment services to help you prepare an effective resume, practice job interview skills, build a professional network, and more! The Transfer Center offers support to help you transfer to CSUs, UCs, out-of-state, and private universities.

**THE GAP:** The image used to represent our career development process is a circle with an opening after Step 7 and before Step 1. This “gap” serves as a reminder for the inevitability of life transitions. Even after making a firm career decision and achieving your career goals, life events will eventually occur that affect your values. This may include activities like starting a family, getting a new job, completing high school or college, becoming ill or disabled, or even entering retirement. As these life events change what you consider to be most important, your career path will need to be re-evaluated to determine if it still fulfills your values. If so, that’s great, and you should probably continue in the same career path, but if not, then we encourage you to take time to go through the career development process again starting at Step 1 to help you successfully identify new opportunities and decide which path is best for your future. Remember, most people change their career focus three or more times throughout their lifetime, so the key is to make the best career decisions you can today based on your current values and be ready to adapt and remain resilient as life events come your way.

California Community Colleges are now offering associate degrees for transfer (ADT's) to the CSU's. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree.

California Community College students who are awarded an ADT degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration (usually through a slight GPA bump) to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to a specific major or campus.

Students who have been awarded an ADT are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. Not all CSU campuses accept all of the AA-T/AS-T degrees. To view the most current list of Norco College Associate Degrees for Transfer and to find out which CSU campuses accept each degree you should meet with a Norco College counselor and also visit the websites listed below.

**Transfer Counseling:**
It is important to understand that the ADT degree is designed specifically for transfer and is different than other types of associate degrees offered at Norco College. If we do not offer an ADT degree for your major, you can still transfer to a CSU. Students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs. Proper planning early is essential to make sure you meet the transfer requirements.

Guide to Success
What are your educational goals?

When you have a clear picture, it’s easier to stay focused and make good choices for yourself.

Start by taking a few minutes to jot down answers to the following questions:

What do I hope to get out of college?

Goal Setting 101
Why are goals so important?

Goals help define where you’re going and what you want to accomplish, and make it easier to identify the necessary steps and choices. Long-term goals are important, but so are weekly and daily goals.

Helpful Hint: Don’t set too many goals. Break your goals into small steps – remember, Rome wasn’t built in a day. Take it one step at a time.

Abraham Estrada
High School: Eleanor Roosevelt High School
What brought you to Norco College: The family-like environment and the extra-curricular programs such as Umoja and Men of Color (MOC)
Major: Communications
Long-Term Goal: To become a High School English teacher and a Norco College Adjunct Professor.
Hobbies/Interests: Sports, video games, camping and traveling the country.
Manage Your Time

College offers opportunities, new chances, and many choices. If you know what you’re trying to accomplish, it’s easier to manage the possibilities and make good decisions.

What if you treated school like a 9-5 job—budgeted time in your daily schedule for classes, a couple of breaks, and a 30-minute lunch, and then used the rest of the “workday” for study time? Imagine how much free time you’d actually have each night if you dedicated a good portion of each day to reading, reviewing, studying, and homework. Need an office? The library might be a great office space to work from each day.

Making the Most of Time

College offers many options. Can you do everything? Of course not. Remember, time management isn’t about doing more things; it’s about doing the right things. The key is to plan.

1. List the things you need to do.
   You might make separate columns-“this month,” “this week,” “today,” “by the time I’m 80,” whatever. Write down assignments, work, personal stuff, errands, everything.

2. Determine how important and urgent everything is.
   Label each item with these two words (or their opposites): important, urgent. Important, meaning it matters. If it affects your final grade, your health, your relationships, or one of your goals, it’s important. Urgent, meaning it needs to be done now.

3. Number the items on your list.
   Things that are important and urgent get number 1s. The 2s will be things that are important but not urgent. Unimportant stuff (more and less urgent) get 3s and 4s.

4. Schedule.
   Use your agenda to help you keep track of your priorities for the month, the week, or the day. Copy the little numbers you assigned for each item on your list too, and stick to the 1-2-3 order when you actually get down to business.

5. Get to it.
   Put your plans into action. Do important things first so that they don’t become big issues.

Helpful Hint: Remember, one of the most important things you can do to be successful in school is to go to class.
Deciding How Many Units to Take

In order to determine how many units to take, you need to consider lifestyle factors such as:

- How many hours a week do you work?
- How much time do you need to devote to your other responsibilities like family and relationships?
- How much time do you need for traveling to and from school?
- How much time do you need for socializing, recreation and other interests?

