Annual Instructional Program Review Update
Instructions

*Please retain this information for your discipline's/department's use (or forward to your chair).

The Annual Self-Study is conducted by each unit on each college and consists of an analysis of changes within the unit as well as significant new resource needs for staff, resources, facilities, and equipment. It should be **submitted *in draft* every year by March 15th** (or the first working day following the 15th), with final drafts due on **April 29th**, in anticipation of budget planning for the fiscal year, which begins July 1 of the *following* calendar year.

For Program Review data, please go to the following link:
http://www.norcocollege.edu/about/president/strategic-planning/programreview/Pages/index.aspx

The questions on the subsequent pages are intended to assist you in planning for your unit.

The forms that follow are separated into pages for ease of distribution to relevant subcommittees. **Please keep the pages separated** if possible (though part of the same electronic file), **with the headers as they appear**, and be sure to include your unit, contact person (this may change from topic to topic) and date on each page submitted. Don't let formatting concerns slow you down. If you have difficulty with formatting, Nicole C. Ramirez can adjust the document for you. Simply add responses to those questions that apply and forward the document to nicole.ramirez@norcocollege.edu with a request to format it appropriately.

If you cannot identify in which category your requests belong or if you have complex-funding requests please schedule an appointment with your college's Vice President for Business Services right away. They will assist you with estimating the cost of your requests. For simple requests such as the cost of a staff member, please e-mail your Vice President. It is vital to include cost estimates in your request forms. Each college uses its own prioritization system. Inquiries regarding that process should be directed to your Vice President.

Trends and Relevant Data

1. Have there been any changes in the status of your unit? (if not, please indicate with an "N/A")

    a. Has your unit shifted departments? NO

    b. Have any new certificates or complete programs been created by your unit? NO

    c. Have activities in other units impacted your unit? For example, a new Multi Media Grant could cause greater demand for Art courses.

       I don't believe there has been any negative impact from Spanish, Art, or Philosphy ADT's. In fact, Music has been able to grow to address and support student and program needs.

2. List your retention and success rates as well as your efficiency. Have there been any changes or significant trends in the data? If so, to what do you attribute these changes? Please list Distance Education, retention, success and efficiency separately.

Overall, the success rate seems stable between the last two yearly cycles. Next year, I will request data for individual classes, which will enable me to better assess success rates and strategies to improve where necessary. Retention rates have shown improvement year over year, and I feel they are strong. One possible scenario is that standards in MUS 19 and MUS 3 classes have been raised and that there has been a slight drop in success rate because of it: but, that students are responding to those standards and quality of instruction, as evidenced by higher retention rates.

I believe the drop in efficiency may reflect that more sections are being offered, and we are trying to find the right balance of course offerings and rotation. It also may be anomalous. I will be able to better evaluate next with additional and more specific data.

II. Norco College - Annual Assessment Update

Purpose – The purpose for completing an annual review is to provide an opportunity for reflection on all that has been accomplished and learned from your efforts in assessment. Assessments conducted in isolation from each other will yield interesting, important, or neutral information in and of themselves, but taking a holistic look back on the unit's accomplishment over the past year might also yield some insight. The annual review is a time to take stock of which courses and programs have undergone some scrutiny, and subsequently should help with planning for the upcoming year. This planning might include considering which other courses are ready for an initial assessment, or which might need a loop-closing assessment. Things we might learn in one cycle of assessment might actually help us to plan assessments in the next cycle, or might facilitate changes in other courses that weren't even included in the initial assessment. To this end, please complete the following with as much detail as possible. If you have any questions, please contact either Sarah Burnett at sarah.burnett@norcocollege.edu, or Greg Aycock at greg.aycock@norcocollege.edu.

1. Identify where you are in the cycle of SLO assessment for each course you assessed over the past year *(fall 2013 - spring 2014).* Each response will be individualized; this means each completed column might look a little different due to the nature of the cycle of assessment in which we engage. For example, you may have a course in which you are implementing improvements to close the loop on an initial assessment that was completed in a different year. You might also have a course that only has an initial assessment with report and you haven't yet completed any follow-up or improvement activities. Below you will see an example of how to fill in this section, and then a blank chart for your own responses.

Course number and name	SLO *Initial Assessments* and completed **Reports** (State each SLO e.g., SLO 1)	SLOs with *Improvements identified* (Identify the SLO with # of improvements in ( ) e.g., SLO 1(1), or SLO 3(0))	SLOs not needing improvement (assumed loop-closed), with clear reasoning as to why	SLOs involved in *Loop-Closing* assessment (state SLO and effect)
EAR 20 Child Development	SLO 1, SLO 3 (*Indicates the discipline assessed and wrote a report for both SLO 1 and 3 in the past year for this course)*	SLO 1(2) (*Indicates 2 adjustments were made to the course e.g., in materials, assignment, test questions, pedagogy, curriculum etc. Notice, nothing is stated for SLO 3 – suggesting no concerns were identified…see the next column…)*	SLO 3 – results meet discipline set standards of 75% success (*If no improvement is needed please state why in this column)*	SLO 1 – data indicate increased success after improvements were made (*This means a closing the loop assessment was completed on SLO 2 for EAR 20)*

The cycle of SLO assessment for Music is in the beginning stages. I've gathered a tremendous amount of data, but frankly, it's taken me a while to understand the assessment process and exactly how to approach it. The scope of the assessment for which I'm responsible is somewhat daunting: there are 27 courses and 130 SLO's to be assessed between Music and Commercial Music and I am the sole full time faculty for both of those disciplines. Although assessment reports were completed for the last Music Program Review, I'm revisiting all of the data. I'm developing a comprehensive plan for working through all the courses in a multi year cycle and doing my best to create a meaningful process. My plan is to finish compiling all of the data I currently have for Fall 2013 through the current Spring semester (2015), and implement changes in Fall 2015 and Spring 2016. For assessments that show improvement in Fall 2015 it may be possible to begin loop closing assessment in Spring 2016. Otherwise, some loop closing should begin no later than Fall of 2016.

3.   Please describe any changes you made in a course or a program as a response to an assessment. Please indicate the impact the changes had on student learning, student engagement, and/or your teaching. Talk about assessments (pull for last assessment report) N/A

4.   Can you identify any assessments that have prompted a change in perspective in the manner in which your discipline should modify the Course Outlines of Record (COR) or the Student Learning Outcomes (SLO)? Please expand on what you think should be modified.

In reviewing SLO's for planning assessment, it is clear that MUS 93 SLO's are poorly written and need considerable revision.

5. Have you shared your assessments, outcomes, improvements etc. with your discipline? How? If not, how do you plan to do so in the future?

Course Assessment will be discussed at discipline faculty meetings in Fall and Spring.

6. Did any of your assessments indicate that your discipline or program needs additional resources to support student learning? If so, please explain.

My preferred textbook for MUS 3 is prohibitively expensive for some students. Not having the text has effected student achievement regarding SLO's. Books need to be purchased for classroom use, or less expensive alternatives need to be found.

7. What additional support, training, etc. do you need in the coming year regarding assessment?

None
