

22-23 STUDENT EMPLOYEE OF THE YEAR!

Christopher "Marty" Sanchez

"Christopher "Marty" Sanchez is an exceptional example of what it means to be driven and dedicated. He currently holds down four jobs (including The Corral on campus) and a full academic schedule. He is the president of Battery, Norco College's Drumline club, which he launched this semester. Not only did he spearhead the club's creation, but he has also been dedicated to recruiting and building a community of inclusiveness, just like in his everyday life. His peers admire Marty for his artistic prowess, drum skills, positive energy, knowledge, and self-motivation. As his instructor, supervisor, and club advisor, I think Marty is, without question, Student Employee of the Year with superpowers. His professionalism in all his interactions set an excellent example, and Music Industry Studies is blessed to have him as an integral part of our program and a core member of the Studio Arts Ensemble."

-Brady Kerr, Christopher's Supervisor

Thank you, Christopher, for being an outstanding Norco College Mustang!