After considering these factors, you have an idea of how many hours a week you can realistically devote to school. The following is a recommended formula to determine the total time required for success in a class: For each 1 unit of in-class time for lecture, schedule 2-3 hours per week for studying.

Example 1: For a 3-unit class you could expect the following:

<table>
<thead>
<tr>
<th>In-Class Time</th>
<th>3 hours per week (1 hr. for each unit)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Homework</td>
<td>+6 hours per week (2 hr. for each unit)</td>
</tr>
<tr>
<td>Total Time</td>
<td>= 9 hours per week for one 3 unit class</td>
</tr>
</tbody>
</table>

If you enroll in 12 units, you would need to budget 36 hours per week for schoolwork. That means, between attending class and completing assignments, you would need to commit a total of 36 hours per week to school.

Managing Work and School

If you are going to school and working, the maximum amount of work recommended is as follows:

<table>
<thead>
<tr>
<th>If you work 5-15 hours/week</th>
<th>Consider enrolling in no more than 16 units</th>
</tr>
</thead>
<tbody>
<tr>
<td>If you work 20 hours/week</td>
<td>Consider enrolling in no more than 12 units</td>
</tr>
<tr>
<td>If you work 30 hours/week</td>
<td>Consider enrolling in no more than 9 units</td>
</tr>
<tr>
<td>If you work 40 hours/week</td>
<td>Consider enrolling in no more than 6 units</td>
</tr>
</tbody>
</table>

Helpful Hint: Use your education plan found in EduNav or the one you developed with your counselor or advisor to determine how many units you should take in a semester.
With orientation and assessment behind you, you’re ready to begin your college experience. Creating a class schedule and choosing your courses will be one of the first things. In high school you may not have been given many choices, but college is different. Some schools offer literally thousands of classes. Deciding what to take can make even the most experienced student dizzy.

The following tips and strategies will help you in selecting your courses.

**Tip 1: Search on WebAdvisor**
Go to www.norcocollege.edu. Click on ‘WebAdvisor’ and login. Using WebAdvisor and EduNav you will find class names, titles, location, meeting information, units, faculty, and available capacity. By clicking on specific course sections you can find detailed information about the class including prerequisite requirements, and whether the class is part of a specialized program or group.

**Tip 2: Find a Balance of Hard and Easy Courses**
You may be eager to jump into difficult classes your first year, but beware of taking too many. You may not realize how challenging college courses can be, and how much reading and other work they require. And don’t forget that this will be your first semester on campus—you’re in for lots of changes. Too many hard courses can put a real strain on you and it will show in your grades.

**Tip 3: Find a Balance of Subject Areas**
You should also take subjects that require different kinds of work. For example, some classes, like literature and history, require a lot of reading, while others, like journalism, require lots of writing. And courses like math and science will have you solving problem sets. Choose a variety of subjects, so you’re not stuck writing five research papers or having to read five books in one week.

**Tip 4: Take an English or Math Course**
It’s in your best interest to take a English class or math class during your first semester, even if it’s not required. These skills will apply to other courses throughout college and whatever career you choose. See a counselor for help in picking the right class for you.

**Tip 5: Take Advantage of Counseling**
Make it a priority to meet with a counselor and develop a two-year Student Education Plan (SEP). Appointments are available by visiting the Counseling Department or going to the Counseling link found on www.norcocollege.edu. Students undecided on their career choice or needing help with being in college can also choose Guidance courses for additional support.

Waitlists and Add Codes

**Waitlists**
Before the beginning of the term, if a class is closed, you may place your name on a waitlist (if available). If a seat becomes available, you will automatically be added (provided you do not have any student holds and have met any prerequisites) and your student account will be charged with the enrollment fee. Please check your schedule regularly online at WebAdvisor and/or your RCCD email account to confirm your status.

Waitlisting ends midnight of the evening prior to the first class meeting. Registered students must attend the first day of class to avoid being dropped.

In order to receive a refund for a class, you must drop the class by the refund deadline, which is available on WebAdvisor.

**Add Codes**
If you are waitlisted for a class, you are encouraged to attend class the first day to see if space is available and the instructor is willing to add you. If authorization to add is approved, the instructor will provide a four-digit authorization code. Authorization codes are not valid on WebAdvisor until the first day of the class and expire on the course add deadline. You may use the authorization code to register on WebAdvisor or in person. Fees are due at the time of registration.

