Motion Author: Edwin Romero

The Associated students of Norco College will consider utilizing \$2,500 for Executive contingencies to supplement the ASNC campus activities budget. The funds will be utilized to cover unforeseen costs in upcoming campus events.

Shawn: I would like to move to amend it to come out of Campus Activities rather than Executive Contingency.

Second: Aimee

Amendment: Approved Unanimously

Edwin: Last week, we learned that we will have to hire possibly three DJ's since the music industry won't be available. I would suggest increasing the amount to \$3,000

Aimee: I move to amend line item to read 3,000 from Campus Activities to be utilized for ASNC hosted events.

Second: Sarah

Approved Unanimously

MK: How much was Norchella planned to be?

Aimee: We imagined it to be \$12,000 but now there are a lot of unexpected expenses.

Shawn: There will be about \$4,500 left so they wouldn't use it all.

Edwin: There will be two rides Hang Glider and Ferris Wheel would cost \$11,000 and bathrooms would cost \$2,000 and stage costs \$2,000 so total is about \$15,000 so far.3

Tajza: Will clubs be involved?

Aimee: Yes, we have invited them.

MK: Have we invited sister colleges?

Aimee: Yes, they were invited to attend.

Sen3.14.02 Use of up to \$2,500 from line item 92117 and 92313 for commencement

Motion Author: Edwin Romero

(Action Item)

The Associated students of Norco College will consider use of line item 92117 (\$2,000) and 92313 (\$500) to purchase streamers for the commencement ceremony.

Motion: Aimee

Second: Rudy

Mark Hartley: Most important thing college is about is commencement. Commencement is the biggest event of the year. I am here to propose to move some money that isn't being used, for streamers. Two line items will be used; one for health services and the other for upper lounge. The health services line item we will be using \$2,000 from and the Upper Lounge one we will be using \$500 from. We ended up not using the full money since we already spent what we needed on the chairs for the lounge. We will be coming again to a Senate meeting later on to ask for money to fund a closet for people who need business outfits for an interview.

Nathaniel: How come we don't do fireworks?

Mark: We do that every 5 years and last time, it was done in 2016 so the next year that it would take place will be 2021.

President: My only concern is that last year there was wind, so instead of the streamers shooting upwards, they were shot and the wind took them in different directions.

Aimee: We should use all of the \$1000 for the clothes that are going to be a part of the upper lounge closet.

Mark: We only need \$500, not \$1,000 for that.

Aimee: I see it in the way that people can be using that money as part of the food pantry and other things that students need, instead of streamers.

Abe: The money was already gonna be spent so if it wasn't then we should help them have a good commencement, since it is leftover.

Edwin: It should be reconsidered about how they place the streamers.

Aimee: I think money could be used for something better as a whole and I know will they find the money for it and it would get funded in the end anyways, but i don't think it should come from ASNC's money.

Nathaniel: I believe we should use it since health services did not.

Moved to voting by MK

Second: Nathaniel

Aimee: I would like to amend the line item to be approved only if the positioning of the streamers is reconsidered to account for the wind.

Aimee: I withdraw my objection.

Autumn: Use of up to \$2,500 from line item 92117 and 92313 for commencement to be used if positioning of the streamers is reconsidered to account for the wind.

Approved by Majority