### GUIDED SELF-PLACEMENT

Per AB 705, students have the right to complete our locally developed process for self-placement in English, math, and English as a Second Language (ESL).

- For English guided self-placement, students who do not place into ENG-1A directly may visit: [www.norcocollage.edu/schools/arts/Pages/english.aspx](http://www.norcocollage.edu/schools/arts/Pages/english.aspx) and locate the section titled *How Am I Placed into English 1A vs. English 1A + 91?* to fill out the *English 91 Challenge/Opt-Out Form*.

- For math guided self-placement, students must visit with a counselor to discuss appropriate placement. In certain circumstances, some students will be referred to the math department chair for further assistance in self-placement. You can make an appointment with a counselor by visiting the Counseling webpage [https://www.norcocollage.edu/services/counseling/Pages/index.aspx](https://www.norcocollage.edu/services/counseling/Pages/index.aspx).

- For English as a Second Language (ESL) guided self-placement, students who feel they would benefit from English language instruction may visit: [https://www.norcocollage.edu/engagementcenter/Pages/ptesl.aspx](https://www.norcocollage.edu/engagementcenter/Pages/ptesl.aspx) to take the *ESL GSP*. 
Moving through English, ESL, and Reading

English Composition at Norco College:
Choosing the Best Path for You

Every student has the right to enroll directly into English 1A without taking English 91. If you would like more information on enrolling directly into English 1A without 91, see the challenge/opt in process at the Counseling Office.

- **ENG-1A** English Composition
- **ENG-1A** English Composition or
  **ENG-91** Academic Support for ENG-1A
- **ENG-1B** Critical Thinking and Writing

Note: Research shows that taking even one class below college-level composition (such as English 50) will make it less likely for students to complete English 1A in part because of the extra and often unnecessary semester in a non-transferable course. However, Norco College offers sections of English 50 for students who want to take an English course before they enroll in English 1A. No students are placed into or required to take English 50.

Academic Literacy and Reading

Transferable Reading Courses

- **ALR-3**
  Reading for Academic and Lifelong Literacy
  Reading 3 provides students with academic and multi-disciplinary (such as Humanities, Science, and Health Fields) reading strategies needed for success in college classes and beyond. This course meets the reading competency graduation requirement, and the CSU and RCCD lifelong learning Area E requirement.

- **ALR-4**
  College Reading as Critical Thinking
  Reading 4 provides students with argument analysis skills required for determining the validity of an author’s opinion. Students learn to critically evaluate all persuasive modes of discourse. This course meets the CSU Critical Thinking requirement.

Support Courses

- **ALR-83**
  College Reading & Thinking
  Reading 83 reviews reading skills and strategies to help prepare students for college reading. This course meets the reading competency requirement.

- **ALR-887**
  Reading Clinic
  Reading 887 is a non-credit self-paced course that provides practice on individually prescribed learning plans designed to improve and develop reading skills. Instruction is provided on an individualized basis in conferences.

Note: These are all individual courses that are not in a sequence.

Credit and non-credit courses offer the same material, often in the same classroom. Students who want degree credit, units, or transferable courses should take the credit courses.

Helpful Hint: Consider enrolling in Guidance 48: College Success Strategies. This class goes over time management, study skills, money management, and how to stay healthy in college.
Learning Styles

Now that you have your class schedule set, it’s time to refine your study skills and discover your learning style. Knowing your learning style will help you be successful in your classes; and refining your study skills will help you be successful in college.

Discover Your Learning Style
Someone gives you a phone number, but you don’t have a pen handy. How will you remember it?

<table>
<thead>
<tr>
<th>A. You repeat it out loud.</th>
<th>B. You picture it in your head.</th>
<th>C. You write it with your finger on your hand or some other surface.</th>
</tr>
</thead>
<tbody>
<tr>
<td>You might be an <strong>auditory learner</strong>.</td>
<td>You might be a <strong>visual learner</strong>.</td>
<td>You might be a <strong>tactile/kinesthetic learner</strong>.</td>
</tr>
</tbody>
</table>

**If you are an auditory learner...**
You remember stories better if you hear them than if you read them; can follow spoken instructions better than written ones; and say every word in your head as you read silently.

**If this is you, try...**
- Reading and repeating important points out loud
- Listing the steps of a task out loud
- Learning from lectures and tapes
- Discussing concepts with others

**If you are a visual learner...**
You learn best from reading; like to see things written out; and picture things in your head to remember them.

**If this is you, try...**
- Watching the instructor and taking notes during lectures to stay focused
- Drawing out diagrams, charts, or tables
- Organizing, rewriting, highlighting, or color-coding notes
- Visualizing words or facts to be memorized

**If you are a tactile/kinesthetic learner...**
You enjoy hands-on learning; you’re good at puzzles and mazes; and you can often put things together without instructions.

**If this is you, try...**
- Memorizing or drilling while walking, pacing, or exercising
- Making lists or writing things out several times
- Using computers and hands-on study aids
- Learning by doing and practicing, or by role-playing
Active Classroom Learning

Every class is different, every student learns differently, and every professor teaches differently. Some instructors have textbooks, some don’t. Some professors provide you PowerPoint lectures online before class, some don’t. Some professors allow you to voice record their lectures, and some don’t.

Below are some tips to get you started. Don’t be afraid to ask your instructor how he/she thinks you can learn the information best:

1. Be prepared. Have a pen, highlighters, textbook, and laptop.
2. Read notes and/or assignments before the next class meets.
3. Write notes in the textbook and highlight important topics.
4. When taking notes from the lecture, write down the main points.
5. Listen carefully during lectures and do not be afraid to ask questions related to the topic at hand.
6. Actively participate in classroom discussions.
7. Set up a study schedule (use the one we provided in this handbook) and follow it. Allow enough time for all your classes. This will help you avoid having to cram at the last minute.
Preparing for a Test

Before a test or exam, find out...

What type of test will it be? (multiple choice, essay...)

How much of your grade will it be worth?

What will be covered? Write down which topics and textbook chapters to study.

Gather all your materials (handouts, notes, books); organize them by topic.

Make a study schedule; remember, several shorter review periods help more than one panicky night-before study session.

If you plan to study with a group, do it well before the test.

Make study aids based on the type of test it will be (e.g., make flashcards of definitions. Make a “cram sheet” of formulas).

Try different study strategies:

Turn textbook headings into questions, and then answer them out loud or in your head.

Practice defining or explaining things in your own words.

Highlight key facts in your notes, using different colors for different types of facts.

Work through review questions.

Get a good night’s sleep – even if it means studying a bit less – and don’t skip breakfast.
Attendance
It is the responsibility of students to attend classes regularly. When students have been absent due to illness, they should report to their instructor to explain the absence as soon as possible. Your instructor reserves the right to administratively withdraw students who do not regularly attend. However, it is ultimately the student’s responsibility to officially withdraw from a class if they are no longer attending.

Withdrawals
A “W” or an “EW” on your transcript does not compute into your GPA, but excessive withdrawals will result in progress probation. Please refer to WebAdvisor at www.norcocollege.edu for withdrawal deadlines.

Incomplete
Students are not to re-enroll for a course in which a grade of “I” has been recorded. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an “I” symbol being entered on the student’s record. The condition for removal of the “I” shall be stated by the instructor. Students receiving an incomplete (I) may print out the incomplete contract at www.norcocollege.edu. Students have one year to complete an incomplete or the grade will become an “F” or whatever grade the instructor puts on the incomplete contract form.

Good Standing
Students are considered to be in good standing when they achieve a cumulative grade point average of 2.0 or higher and earn grades of “A,” “B,” or “C” in 50% or more in all coursework attempted.

Scholastic Honors at Commencement
Honors at commencement will be awarded to students with a cumulative GPA of 3.30 or higher. Their names are listed in the program as receiving an associate degree with distinction (3.30 GPA) or with great distinction (3.70 GPA). A silver tassel will be worn by students graduating with honors. Coursework taken during the final spring semester will not be used to calculate honors. Grade point averages are not rounded up. The cumulative GPA includes coursework taken within Riverside Community College District colleges and at all other accredited institutions.

Early Alert

Each fall and spring semesters, faculty have the opportunity to participate in Early Alert. Early Alert allows instructors teaching an eight-week or greater course to identify students who are showing signs of academic difficulty. Studies show that early interventions help to promote student success. By completing the Early Alert roster, faculty make recommendations for students to visit with their instructor, counselor, and/or tutor. Students are notified through their student email account. Students are encouraged to participate in the recommended services over the next two weeks.

If you receive an Early Alert notification, please do not ignore it. Take advantage of the opportunity to talk with your instructor and access our campus resources.
How To Calculate Your GPA

GPA
GPA stands for grade point average. Letter grades are given the following number values:
A-4, B-3, C-2, D-1, F-0, FW-0

Each class has a specific unit value. Multiplying the letter grade value by the unit value equals the grade points. To figure your GPA, divide the total number of grade points by the total number of units attempted.

Your GPA is calculated by dividing the total number of grade points earned by the total number of units attempted. Classes taken for credit/no-credit are not used in the calculation.

Grade points are awarded based on the following criteria:

<table>
<thead>
<tr>
<th>GRADE</th>

<tbody>
<tr>

Riverside Community College District adheres to the policies of the Family Educational Rights and Privacy Act (FERPA) when establishing and maintaining education records. Although the College applies the provisions of FERPA in a strict manner, the law allows the College to release student directory information. RCCD, based on FERPA regulations, designates as directory information the following: student’s name, major field of study, dates of attendance, enrollment status (e.g., full time/part time), participation in officially recognized activities and sports, weight and height of members of athletic teams, and degree and awards received.

Students have the opportunity to request that their directory information be maintained as confidential. In completing the admission application, students are provided this opportunity. Students who are continuing students at RCCD may go to the Student Services office and request to have directory information withheld.

The student’s prior written consent is not required to disclose non-directory information under specific conditions according to FERPA regulations. (Included under this provision is the ability to disclose education records to parents of a student under 18 years of age as defined in Section 152 of the Internal Revenue Code of 1986. Refer to www.norcocollege.edu/Pages/FERPA.aspx for more information.)
Family Educational Rights and Privacy Act (FERPA)

it is inaccurate or misleading. If RCCD decides not to amend the record as requested by the student, RCCD will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorized disclosure without consent. One exception which permits disclosure without consent is disclosure to college officials with legitimate educational interests. A college official is a person employed by RCCD in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom RCCD has contracted (such as an attorney, auditor, collection agent or agents or organizations conducting studies on behalf of the College); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another college official in performing his or her tasks. A college official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, RCCD discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by RCCD to comply with the requirements of FERPA.

The Riverside Community College District is dedicated to maintaining the absolute integrity of student records as well as protecting the student’s rights of access to those records. To this end, administrative regulations for granting of requests to inspect and review records are detailed in Board Policy 5040.

Students have the right to stop the use of their social security number in a manner otherwise prohibited by law by submitting a written request to Admissions and Records, along with a photo ID.

It is the responsibility of the student to update WebAdvisor to advise the Admissions and Records Office of any change in address or telephone number. Change of information forms are available at www.norcocollege.edu.

Tips on How to Be a Healthy Balanced Student

“Two rules for stress management:
  Rule one: Don’t sweat the small stuff.
  Rule two: It’s all small stuff.”

Robert Eliot

Learn to relax. Take minibrakes. Sit down and get comfortable. Slowly take a deep breath in, hold it; and then exhale very slowly. At the same time, let your shoulder muscles droop. Smile and say something positive like, “I am r-e-l-a-x-ed.”

Practice acceptance. Don’t let yourself get distressed over things you can’t change, like someone else’s feelings or beliefs. If something unjust bothers you, continue to act responsibly; but accept the fact that you cannot always make the world right.

Talk sensibly to yourself. Ask yourself whether this will matter a year or 20 years from now. See if you can let the negative thoughts go. Watch out for perfectionism. Everyone makes errors, including you and I.

Get organized. Make a schedule of daily activities that includes time for schoolwork, sleep, relationships and recreation. Use a daily things to do list.

Reduce time urgency. Allow plenty of time to get things done. Practice the notion of pace not race.

Disarm yourself. Adjust your approach to an event according to its demands. You don’t have to raise your voice in a simple discussion. Stop blaming, putting other people down, and trying to have the last word.

Quiet time. Balance your school, family, social, and work demands with special private times. Unwind by practicing a hobby, taking a quiet stroll, soaking in a hot bath, watching a sunset, or listening to calming music.

Eat sensibly. A balanced diet will provide all the necessary energy you will need to be mentally and physically alert to deal with stress. Put out the cigarettes—they restrict blood circulation and affect the stress response.

Talk to friends. Daily doses of conversation, regular social engagements, and occasional sharing of deep feelings and thoughts can reduce stress.

And Finally...

"The secret of health for both mind and body is not to mourn for the past, not to worry about the future, or not to anticipate trouble, but to live in the present moment wisely and earnestly.”

The Buddha

Understands That Students Have Rights

Students Rights and Responsibilities

Any student who does not meet a prerequisite or corequisite, or who is not permitted to enroll due to limitation on enrollment but who provides satisfactory evidence may seek entry into the course as follows:

1. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the District shall reserve a seat for the student and resolve the challenge within five (5) working days. If the challenge is upheld or the District fails to resolve the challenge within the five (5) working day period, then the student shall be allowed to enroll in the course.

2. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for the subsequent term.

Students wishing to utilize the challenge procedure must contact Counseling and complete the required matriculation appeals petition. Prerequisite and/or corequisites may be challenged based on the following criteria:

1. The prerequisite or corequisite has not been established in accordance with the District’s process for establishing prerequisites and corequisites;

2. The prerequisite or corequisite is in violation
A Successful Mustang:

of Title 5, section 55003;
3. The prerequisite or corequisite is either unlawfully discriminatory or is applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal of his or her education plan because the prerequisite or corequisite course has not been made reasonably available or such other grounds for challenge as may be established by the Board;
6. The student seeks to enroll and has not been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance, or one or more of the courses for which enrollment has been limited to a cohort of students;
7. The student seeks to enroll in a course that has a prerequisite established to protect health and safety, and the student demonstrates that he or she does not pose a threat to himself or herself or other.

The student has the obligation to provide satisfactory evidence that the challenge should be upheld. However, where facts essential to a determination of whether the student’s challenge should be upheld are or ought to be in the District’s own records, the District has the obligation to produce that information.

Diversity is encouraged and welcomed because RCCD recognizes that our differences as well as our commonalities promote integrity and resilience that prepares our students for the evolving and changing community we serve.

Nondiscrimination
The Riverside Community College District Board of Trustees has adopted policies and procedures that comply with federal and state laws relating to prohibition of discrimination and/or harassment on the basis of an actual, perceived or association with others’: disability, sex/gender, nationality, race or ethnicity, age (40+), religion, sexual orientation, marital status, Vietnam Veteran status or any characteristic listed or defined in section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (a) of section 422.6 of the Penal Code.

Prohibition of Harassment and Retaliation
All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation. It shall also be free of other unlawful harassment, including that which is based on actual or perceived disability, sex/gender, nationality, race or ethnicity, religion, sexual orientation, age, or any characteristic listed or defined in section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (a) of section 422.6 of the Penal Code.

This policy applies to all aspects of the academic environment, including, but not limited to, classroom conditions, grades, academic standing, employment opportunities, scholarships,
recommendations, disciplinary actions, and participation in any community college activity.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Retaliation may involve, but is not limited to, the making of reprisals or threats of reprisals, intimidation, coercion, discrimination or harassment following the initiation of an informal or formal complaint. Such conduct is illegal and constitutes a violation of this policy.

Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint, who refers a matter for investigation or complaint, who participates in an investigation, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of unlawful discrimination or harassment.

Complaint Process
In its goal to provide quality instruction and service, Norco College provides students access to appropriate College staff and administration to resolve questions and concerns about Norco College staff, policies, procedures, or other actions or inactions of the College. Norco College and its employees make every effort to serve students courteously and efficiently, including acting in accordance with college policies and state and federal laws. Individuals dissatisfied with a campus policy or the conduct of a college employee can bring a complaint, a written or verbal notice of dissatisfaction, to the attention of the appropriate faculty, staff, or administrator at any time. If a problem is identified, applicable remedies will be put in place as soon as possible. Before filing a complaint, individuals should make every effort to resolve their dissatisfaction informally with the college personnel immediately involved. If addressing an issue informally does not lead to satisfactory resolution, the individual may register a complaint with the appropriate supervisor or administrator in alignment with the appropriate administrative procedure below. Complaints escalating to this level must be submitted in writing so that the appropriate administrator can investigate your complaint and respond. Please refer to the following Riverside Community College District Administrative Policies or go to the following link on the Norco College website for more information: www.norcocollege.edu/Pages/Complaint-Procedures.aspx.

Riverside Community College District Administrative Procedure No. 3500(B) Student Services AP 3500(B) STUDENT GRIEVANCE PROCESS FOR INSTRUCTION AND GRADE RELATED MATTERS References: Education Code Section 76224 Title 5 Section 55024

I. General Provisions
1. Purpose: The purpose of the Student Grievance Procedure is to provide a means by which a student may pursue a complaint for an alleged violation of college or district policy concerning instruction or to appeal a grade. However, complaints regarding discrimination, harassment or retaliation are to be handled in accordance with Administrative Procedure 3435 titled Handling Complaints of Discrimination, Harassment or Retaliation.
2. Scope: Student grievances for matters other than for discipline such as, but not limited to, grade challenges and academic or program issues, will be processed in the following manner. Please note: Per Education code 76224, the instructor’s grade is final except in cases of mistake, fraud, bad faith, or incompetency. A grievable action is an action that is in violation of a written college or district policy or procedure, or an established practice. The basis of the grievance is that an action constitutes arbitrary, capricious, or unequal application of a written college or district policy or procedure or an established practice.
3. Confidentiality: To protect to the maximum extent possible, the privacy of individuals
who in good faith file legitimate grievances, these procedures will be considered confidential throughout initial consultation, preliminary and final review, and appeal, unless required to be disclosed pursuant to a court order or state or federal law. Confidentiality will also be afforded the respondent to avoid unwarranted damage to reputation. Breach of confidentiality by any party to the grievance is considered unethical conduct and may be subject to disciplinary action. However, those involved in the hearing process may seek consultation and/or guidance from the District’s General Counsel, or academic or student services administrators. There may be cases where disclosure of part or all of the proceedings and final outcome must be considered to provide a remedy to the student, to correct misperceptions of the reputations of parties to the grievance, or for the best interests of the institution. In these cases, if, and only if, deemed appropriate by majority vote of the grievance committee in concurrence by the President, public disclosure will be directed through the President’s office.

4. Protections for complainants: Any student has the right to seek redress under these procedures and to cooperate in an investigation or otherwise participate in these procedures without intimidation, threat of retaliation or retaliatory behavior. Any such behavior, verbal or written, in response to participation in the grievance process is prohibited and may be regarded as a basis for disciplinary action.

5. Abuse of process: A student must proceed with a complaint in good faith. Abuse of process, malicious complaints or frivolous complaints may be grounds for disciplinary action.

College Terms

**EduNav** – A degree planning tool to help students and their advisors navigate the path all the way to graduation. With EduNav, students plan and register for all their courses in a guided, intuitive system, personalized to the students needs and preferences.

**General Education/Breadth Requirement** – Course requirements, which students are expected to meet regardless of major field. The UC, CSU and many independent colleges have articulation agreements with Norco College, which allow students to complete their general education before they transfer on to universities. More information can be obtained through the Transfer Center.

**Impacted Programs** – Some majors, at some colleges, may be declared impacted because they receive more applications than program space allows. Applications for impacted programs may be required at a specific time and could entail a competitive selection process.

**Major** – A specialized field of study that a student chooses to pursue which leads to a degree and preparation for a career.

**Master's Degree** – A four-year degree, awarded upon completion of one or two years of study beyond the bachelor’s level.

**Midterms** – Tests given halfway through the semester to gauge how the student is progressing.

**Minor** – A secondary field of study outside of the major field. Some degree programs require a minor.

**Pass/No Pass** – A grading where students do not receive a letter grade for taking a course. Depending upon the student’s achievement in the class, Pass (P) or No Pass (NP) will appear on his/her transcripts. Deadlines for selecting Pass/No Pass are in the class schedule.

**Prerequisite** – A condition of enrollment a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

**Program of Study** – An organized program of courses within a discipline leading to an associate degree or certificate.

**Schedule of Classes** – A publication used during registration, providing the subject, description of course, course number, course title, units, time, instructor, and location of classes offered.

**Student Educational Plan (SEP)** – A SEP is a plan which lists the classes you will need to complete your educational goal at Norco College.

**Syllabus** – A description of a course which also lists the dates of major exams, assignments and projects.

**Transfer Program** – A community college program that provides the first two years of transferable credits (60-70 units) in preparation for the bachelor’s degree.

**Units/Credits** – What a student receives when completing a college course. Units are based upon the amount of hours spent in class.

**Waitlist** – A list formed after a course reaches maximum capacity of students expressing an interest to register for the class if a spot becomes available.

**WebAdvisor** – a Web interface that offers students access to student registration dates, registration and payment, grades, transcript requests, enrollment verifications, financial aid information, and much more.
